

WEATHER REPORT.

Fair and colder to night and Friday.

COUNTY OFFICIAL PAPER.

CITY OFFICIAL PAPER.

VOL. 24.

PENDLETON, OREGON, THURSDAY, NOVEMBER 16, 1911.

NO. 7271

TEDDY URGES ENTIRE CHANGE

Flays Anti-trust Law and Advises Supervision of All Corporations.

RIDDLES FEDERAL COURT

Declares Government is in State of Chaos, as Result of Present Administration's Policy—Congressman Announces Completion of Bill.

New York, Nov. 16.—Urging complete governmental supervision of all corporations engaged in interstate commerce; declaring that he was not misled in permitting the United States corporation to absorb the Tennessee Coal and Iron company; attacking the United States circuit court of appeals for permitting the tobacco trust to reorganize under the plans proposed, and criticizing Attorney General Wickersham, former President Theodore Roosevelt in a copyrighted editorial in the current issue of the Outlook today demands a "square deal" for the big business corporations which remain within the pale of the law.

The editorial is one of the most caustic he has yet penned, and declares that neither the Sherman anti-trust law nor any modification of it can meet the situation confronting the government.

In part, Colonel Roosevelt writes: "The suit against the steel trust by the government has brought vividly before the people the need of reducing to order our chaotic government policy as regards business. As president, in messages to congress, I repeatedly called attention to the inadequacy of the anti-trust law."

Col. Roosevelt then lines up against Wickersham and the law officers of the administration, declaring that he was not deceived in permitting the Tennessee coal merger, which is one of the grounds on which Wickersham asked the dissolution of the United States Steel corporation.

Stripes for Trust Magnates.

Washington, Nov. 16.—"Felon stripes" as a punishment for "trust criminals" in the United States, to end "commercial piracy under benevolent rules of reason," are proposed in a bill amending the Sherman anti-trust law, drafted by Representative Henry of Texas, to be introduced in the house upon the opening of congress of next month. Its introduction probably will mean its passage in the house.

The bill specifically defines what constitutes a trust, translates from the present statute the "rule of reason" as interpreted by the supreme court in the Standard Oil and Tobacco decisions, and provides as punishment for violation of the law imprisonment from two to ten years in the penitentiary. It will be referred to the judiciary committee for deliberation.

COMMERCE COURT'S DOOM SEEMS SEALED

Washington, Nov. 16.—It is reported today that a sufficient number of United States senators have pledged themselves to abolish the commerce court, as a result of its action, in turning down the ruling of the interstate commerce commission, in the long and short haul clause fight.

The middle west and southern senators are determined to end the court's existence. If they fail to repeal the law creating it it is said, they will hold up the court appropriation next year.

TWENTY THOUSAND DOLLAR SLAUGHTER HOUSE TO BE CONSTRUCTED IN CITY

Pendleton is to have a modern, up-to-date, sanitary slaughter house and abattoir in the very near future, the site already having been selected, the plans made and the machinery on the scene. This was the announcement made at the meeting of the city council last night by Mayor Murphy when he asked that an ordinance extending the sewer to the proposed site be prepared.

The Pendleton Meat company, a corporation composed of a number of prominent business men interested in providing the public with pure meat, is responsible for the undertaking, and H. W. Schwarz president of the company, was present at the meeting of the aldermen last night.

To Cost Big Sum. As explained by him and the mayor, the abattoir is to be built on the north end of Hazel street in the west end of the city at a cost of between \$15,000 and \$20,000. Its purpose will be the slaughtering of animals for such

MURDER SUSPECT IS ALSO A BRAVE HERO

Wears Royal Decorations While Dodging Detectives

John Swann Caught in Frisco, After Chase of Ten Years by Sleuths of Scotland Yard.

San Francisco, Calif., Nov. 16.—John Swann, who wears the Victorian cross for bravery in the Boer war, and is suspected of being a murderer, for whom Scotland Yard has prosecuted a ten year search, and holder of a hero watch, presented by citizens of Seattle, for rescuing people from drowning in 1902, is undergoing the "third degree" here today.

His description exactly tallies with the description of a murderer on whose head, a circular found in his room says, \$5,000 reward is offered in South Africa.

The police are inclined to believe the man is a fakir and might have prepared the circular himself.

He was arrested on complaint of a woman who said he confessed to several robberies.

SMITH AND STROBLE IN ALDERMANIC RACE

With the filing of petitions nominating E. L. Smith for councilman from the fourth ward and V. Strobble from the third ward to succeed himself, it became certain today that the mayoralty fight will not be the only one to be decided at the December election.

Charles Cole has already entered the race for Councilman Strain's toga and, with Mr. Smith in the field for the same honor, the contest promises to be close. John Siebert filed his petition as a candidate from the third ward several days ago and will thus endeavor to lift Mr. Strobble's scalp. Mr. Smith's petition contained 60 names and Mr. Strobble's 24.

The petition of Will Moore, nominating him for re-election as water commissioner, was filed yesterday afternoon with 123 signatures. It is reported today that a petition nominating James Johns for the same position is being circulated and, if such a one is filed, there will be another fight for the voters to decide.

The petition nominating John E. Montgomery for councilman to succeed himself from the second ward has also been filed. It contains 77 signatures.

O. W. R. & N. MAY GET OPENING TO SEATTLE

North Yakima, Nov. 16.—Harriman officials have considered the construction of a ten mile tunnel through the Cascades to give an outlet to Seattle for the O. W. R. & N. in the Yakima valley, was an announcement today made by Judge Lovett, head of the Harriman system, who arrived here last night.

He said, however, the matter has not yet gone beyond the consideration stage, because it is impossible to know how much it would cost, but it is certain it would cost much.

Judge Lovett is accompanied by a number of prominent northwest officials of the system. Local railroaders believe the officials have the idea of the construction of a western extension, from North Yakima under consideration.

Episcopal Bishop Dies.

Philadelphia, Nov. 16.—Bishop Alexander Mackay Smith of the Episcopal diocese of Pennsylvania, died at his home here today of heart disease.

30,000 CHINESE TROOPS REVOLT

Slaughter Former Comrades on Learning of Butcheries at Nanking.

ENTIRE NAVY SURRENDERS

United States Pacific Fleet Suddenly Takes to Sea, Leaving Supplies on Dock, Presumably Bound for Orient—Five Vessels in Move.

Peking, Nov. 16.—More than thirty thousand Chinese troops, at Hung Chow revolted and defeated the imperialists in a pitched battle.

They are marching now on Nanking swearing to massacre every Manchu there, in revenge for the recent Chinese butcheries there.

Reports from Hung Chow say many Manchus were slaughtered.

The precise cause of the revolt was not given out but it is believed the Chinese rebelled and murdered their officers when the Nanking massacres were learned.

U. S. Navy Active.

San Diego, Calif., Nov. 16.—It is believed here that the Chinese situation is responsible for the sailing to San Francisco last night of the United States cruisers California, South Dakota and Maryland and the rush of operation in coaling the West Virginia and Colorado here.

The fleet under command of Admiral Thomas, sails for Honolulu during November and may proceed to the orient, according to rumors current here.

It was expected that the fleet would remain here until Saturday, to extend the courtesies to the British sloop, Algerine and Shearwater.

It was learned today that the cruisers left \$22,000 worth of provisions on the docks here. The supply ship Glacier taking the supplies on board will later overtake the war vessels and transfer the supplies.

Entire Chinese Navy Surrenders.

Tokio, Nov. 16.—The Japanese admiralty has been informed that the entire Chinese fleet has been surrendered to the rebels. Twelve cruisers and gunboats, it is declared, have gone over to the revolutionists at Chin Kiang, three at Tai Yeh, one at Che Foo and six on the lower Yangtze River.

Following the surrender of the imperialists, they were banqueted by the rebels at Chin Kiang.

Yuan Accepts Premiership.

Peking, Nov. 16.—Yuan has accepted the premiership, which he repeatedly intimated that he would not accept, but it will not prevent a meeting of representative men of the government called to arrange peace terms. Yuan expects the gathering to support reforms he will inaugurate if he does break with the emperor and declare himself president of the republic.

U. S. Alarmed.

Washington, Nov. 16.—After a two hour conference with President Taft, Secretary Knox today declared that a consultation of foreign representatives is being held in Peking, to decide whether they will ask their governments to send troops to China. Secretary Knox said the situation is acute and indicated that the United States government fears a repetition of the boxer outrage, when he said every step would be taken to prevent such an occurrence again.

Secretary Knox said the United States would not send troops unless other powers did.

Another Report.

London, Nov. 16.—The Japanese embassy here has received cables, saying the entire Chinese navy surrendered to the rebels. This is regarded as the severest blow dealt the Manchu government yet.

40,000 BUSHEL WHEAT SALE MADE

One of the biggest wheat sales of the season was made here today when J. W. Maloney, manager for the Farmers' Union Grain Agency, bought the crop of J. T. Lennell and son. The crop consists of 40,000 bushels of very fine wheat and it is understood that a price of 70 cents per bushel was given.

At this time the wheat market is quiet and the price is weaker than some weeks ago. The sale of the Lennell clip constitutes the only recent sale of much consequence.

Glaisyer Is To Wed.

Invitations have been received here to the wedding of Dr. Wallace Victor Glaisyer, of the bureau of animal industry, to Miss Inox Cora Johnson, daughter of Mr. and Mrs. Allin H. Johnson, of Tacoma. The wedding is to occur on Thursday, November 20, at the Johnson home at 3222 N. 26th street.

LABOR WANTS COMPENSATION

To Urge Congress to Pass Act Protecting Families of Laborers.

CIVIC BODIES CONDEMNED

Want Employers to Pay Dependents on Employees, Five Years' Wages, in Case of Accidental Death in Service—Also Free Speech for Clerks.

Atlanta, Nov. 16.—Receiving of delegates from foreign countries, presenting a report on British labor conditions, a decision to urge upon congress a workingmen's compensation law and a comprehensive resolution, condemning the civic federation, were among the important business matters considered at today's session of the American Federation of Labor.

The federation decided to urge upon congress the passage of a compensation act, giving a minimum of five years' wages to families of employees killed in service.

Another resolution, which will pass urges Senator La Follette's bill, giving government clerks the right of free speech.

TRIES SWINDLE ON PARENTS, IS JAILED

After attempting to swindle his parents out of \$200 by sending fake telegrams to them stating that he was insane in this city, and after having his game exposed by the police, being arrested and forced to spend the night in jail, E. L. Kiser is again at liberty due to the clemency of the relatives he tried to defraud.

Yesterday morning Chief of Police Gurdane received a telegram from Bonnie Kiser, Celina, Ohio, asking for confirmation of a telegram purporting to have been sent by George Walsh in this city, stating that his son, E. L. Kiser, was insane at the St. George hotel in this city.

The telegram was addressed to "Chief of police, Pendleton, Ore." but before an answer had been sent, Chief Gurdane received another from an attorney in Celina, addressed to "D. B. Gerdane, chief of police," informing him that \$200 had been telegraphed to him and asking him to leave by the first train with E. L. Kiser.

The chief's suspicions were aroused and late in the afternoon by the aid of Jack Blisset, night clerk of the St. George, Kiser was located and arrested. He admitted he had sent the Walsh telegram and failing to receive money in response had wired again signing Chief Gurdane's name to the message. When asked how he expected to get the \$200 from the chief, he stated that that was a point he had not figured out.

He was placed in jail and a night message apprising the parents of the fraud was sent. An answer came this morning requesting Chief Gurdane to pay Kiser's expenses, give him \$50 and send the remainder back.

WOULDBE DIVORCEE BREAKS DOWN ON STAND

Redwood City, Nov. 16.—A complete breakdown of Mrs. Lillian Moore, who is suing her millionaire husband for divorce, brought the case to a close this forenoon.

She had been on the stand all day and testified that her husband had beaten her and on one occasion, when he had asked her maid Lena to meet him in the city, he had shoved her head through a china closet.

She said she had smoked maybe two cigarettes in her life and that she owned a gold cigarette case which was given her by her husband.

TAR AND FEATHER MOB LEADERS PLEAD GUILTY

Lincoln Center, Kas., Nov. 16.—E. G. Clark, James Fitzwater and John Seranton, three prominent young men here, pleaded guilty to assault, when arraigned here today on a charge of tar and feathering Miss Chamberlain, a school teacher. Sentences was withheld until the end of the present court term.

Fire in Salt Lake City.

Ogden, Utah, Nov. 15.—The Eccles building was gutted by fire with a loss of \$300,000 and two fatally injured persons today. The business district was threatened but was saved by a heavy rain. A number of members of the Weber commercial club were rescued through windows.

Judge Lowell Buys Land.

By a deed filed with Recorder Burroughs today, Judge Stephen A. Lowell of this city has acquired possession of a twenty acre tract near Stanfield from Henry W. Coe and wife. The terms of the transaction are not made public.

COMPLAINANT IS MADE DEFENDANT

Men Indian Accused of Robbery, Freed---He is Given Fine

Charge of Cruelty to Animals After Dismissal of First Case Results in Conviction in Justice Court.

A case of the stinger getting stung twice in the same place was placed on the records of the justice court this morning when Judge Joe H. Parkes dismissed the assault charges against S. B. Reed, Charles Owens and S. D. Handran, assessed the costs of the action against the complaining witness, Albert Allen, and then, when Deputy District Attorney Pruitt filed charges of cruelty to animals against Allen, fined him \$10 more ad costs.

As chronicled yesterday Allen, who is a mixed-blood, came down from Adams and swore out a complaint against the three men, alleging that they had held him up on the streets of Adams Tuesday night, pulled him out of his buggy, and after beating him up, had robbed him of \$15. His own testimony this morning was to the same effect but the only support he had was a couple of black eyes.

The three men, however, testified that they had come upon Allen late in the evening beating his horses in an effort to make them pull his buggy back onto a small ridge off which two of the wheels had run. They offered him assistance, according to their testimony, and in return he slashed one of them across the face with his whip. This led to the assault, they said, after which they took his team and buggy to a livery barn and put it up for the night.

Judge Parkes deemed the defendants' story the straighter, promptly dismissed the case against them and assessed the costs, amounting to nearly \$10, against Allen.

The deputy district attorney immediately swore out a complaint charging Allen with cruelty to animals and he was fined ten dollars by the court.

DRESS SUIT ORDER HAS BEEN RECALLED

Here is joy for those who want to see the Sheehan grand opera company in "Love Tales of Hoffman" but do not want to get garbed in a white shirt front and the "customary black." The order calling for evening clothes and evening clothes only in the center aisle from A to J has been revoked. It is absolutely recalled and according to Manager Mitchell any gentleman with a taste for high class music and two dollars may secure one of the best seats in his newly garnished and remodelled playhouse.

The order revoking the decree for evening clothes in the cushioned seat section was given this morning and came as a result of a disinclination on the part of many theatergoers to wear their fine raiment on the coming occasion.

"I have found that there are not 90 people here who want to wear evening clothes at the grand opera and I also find many who criticize the plan to restrict the center section," said Mr. Mitchell this morning. "Inasmuch as I am conducting the theater largely for mercenary motives, I desire to sell the seats and so have abandoned the plan."

As matters now stand, the rule regarding the dress suits is taboed and those who attend the grand opera will be permitted to dress to suit their pleasure. There will be no ban on dress suits and there may be some in evidence. But dress suits will not be compulsory.

J. P. Walker, clerk of the local camp, W. O. W., and J. P. Hoyt, district organizer of the same order, went to Athena yesterday, Mr. Walker returning this morning, but Mr. Hoyt remaining to assist the Athena woodchoppers for a few days.

RALLY TONIGHT WILL HERALD FOOTBALL GAME WITH BAKER CITY TOMORROW

Heralding the greatest football game of the season this side of the Cascades, a gigantic rally, parade and bonfire is planned by the students of the high school tonight and the peace and quiet of city bids fair to be split in twain as the rooters seek to impress upon the citizens the significance of the Pendleton-Baker fray tomorrow afternoon.

The Baker stalwarts are scheduled to arrive in the city this evening and reports from their ranks indicate they are confident of winning the championship of eastern Oregon, but expect a hard contest. The local gladiators are in fine fettle for the coming struggle and believe they will wipe out the smirch of the 2 to 0 victory which the miners scored last season.

Coach Lytle has been putting his men through strenuous paces for man evenings and believes he has perfected a scoring machine that will win laurels for the school on the hill. The game will be called at 2:30 at Round-Up Park. In the evening victors and vanquished will be entertained in the Eagle-Woodman hall by a young men's dancing club.

The following will be the first line-up of the Pendleton team tomorrow: Sturdivant, center; Krebs and Pinnell, guards; Fee and Hampton, tackles; Thompson and McDonald, ends; Chapman, quarter; Houser and Jordan, half backs; Hinderman, full back; Strain, Straghan, Hoch, Williamson, Ferguson and Rugg, substitutes.

TRUST FIGHT IS ON TODAY

Last Technicality Raised by Packers is Being Thrashed Out.

ANTI-TRUST LAW AT STAKE

If Judge Kohlsaat "Should Happen" to Rule Against Corporations, Government May Forfeit Appeal to Supreme Court.

Chicago, Ill., Nov. 16.—In the hearing of the United States government versus J. O. O'Brien and nine other beef barons, before Judge Kohlsaat in the United States circuit court, today will be thrashed out the last technicality, raised by the packers to gain time in order to more effectually fight, impending jail sentences, for violation of the Sherman anti-trust law.

Judge Kohlsaat has already ruled that he can reverse a decision of a district judge in his own circuit, which establishes a precedent.

Today he will rule on the constitutionality of the penal provision of the anti-trust law.

The packers alleged the penal provision is unconstitutional, as it does not set a standard by which a violation of law can be measured, or in other words it is too indefinite.

If the government wins its fight before Judge Kohlsaat, it probably will be able to forestall an appeal by packers to the United States supreme court.

COURT RIDICULES DARROW WITH SMILE

Hall of Records, Los Angeles, Nov. 16.—A direct demand that Reverend Bob Burdette be cited by Judge Bordwell to explain his address yesterday at the dedication of the monument to twenty victims of the Los Angeles Times explosion, was made by Clarence Darrow today during the McNamara trial.

Rev. Burdette in speaking, said the men were "victims of the red hand of anarchy."

Judge Bordwell didn't reply and smilingly asked Attorney Darrow to continue with the case.

At the noon recess the attorneys were still trying to qualify the twelfth juror. Several talsmen were examined during the forenoon.

HELPLESS STEAMER PICKED UP AT SEA

San Francisco Nov. 16.—The derelict steamer, M. F. Plant, was taken in tow off Point Arena by the steamer Rosecrans today and is expected to reach here at midnight with forty-nine passengers aboard, who embarked at Seattle.

The steamer was rescued after "S. O. S." signals, by wireless telegraph told of her plight. The steamer was made helpless in a rough sea, as the tail shaft had broken, off Cape Mendocino.

Revolt Merely a Strike.

Mexico City, Nov. 16.—Troops have been ordered to Torreon, where it was reported that enemies of the President Madero had captured the town. Later advices indicate that a big strike in Ernesto, Madero's light rubber smelting plants, is the real cause of the disturbance.

Railroad Heads Indicted.

New York, Nov. 15.—It was declared in the federal building this afternoon that indictments have been returned by the federal grand jury against the officials of the Baltimore and Ohio and Lehigh Valley railroads on charges of rebating. Bench warrants have been issued for the railroad officials who are indicted.
