Pure Food or Poor Food?

When so eminent a food expert as Dr. Wiley not only approves, but actually advocates the use of a product, you may be absolutely assured of its purity and healthfulness. In a recent speech Dr. Wiley commended in strongest terms the use of Cotton Oil as one of our most valuable food constituents, stating that undoubtedly better health would follow its general use. Cottolene—the perfect shortening—has been the leading product in Cotton Oil cooking fats for over a quarter of a century. You will find the doctors all with you when you use Cottolene in place of hog fat.
