COMPETING BOWLING TEAMS PLAY A TIE

CRYSTAL AND MOLITOR MEN ESTABLISH A RECORD

Second Contest of Rollers Tournament Ends With Score 2307 for Each—Twenty-Five Points Is Only Difference in Standing of Teams.

When the teams of Ray Crystal and Eugene Molitor had finished knocking down pins last night in their first clash of the bowling tournament, their scores were exactly the same, 2307. This is the first tie game that has ever been bowled in the local parlors and has been the subject of much comment.

Last night's battle was the second of the tournament, the other two teams having rolled a week ago. With each of the four teams having participated in one contest, there is but 25 points difference in the score of the high and low team. McDivitt's leading with 2310 and Hoover's in the rear with 2285.

H. Anderson emerged from the fray last night with high honors, having made the highest individual score and the highest average. The following is a tabulated score of the game:

Crystal	155	159	181	486
Stumpy	168	141	144	453
Goodman	155	128	173	456
Gentzer	126	171	124	421
Book	176	156	159	491
Total	789	746	781	2307
Molitor	152	159	154	465
Anderson	167	156	158	511
Gibson	145	137	164	446
Spencer	147	141	131	419
Butler	155	170	141	466
Total	768	763	778	2307

The next game of the tournament will be played Thursday night between the McDevitt and Crystal teams.

MEADOWS FARMERS PASS RESOLUTIONS

(Continued from page 2.)

been brought to bear upon the United States reclamation service, the department of the interior and the president of the United States in favor of the West Umatilla extension, through what has erroneously been made to appear as a patriotic interest in hav-

ing Oregon secure something which was being unjustly denied to her, and in most instances these influences and persons have not been informed as to the real merits of the proposition, or have been misinformed by selfishly prejudiced, private interests owning lands under the proposed West Umatilla extension;

Therefore Be It Resolved, That it be the sense of this meeting of farmers and land owners residing south and west of the towns of Hermiston, Stanfield and Echo, in the county of Umatilla, state of Oregon:

First—That we recommend that the John Day project be constructed because it is the most feasible and desirable of all irrigation projects yet proposed in the west;

Second—That we recommend that public officials, commercial clubs or individuals inform themselves thoroughly and reliably as to the lack of merit in the proposed West Umatilla extension as compared to the greater, better and more economical John Day project, before lending their endorsement to the former; and

Third—That we favor the immediate and unreserved abandonment and immediate official announcement of such unreserved abandonment of the proposed irrigation of the lands in what is known as the West Umatilla extension with waters from the Umatilla river, and the immediate releasing of all claims by the United States reclamation service to the flood waters of the Umatilla river and all of its tributaries above Stanfield for the irrigation of such West Umatilla extension.

Be It Further Resolved That the copies of these resolutions be forwarded by the president and secretary to the president of the United States, secretary of the interior, senators from Oregon, Oregon Development League and other interested persons and commercial bodies and given to the press.

Which resolutions were on motion duly put and carried and adopted.

Signed:

- O. D. TEEL, Pres., Hermiston, Ore.
- JOHN DORN Sec., Echo, Ore.
- G. L. HURD, Ass't Sec., Stanfield, Ore.

James Welsh Gets Judgment.

James Welsh, who sued W. P. Cullen, manager of the "Golden Girl" company when it was here for money due him and who attached the box office receipts, today secured a judgment by default. He was represented by Carter & Smythe.

Three Drunks in Court.

Judge Fitz Gerald this morning gave three drunks their option of spending three days in jail or paying five dollars. Two, Frank Parr and William True, chose the latter alternative because of a depletion of their exchequers, but H. Chapman was able to liquidate and was liberated.

Honorable Discharges Received.

Members in good standing of company L, 3rd Regiment, O. N. G., when it was mustered out are today receiving their honorable discharges from Colonel T. N. Dunbar of Portland. These papers will be of value to the ex-guardsmen should they ever again desire to re-enlist in the national guard, army or navy.

Sued to Enforce Judgment.

On the grounds that the superior court of Washington in the county of Walla Walla rendered him judgment against W. S. Ragain and wife, Mary Ragain, for \$659.95 and that they have refused to pay any part of that sum, George H. Powers, through his attorney, S. D. Peterson, today commenced suit in the local court for enforcement of the decree.

Two Bro's' Man Hurt.

Jack Dungan, well known employe of Twohy Bros., was crushed between two cars at Rufus Saturday and badly injured internally, according to a message received by friends in this city. He was taken to The Dalles hospital where he is receiving treatment. Mrs. Louis Cargill, a friend of Mrs. Dungan, left Sunday for the bedside of the injured man.

Make Application or Pay Cash.

It behooves property owners along the streets which are to be paved to make application this week for the privilege of paying the assessments against their property in ten annual installments else they will be required to pay the total amount in cash at once. The application blanks are all made out and are being held in the office of Recorder Fitz Gerald, where the signatures of the property owners and witnesses may be affixed.

Husband Tried to Kill Her.

Alleging that on two occasions her husband, Charles Matt, threatened to kill her and was only prevented from so doing in March, 1908, by the timely intervention of Lulu Snyder, Rosetta Matt of Freewater, today commenced action in the circuit court for legal separation. The complaint cites that they were married in Adams, January 4, 1906, and have one child, Robert Matt, aged 5, the custody of which she asks, also, S. D. Peterson is her representative.

To Prosecute Bunco Salesman.

W. L. Kirsten, general inspector for P. F. Collier and Sons, is in the city today trying to dispose of sets of books sent by his company here to fill bogus orders sent in by a salesman who is now in limbo at Portland awaiting his trial which is set for some time in January. The agent sent in over 500 orders to which were forged fictitious names and secured his commissions but fortunately was captured before he made his getaway. This is his third offense, according to Mr. Kirsten, and the company has sent its general inspector from New York to appear against the man at the trial.

Is R. R. Company Culpable.

Regarding the death of Ray Carpenter, former engineer on the Umatilla-Pendleton motor car, a dispatch from Dayton, the scene of his death, says:

"Saturday morning Coroner B. D. Wiltshire received a telegram from the railroad officials expressing dissatisfaction with the jury's verdict as to the cause of death and demanding an autopsy. Later in the day a second telegram was received from the same source, asking that nothing further be done in the matter. It is asserted here that the railroad does not sufficiently protect its motor watchman, as the car is kept in the open all night, the engine must be kept warm, and if the watchman is to keep from freezing in cold weather, he does so with the chances very much in favor of his succumbing from the poisonous gases generated in the operation of the gasoline engine."

Fine Orchestra is Here.

Music lovers of Pendleton will have an opportunity to hear some good orchestra selections this evening when the Bistolfi Italian orchestra of New York plays in the lobby of the Hotel Pendleton. The orchestra is now in the city and anticipated an engagement at one of the theaters. It is owing to failure to make such arrangements it is left without an appointment here. So it is announced that the organization will play in the lobby of the hotel this evening between 7 o'clock and 9. The Bistolfi orchestra known as the "multum in parvo" orchestra, plays such selections as "Grand March from Tannhauser," "Sextette from Lucia," "La Poloma," "Traumeri" and other classic selections.

Husband Cruel; Wants Divorce.

Attorney S. D. Peterson of Milton this morning filed a suit for divorce in which Oesta M. Darrin is plaintiff and her husband, William Darrin is defendant. Cruel and inhuman treatment is the grounds for the action and in substantiation, the complaint sets forth that they were married in Rockton, Wis., in 1886, and that about five years afterwards the

husband commenced upon a course of treatment that made life burdensome and intolerable, such treatment consisting in flying into fits of anger, cursing her, accusing her of infidelity, assaulting her and in refusing to secure her medicine when she was sick. Besides the divorce, plaintiff asks for the custody of their 14-year-old daughter, Mattie.

High School to Play The Dalles.

The Pendleton high school football team will not close its season with the Thanksgiving game with the all-stars, a contest with the stalwarts of The Dalles high school having been arranged for December 8 in the Wasco county seat. The Heppner team is also setting up a terrific howl for a chance to meet the claimants to the eastern Oregon championship, but so far no date has been arranged and it is improbable that one will. The local boys have not yet given up hope of securing a game with a Portland team and are still keeping up a communication to that end. Meanwhile they are practicing faithfully for the turkey day game in order to reduce the bump of egotism which they discern on the "has been" team.

Cowboy Band Horses Back.

The carload of horses which were used as mounts by the members of the Round-Up cowboy band at Spokane, yesterday, arrived back in the city on the N. P. train this morning, thus beating the boys back by a good many hours.
