EASTERN OREGON ADDS NAMES TO LONG LIST

Prof. Wilson of Athens, Mentioned as Likely Candidate—Ex-Congressman Ellis to Try to Retain Office Won from Him by Lafferty.

Portland, Ore., Nov. 18.—Shifting political scenes in the Second Oregon congressional district, bringing several new candidates for congress into view, now present one of the most interesting situations among the many mix-ups to be fought out in the primaries next April. The counties of that district, comprising the territory east of the Cascades, are more prolific in possible candidates than any other section of the state.

Among the new names now being mentioned are John W. McCulloch of Ontario, George E. Davis of Vale and Jay H. Dobbin of Joseph. All of these men are well known and have demonstrated their strength in past campaigns, so the talk centering around them is enough to give concern to the friends of other candidates.

McCulloch is the district attorney of the Ninth district, including Grant, Harney and Malheur counties. Davis formerly was circuit judge and lived at Canyon City. Recently he moved to Vale.

Sheepmen's View.
When Davis ran for reelection last year it was charged by his friends that McCulloch knifed him and supported Dalton Biggs, the democratic nominee, who was elected. Now McCulloch and Davis are talked of as rivals for the congressional nomination, and as both reside in the same county, they would be able to stage an interesting affair.

Many of the sheepmen of the district are disgruntled with the Lafferty experiment, and would like to send a man to Washington closely in touch with their industry. There is said to be a move on foot to put State Senator J. N. Burgess as Pilot Rock in the fight as the sheepman's candidate, but it is reported that Burgess will not run.

Some of the sheepmen are turning to Jay H. Dobbin of Joseph, it is said. He is a wealthy sheep owner of Walla Walla county and is the newly elected president of the Oregon Woolgrowers' association. He is a self-made man who has made sheep pay.

Rusk is Candidate.
He represented Union and Walla counties in the legislature in 1905 and 1907 and is classed as a progressive, having signed Statement No. 1 last time he was elected. It is not certain that he will become a candidate.

J. P. Rusk, who took Dobbin's place in the legislature from Union and Walla, but now lives in La Grande, is an active candidate. He is speaker of the last house and is making the fight as a progressive. Another progressive who is likely to gather strong support if he enters the field is State Senator N. J. Sinnott of The Dalles.

Wilson May Run.
Besides these, there is talk that former Congressman W. R. Ellis will try to regain the seat he lost to Lafferty. There is also mention of former Judge R. R. Zutler of The Dalles, Emmett Calahan of Baker, S. Fred Wilson of Athens, George T. Cochran of La Grande, W. H. Brooke of Ontario, W. Lair Thompson of Lakeview and T. J. Mahoney of Heppner. With this list, to which others may be added, the eastern Oregon republicans have ample names to choose from.

SPORTS

Betting Denounced.
San Antonio, Tex., Nov. 18.—Betting on baseball games was scored as one of the greatest detriments to the game before the national association baseball leagues today. At the suggestion of President Baum of the Pacific Coast league, the attorney general of the United States, as well as the local authorities of the state will be petitioned to exercise their power to stop pool selling and other gambling devices affecting baseball.

Territorial jurisdiction and players' contracts were discussed today. It was pointed out that the rules, with respect to minor and major league territories, conflict and the national board of arbitration was instructed to adjust the matter with the national commission.

That negotiations are under way looking to the replacing of Hal Chase as manager of the New York Americans next season by Harry Wolverton manager of the Oakland team of the Pacific Coast league was persistently reported today. It is understood that Wolverton will confer with the directors of the New York club in Philadelphia next week. None of the parties interested would be quoted.

Mwaukee was selected as the meeting place of the association in 1912 and an "umpire" and "playground" days were endorsed.

Today the old time stars will play ball for charity.

For the east the batteries will be George Ledy and "Jim" O'Rourke, and for the west, "Bill" Bailey and "Happy" Hogan.

Others who will be in the line-up for the east team will be Charley Carey, 1b; Bill Clumber, 2b; Dick Pheasant, 3b; Jim Burke, ss; Horace Fogel, cf, and Charles E. Betts, rf. The left fielder has not yet been decided upon.

For the west team, Jack Holland will be on the first base; Frank Isbell, 2b; Harry Wolverton, 3b; Tip O'Neill, cf; Charles Murphy, rf.

A short stop and left fielder are to be chosen.

Wolverton Succeeds Chase.
San Antonio, Nov. 18.—Harry Wolverton will manage the New York Americans next year, succeeding Hal Chase, according to reports at the National Baseball association meeting here today.

Wolverton managed Oakland, in the Pacific Coast league, the last two years. He came from the Newark Eastern league team. Two years before he was with the Williamsport Tri-State league as manager, winning the pennant one year. He was with the Phillies until he went to Williamsport.

Dartmouth to Meet Harvard.
Boston, Nov. 18.—Dartmouth's husky football players came to Boston today prepared to meet Harvard. Indications point to a close contest, un-gauged football experts declare that seldom have the crimson and green been so well matched.

Annual Game Today.
New Haven, Conn., Nov. 18.—The annual football game between Yale and Princeton is being played today on Yale field. Nearly 35,000 spectators are present. Yale ruled favorite here but the odds were narrow. The Yale team had three quarters of an hour practice this morning but no risky scrimmages were permitted. Princeton will break off after this contest, but the Yale team will not have its final contest with Harvard until November 25.

HUNGRY JURY ACQUITS MAN.
"No Verdict, No Meal," Says Judge to San Bernardino.—After having been out all night, the jury in the case of George Adams whom the Mexican government charges with murder, sent word to Judge Bledsoe: "We cannot agree until we have had something to eat."
"The sooner you agree on a verdict the sooner you will eat," was the court's reply.
The jurors then offered to pay for their own breakfast, but Judge Bledsoe refused to permit them to leave the jury room.
Half an hour later Adams was acquitted and the jurymen went to breakfast.

Alums Accused of Killing a Mexican Section Hand.
The District Attorney moved to dismiss the case but the Mexican government engaged attorneys to prosecute him.

Russia as Sheep Raiser.
Moscow, Russia.—The number of sheep, as shown by the latest official report in European and Asiatic Russia, including western Siberia, is estimated at 60,000,000 head. Well authenticated trade estimates place the number at a few millions more, though the declination of flocks in the last five years through various causes has been considerable.

HORSE PUT OUT OF BUSINESS BY AUTOMOBILE COMMITS SUICIDE

Innovation Makes Him Peevish, But When He is Reduced to Hauling Baggage He Jumps Over a Seventy-Five Foot Precipice.

Greenwich, Conn.—Oscar, the one remaining cab horse of the Greenwich Cab company, committed suicide by plunging into Long Island sound. His act seemed deliberate and was undoubtedly premeditated. He had been suffering from an aggravated form of horse melancholia for weeks.

In his youth Oscar was a mettlesome steed and the cabs he drew traveled with electric speed. He knew all the old-time Greenwich commuters and could take them home without guidance. If the driver slept or was otherwise indisposed, Oscar got his fare home safely. If it was necessary to assist the fare into his cottage and the driver slept, Oscar would arouse the family by neighing. His midnight neigh, it is related, was well known to quite a number of families.

As the cab company began putting in automobiles and taxicabs Oscar became peevish. When he saw his old-time fares taking to the horseless vehicles he began to brood. First his left ear drooped and then his right ear came down. For the past year he had never smiled. He lost his appetite for oats and spurned hay. He grew very thin. Peevishness increased upon him and whenever he got an opportunity to bite an automobile he did so. Some time ago he was suspected of eating a taximeter.

Yesterday Oscar was compelled to haul trunks. That was the last straw. In the silence of his stall last night he undoubtedly planned his end.

When he was led out to a trough to drink he broke from the stableman, leaped over a fence and galloped to the edge of a precipice that has a sheer drop of seventy-five feet to the sound.

The heartbroken old nag turned his head only once, uttered a wistful neigh and plunged down the embankment. His neck was broken by the fall and he died instantly. He will have a decent burial, and many of his old fares are expected to send flowers.

Reports from Tripoli indicate that it is a religious war. But it is not very Christianlike.

Wilson May Run.
 Besides these, there is talk that former Congressman W. R. Ellis will try to regain the seat he lost to Lafferty. There is also mention of former Judge R. R. Zutler of The Dalles, Emmett Calahan of Baker, S. Fred Wilson of Athens, George T. Cochran of La Grande, W. H. Brooke of Ontario, W. Lair Thompson of Lakeview and T. J. Mahoney of Heppner. With this list, to which others may be added, the eastern Oregon republicans have ample names to choose from.

RULES AFFINITY IS OUTLAW.

Court Holds Erring Spouse May Testify for Mate.

Kansas City, Mo.—An affinity who invades the home is an outlaw and is not entitled to that protection of the law providing that husband and wife cannot be made to testify against each other at divorce proceedings.

This is the substance of a decision handed down in the Kansas City court of appeals in the case of *Berhard G. Schiffer of Clinton, Mo., who sued Elias C. Robinson, alleged to have been intimate with Mrs. Schiffer, for \$10,000 damages for breaking up the Schiffer home.*

A jury allowed Schiffer \$3,000 damages and Judge Johnson affirmed the case. Schiffer obtained a divorce from his wife. Then he sued Robinson for damages.

The testimony of Mrs. Schiffer was that Robinson paid her \$5,000 for an affidavit declaring him innocent of the affinity charge. Then Mrs. Schiffer testified in favor of her former husband in his damage suit. Robinson objected to her testimony, as it disclosed some of the secret relations of the Schiffer home.

5-DAY SLEEPER HAS RELAPSED

Tillie Williams Drops Off Again While at Moving Picture Show.

Goshen, N. Y.—Miss Tillie Williams of this village, who went to sleep after attending a dance at Music Hall three weeks ago and slumbered for five days, had a relapse while attending a moving picture show in the same hall. Miss Williams went to sleep in a chair while watching the pictures.

A physician was summoned and the young woman was removed in an auto to the home of her grandfather, Elias H. Case, on Greenwich street. It was believed she had entirely recovered from the effects of her last seizure.

Russia's Railways.

The total construction capital realized in bonds is \$1,288,440,000 for the state railways and \$917,730,000 for private roads, to which may be added \$1,045,450,000 for the building of state roads and \$13,390,000 for private railways, allotted by the imperial treasury.

OLD-TIME REMEDY DARKENS THE HAIR

From time immemorial, sage and sulphur have been used for the hair and scalp. Almost everyone knows of the value of such a combination for darkening the hair, for curing dandruff and falling hair, and for making the hair grow.

In olden times the only way to get a hair tonic of this sort was to brew in the home fireplace, a method which was troublesome and not always satisfactory. Nowadays almost every up-to-date druggist can supply his patrons with a ready-to-use product, skillfully compounded in perfectly equipped laboratories. The Wyeth Chemical company of New York put up an ideal remedy of this sort, called **Wyeth's Sage and Sulphur Hair Remedy**, and authorize druggists to sell it under guarantee that the money will be refunded if it fails to do exactly as represented.

If you have dandruff, or if your hair is turning gray or coming out, don't delay, but get a bottle of this remedy today, and see what a few days' treatment will do for you.

This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists.
