Forester Eillott claims that the renting of large areas of eastern Oreon land to sheep owners has a tenency to reduce the wire loss, for the cason that sheep men will take good tre to protect their grazing grounds the face of danger from fire, while the landowner will not take the trou-ale to protect himself from loss,

CONGRESS MAY GO BEGGING FOR FIRM TO BUILD SHIPS

Decided Possibility That Eight Hour Law May Prevent Contractors From Bidding on Proposed Dreadnnughts.

Washington, D. C .- Peculiar interest traches to the announcement that he Navy Department is ready to re elve blds for the two new battlehips authorized at the last session congress, in view of the fact that here is a decided possibility that there will be no bidders. Jan 4, 1912, is the nte set for opening bids and the de artment announces that they will be ceived up to that hour.

Nearly all the private ship building oncerns in the country have mainined heretofore that the application f the eight hour law to battle-ship onstruction made it impossible for

INSECTICIDE GIVES HEALTH.

Prisoner, Who Drinks it With Intent to Die, Gains Appetite.

St. Louis, Mo .- A new appetizer has been discovered by a prisoner held in the Edwardsville jail by the grand jury for highway robbery. At the same time the reason why insects which infest the state and municipal nostelries grow fat and prosperous was revealed.

Lucius McKnight, the discoverer, being sick and tired of pail life, sighted a jar of insecticide in the prison corridor. He swallowed the contents ie had lacked. He ate an enormous meal and is none the worse for his experiment,
