BREAKS UP A COLD IN SEVERAL HOURS

A FEW DOSES END MOST SEVERE GRIPPE MISERY

There is not one grain of quinine in Pape's Cold Compound which, when taken every two hours, until three consecutive doses are taken, will surely end the gripe and break up the most severe cold, either in the head, chest, back, stomach or limbs. It promptly relieves the most miserable headache, dullness, head and nose stuffed up, feverishness, sneezing, sore throat, running of the nose, catarrhal affections, soreness, stiffness and rheumatic twinges.

Pape's Cold Compound is the result of three years' research at a cost of more than fifty thousand dollars, and contains no quinine, which we have conclusively demonstrated is not effective in the treatment of colds or gripe.

Take this harmless Compound as directed, with the knowledge that there is no other medicine made anywhere else in the world which will cure your cold or end gripe misery as promptly and without any other as 25-cent package of Pape's Cold Compound or had after-effects as a 25-cent package of Pape's Cold Compound, which any druggist in the world can supply.
