

SHEEP ADVANCE WAS SENSATIONAL

MUTTON IS SCARCE IN HOME TERRITORY

Cattle Market Takes a Decided Drop of Fifteen to Twenty Cents—Hogs Continue Steady—Chicago Quotes December Wheat Higher.

(From Friday's Journal.)
Extremely sensational was the sharp advance in the mutton market today when lambs sold at \$5, ewes at \$3.75 and yearling wethers at \$4.55. The advance was 15c for lambs, 25c for yearling wethers and 25c for ewes. The stock that came forward today to the mutton market was from Montana, a total of 2298 head being received from Hamilton.

Today's sales in the sheep market here show how scarce is good quality and that prices paid recently have been out of line with actual conditions.

With sheep very scarce in the home territory, buyers have been forced to go elsewhere for supplies and this is the first shipment of the present movement to come as far away as Montana.

Sheep values at North Portland:
Select lambs \$ 5.00
Choice lambs 4.75
Common lambs 4.00 @ 4.25
Yearling wethers 4.55
Old wethers 4.25
Fancy ewes 3.75
Ordinary 3.25

Cattle Market Down.
While no business was reported this morning for cattle, the trade was extremely weak this afternoon and top stuff would not bring over \$5.50 or \$5.60. None in the yards today would bring even this high figure. Buyers consider the market 15c to 20c lower than yesterday.

There was a weaker tone in the cattle trade at North Portland and during the morning no sales were reported. There was a liberal run of stock with quite a number in from Wyoming.

A number of carloads of Montana cows were switched off the stock train at Troutdale, being put on feed there owing to the congested condition of the trade here.

North Portland cattle market range:
Select steers \$ 5.75
Fancy steers 5.60
Choice steers 5.50
Feeders 4.55
Common steers 4.25
Fancy heifers 5.00
Feeder cows 3.25
Fancy bulls 4.25 @ 4.35
Good ordinary bulls 4.00
Stags 4.25
Fancy light calves 7.50
Medium calves 5.00 @ 5.60
Ordinary calves 4.00 @ 5.00

Hog Market Is Steady.
There was a steady tone in the hog market today with only a small run. Sales of top stuff were continued at \$6.70.

The market for swine was strong at Chicago with tops at \$6.70 today. This is the same price as ruling here.

North Portland swine trade today:
Best eastern Oregon \$ 6.70
Medium eastern Oregon 6.00
Best Willamette valley 6.60

Chicago Follows Liverpool.
Chicago, Nov. 18.—Wheat prices here followed closely after foreign markets yesterday. While there was an advance of 1-2c at the closing for December option, May and July each had a loss of 1-3c as compared with yesterday.

The news from Argentina was mixed in character and therefore the trade paid little attention to it. Liverpool was lower at the closing but there was dullness at other European centers.

HETTY GREEN SAYS SON CAN GO

Declares, However, That Texas Governor Hasn't Requisitioned "Ed."

New York.—Mrs. Hetty Green had a few words to say on the report that her son, Colonel Edward H. R. Green, had become tired of handling her millions and wanted to return to Texas and that the governor of the Lone Star state has suddenly realized how much he had missed the genial colonel from his staff and had decided to order him back.

"I certainly hope Ed will go back to Texas," said Mrs. Green, "for I have a railroad there; but this story that Governor Colquitt is going to order him back is nonsense.

"You mustn't believe all you hear or all that is told you. Why, away back in '45 the doctors told me I had not another year to live, but I could do a skirt dance in the moonlight now if I wanted to entertain you.

"Ed can go back if he wants to, and probably will, and I can go wherever I like. But Ed is big and heavy, and it's more trouble for him to travel than it is for me."

MRS. BIDDLE STARTLES PHILADELPHIA BY SMOKING

Philadelphia, Pa.—Mrs. Craig Biddle, one of Philadelphia's leading society women who is well known in New York, Newport and Hot Springs, Va., as well as other resorts of fashionable gatherings both in this country and abroad, created a sensation by smoking a cigarette at the Bellevue-Stratford hotel in full sight of hundreds of pedestrians along Broad street.

Mrs. Biddle, accompanied by her husband and another man and woman, arrived at the hotel and went to the restaurant where Mrs. Biddle took a seat at a window near the door on the Broad street side of the hotel. Mrs. Biddle lighted a cigarette and began puffing smoke in a careless and enjoyable manner.

For a time she escaped observation, but when passersby noticed that a woman held the cigarette a crowd of curious ones congregated. Mrs. Biddle was amused at the attention directed at her.

At the Bellevue-Stratford it was said that women frequently smoked in the palm room, but that this was the first time a woman was known to have smoked in the restaurant.

An Innovation in Oil Heaters

The Perfection Smokeless Oil Heater, with its drums enameled in turquoise, is an ornament to any room, whether in the country or city home.

No home is quite complete without a Perfection Oil Heater. It is a necessity in the fall and spring, when it is too warm to start the regular heating apparatus, and too cool to be without heat. In the midst of winter it is often convenient as an auxiliary heater, as there are always some cold corners in a house.

The enameled heater always presents a nice appearance, as the enamel will not "amish or burn off. It is not an "enamel paint," but it is the same as the enamel of your cooking utensils.

The Perfection is the most reliable and convenient portable heating device you can find. An automatically-locking flame spreader prevents turning the wick high enough to smoke.

Dealers everywhere. Ask yours to show you the Perfection Heater enameled; or write for descriptive circular to any agency of Standard Oil Company (Incorporated).
