M'NAMARA BROS. SUDDENLY PLEAD GUILTY AT LOS ANGELES

LOCALS BEAT HEPPNER 11

Eastern Oregon Football Championship Clinched by Score of 49 to 0.

CROSS GOAL LINE AT WILL

Although Having Advantage in Weight, Visitors Are at Mercy of Pendleton High School Team at All Times—Showing Was Miserable.

Effectually silencing the dispute over comparative claims to the eastern Oregon championship and reducing the self-admiration of the Heppner high school players to a negative quantity, the speedy team of the Pendleton high school yesterday afternoon administered an unmerciful drubbing to the Morrow county boys, winning the game by the overbalanced score of 49 to 0.

The showing of the Heppner boys was a miserable one in view of the fact that they had contested Pendleton's claim to the championship in a voice heard all over the state. They showed a woeful lack of knowledge of the rudiments of the game, and though larger than the local lads, they were completely at the mercy of the latter at all times.

Visitors Are Bewildered. The P. H. S. boys started the game with a rush and from first to last played the new style of game, mystifying the visitors by their rapid succession of forward passes and crisscrosses.

Indeed, Pendleton has never before seen such an exhibition of the open style play. Time after time Captain Hinderman hurled the inflated pigskin with remarkable precision into the waiting arms of Jordan, Fee or McDonald and these latter would rave toward the goal for big gains before being downed.

On one occasion after Pendleton had received the ball near her own goal line from the kickoff, four successive forward passes were executed for a touchdown.

The Heppner boys seemed totally unable to fathom the formations which resulted in these gains and allowed the same play to be worked again and again.

First Score in 2 Minutes. Pendleton's first touchdown came after two minutes of play. Upon receiving the ball from the kickoff, two forward passes, Hinderman to Jordan and Hinderman to Houser, took the pigskin to the visitors' 20-yard line. Two bucks by Hinderman placed the ball but a few feet from the goal line and Houser carried it over.

Pendleton then kicked off and the Heppner fullback, after returning the ball twenty yards, dropped it and Hampton fell on it. Houser then made a sensational thirty-five yard run and was on the three yard line when downed. Jordan and Hinderman easily bucking it over for the second score. Fee kicked goal.

Heppner's Only Chance. In the next few minutes, by virtue of holding the Pendleton team for downs the only time in the game, the recovery of a punt and a gain of twenty yards on one play, the Heppner lads had their only opportunity to score.

They attempted to place kick but the whole Pendleton team tore through the visitors' line and smothered ball and players. Coach Lytle's lads then took the spheroid and were well on their way toward

TAFT SUMMONS TARIFF BOARD

Split Among Members to Be Patched by President if Possible.

MAY URGE BILL HE VETOED

Expects to Submit Report of Investigators With Message to Congress Next Week—Democrats Are Preparing to Severely Ignore It.

Washington, D. C., Dec. 1.—Following reports of a split among members of the tariff board, President Taft today summoned Henry Emery and Alvin Sanders, board members, to talk of the situation with them. He postponed a cabinet meeting for it.

It is believed that President Taft will gain information from both, for the basis of a special wool message to congress, without waiting for the board's formal report.

It is considered significant that Reynolds, of the board, who favors a protective tariff, was not present while Sanders and Emery urge a tariff for revenue only, along the lines of the democratic bills which President Taft vetoed.

It is expected that Mr. Taft will propose a big reduction in the wool tariff.

This may be for the purpose of striking a balance between the protectionists and democrats. The cabinet will discuss the matter this afternoon.

President Taft expects to submit the report of the tariff board, which will be completed this week, with his message to congress.

The determination of the democratic leaders to ignore the report was made evident today when Congressman Underwood, democratic leader, announced his intention of calling the ways and means committee together immediately after congress meets.

"We'll give the president a reasonable time to submit the report," said Underwood, "and if it is not then in we will proceed with an investigation."

Emery and Sanders, after the conference, denied that there were "any serious differences" among the members of the tariff board.

It was announced that President Taft will send the report of the tariff board to congress December 11. He will also send a special message.

President Taft this afternoon denied that any split had occurred on the tariff board. He said the board's report would be facts and figures, without recommendations.

the enemies' goal again when the whistle for the first quarter blew. Score, Pendleton 11, Heppner 0.

The remainder of the quarters were repetitions of the first with the exception that the Morrow stalwarts never got in sight of their opponents' goal. Pendleton replaced several of her regular players with substitutes, but the change did not stop their onslaught. Touchdown after touchdown was made until the spectators lost count on the score.

At the end of the first half the local boys had increased their score to 27, the third quarter netted 11 more points and when the final whistle blew the routers counted 49.

Attendance at the game was good but most of the spectators were disappointed over the poor showing made by the visiting team. However, (Continued on page eight.)

Parliament Stands by American Official in Controversy

Russian Agents Make Repeated Attempts to Assassinate Shuster, in Opposing His Plans.

St. Petersburg Dec. 1.—(Bulletin)—Russia today ordered a detachment of troops, at Reshit 150 miles from Teheran, to advance on Teheran, where it is reported they are to take control of the city, unless the Russian demands, including the expulsion of Shuster, be satisfied.

Teheran, Persia, Dec. 1.—A bitter anti-Russian demonstration today followed the action of parliament, in refusing to agree to Russia's ultimatum, demanding the expulsion of Morgan Shuster, the American, who is treasurer general of Persia.

There have been repeated attempts to assassinate Shuster, whose supporters declare that Russia has placed a price on his head.

Shuster today admitted that several attempts had failed owing to the alertness of his guards.

Opposition to his scheme for the reorganization of Persia by both English and Russian agents caused Shuster to present his resignation, according to a report. This was however, officially denied.

Reported That One Juror Sworn Is to Become Involved in Bribery Case—Darrow Denies Franklin Bail.

Los Angeles Cal., Dec. 1.—District Attorney Fredericks asked a continuance of the McNamara trial until two o'clock, saying it was vitally necessary in the present case. Judge Berdwell allowed it. The twelfth venire of 50 was examined today. A number were not served. Fifteen qualified and twenty-three were excused.

Although Fredericks would not explain why the adjournment was asked it was accidentally learned that it was to make a further examination of the Franklin bribery case and the report was revived that important arrests are imminent.

Clarence Darrow today made an emphatic denial of the report that any McNamara defense funds were used to bail or aid Franklin.

A later report was circulated that today's developments might result in one of the sworn jurors in the case being re-examined, although this is not confirmed. The name of a certain juror was freely bandied about.

Darrow said he had absolutely no knowledge of the reasons for the adjournment.

LOS ANGELES SMELLS BAD; GARBAGE STRIKE

Los Angeles, Dec. 1.—The city is confronted with a situation paralleling the recent strike of garbage collectors in New York City as a result of a strike of the night garbage drivers who quit without notice.

PRESIDENT NOW SEES MANY OF HIS ERRORS

New York, Dec. 1.—Admitting that he would do some things differently if he had them to do again President Taft has given the Outlook an interview. He claims that much of the opposition he has encountered came from members of his own party in congress.

Regarding his famous Winona speech, in which he declared the Payne-Aldrich tariff the best ever framed he said he would have modified it to make it comparative instead of superlative.

He said: "I have been long convinced that we're overdoing the tariff business."

General Lo, commanding the rebels, has not announced his attitude toward the truce. If he accepts, the leaders will meet at Shanghai, to consider a settlement of the war and talk over a constitution, which Yuan will accept for the government.

It is reported that Yuan aspires to the throne, or at least the regency.

Closing in on Nanking. Shanghai, Dec. 1.—The rebel army is again closing in on Nanking and another battle is imminent, today's advisers state.

Italy seems to have a much harder job on her hands in the proposed conquest of Tripoli than she expected.

CONFESSION ENDS TRIAL

James Admits Destroying Times; John Dynamited Llewellyn Works.

TO BE SENTENCED DEC. 5

Attorneys for Defense Knew Six Months Ago That Clients Were Guilty and Decided on Guilty Plea When All Hope Had Vanished.

Los Angeles, Calif., Dec. 1.—(Bulletin.)—John J. McNamara, accused of destroying the Los Angeles Times building and causing the death of twenty-one employes, this afternoon at 2:15 o'clock entered a plea of guilty to the charge of placing dynamite under the building of the Llewellyn Iron Works and James B. plead guilty to destroying the Times building. Both will be sentenced December 5.

Los Angeles, Dec. 1.—For an hour before court convened this afternoon District Attorney Fredericks and Clarence Darrow chief counsel for the defense, were closeted with Judge Bordwell.

Then they emerged and Fredericks read the indictment, charging James B. McNamara with murder, in connection with the Times explosion. He asked McNamara if he withdrew his plea of "not guilty" and James said he did, then sank back in his chair.

At two in the afternoon, Fredericks read the indictment charging John J. McNamara with placing dynamite under the Llewellyn Iron Works and asked him if he withdrew his plea.

"Yes, sir, I do," said the noted labor leader. Both brothers will be sentenced on the morning of December 5 at 10 o'clock.

Confessing, James said: "I put the dynamite under the Times building.

"It must have hit a gas main because the terrible explosion scared me more than anyone else.

"I hadn't expected such great damage."

James can be hanged or imprisoned for life. John can be given a year or life imprisonment, as the court decides.

The sudden termination of the trial followed a day filled with rumors of the wildest order.

Darrow said: "For six months I've carried a terrific burden.

"We have sought every loophole, but recently I discovered all the evidence authorities had and I had further facts which made it more hopeless.

"The state had a sure case. Jim will tell all about it later."

Jim and John had previously decided to plead guilty when they should learn that the case was sure. Attorney Scott of the defense, admitted that the defense's attorneys knew the men were guilty. Deputy District Attorney Horton said: "And this will silence the labor leaders.

GERMAN EDITOR SOUNDS WAR WARNING AND FLAYS HIS OWN GOVERNMENT

Berlin, Dec. 1.—That war between Germany and England is a real danger and that German diplomatic moves of late years were a series of colossal blunders, particularly in the Moroccan controversy, was stated today by Maximilian Harben, editor of the Zankunft, one of the greatest living forces in German political life.

He said the Moroccan affairs intensified the Anglo-German bitterness, because the Germans believe England prevented a successful negotiation by Germany with France.

The editor said he favored a sane understanding with England, the first step being an agreement on the naval question. "The present insane rivalry causes

only bitterness," he said. "We say we build battleships to protect our foreign commerce. Does that deceive? Briefly the situation is due to the fact that Germany is under a personal government. You will find it consists of a few men, leading up to one man. I favor a parliamentary government, where the ministry retires when people lose faith in it."

\$90,000,000 for War-ships. Berlin, Dec. 1.—It was authoritatively learned tonight that the kaiser is secretly planning to spend \$90,000,000 for dreadnoughts, despite the announcement that Germany is contemplating no naval additions.
