STRIKEBREAKERS ROW AT UMATILLA

BOAT GOES ON ROCKS AND IS BADLY DAMAGED

Sneak Thief Enters County Seaport Home During Absence of Family - Ladies' Aid Society Clears Neat Sum at Thanksgiving Dinner.

(Special Correspondence.) Umatilla, Ore., Dec. 4.—A number of strikebreakers started a rough house in one of the cars fitted up for them by the O. W. R. & N. company. They were arrested by Marshal Stephens and lodged in the jail over night. Each paid a fine of \$5 to the city and were then taken to Pendleton, charged with destroying company property.

Struck a Rock. The United States scow "Wallawa" struck a rock at low water just below the rapids four miles east of here on the Columbia and is now high and dry on the beach in a damaged condition. The boat will be towed into Umatilla and repairs will be made here, which it is said will take several months to make.

Dance Success. The Dance given by the local Redmen on Thanksgiving evening was the most successful yet given by the order. The hall was tastefully decorated in "Red Men" style and every effort of the committee in charge was crowned with success. Music by the Pendleton orchestra added to the success of the dance. The Red Men drill was a number on the long program and those who participated kept up the reputation of the Showaway boys have of being the best degree team in eastern Oregon. About seventy-five couples were in attendance, among those were guests from Pendleton, Walla Walla and Portland, as well as from the towns on the project.

Ladies' Aid Supper. The newly organized Ladies' Aid gave their first supper Thanksgiving evening. The ladies feel elated at their success. They netted \$50, which goes into a fund toward building a United church for Umatilla.

While Mrs. T. Ballard was attending the dance given by the Redmen Thursday evening, her apartments were broken into and thoroughly ransacked. The thieves were evidently not strangers to their surroundings, as the place in which Mrs. Ballard kept her money was more thoroughly ransacked than others. Nothing is missed and no clue as to who the intended thief is can be found.

SNOLKLANOD DRI ANVK NIVLEHNE THW ENVHOJIS

Spokane, Wash.—Though already chosen host for 10 national conventions, including the Grange, in 1912, Spokane will have the second National Country Life Congress and the fifth National Apple show and Enakops jubilee next fall. One of the features of the latter will be a band competition for substantial prizes, open to western organizations. It is planned to mass from 1,000 to 1,500 trained musicians in open air parades and public concerts. The apple show will occupy permanent quarters, to be erected at a cost of \$350,000, which also will house congresses and conventions.

The concert by 618 musicians composing 30 bands in Washington, Oregon, Idaho and Montana at the apple show on November 27, set a record for the number of players and proved a success in every way. Walter P. Eddis, postmaster of Spokane, who headed a committee in charge of the arrangements, announced today that not less than 50 and possibly 75 bands will be brought to Spokane next year.

The Inland Empire Federation of Commercial Clubs was organized with 38 chambers of commerce and boards of trade in Washington, Oregon and Idaho, representing 15,000 members. R. J. Maclean, secretary of the Spokane chamber of commerce and the federation, said today that it is expected to have 100 commercial organizations affiliated before the close of 1912.

The Contra! Fruit Marketing Exchange, composed of growers in the principal apple districts in Washington, Oregon, Idaho and Montana, will begin an active campaign in a few days to provide markets for the crop of 1912. The motto adopted is "Price is automatic if distribution is

WEST EXTENSION BOOSTERS AROUSED

(Special Correspondence.) Hermiston, Ore., Dec. 4.—The boosters of the West Umatilla extension are greatly incensed over the way the proposed extension is being fought. The Hermiston Herald comes out this week with an editorial in regard to this. Mr. Reeves states:

"That agitation against the proposed extension is not going to hasten the reclamation service to settle the matter either way, but will tend to drag things along. The proposition has been investigated by the engineers and they find it feasible, lack of funds alone preventing the work being started at once. Any movement that is started against it at this late date will not carry any weight. It would have two or three years ago."

Some of the people in other cities wonder why the Hermiston Commercial club does not answer those who are holding meetings and sending in memorials against the extension. It is simply a case where the Commercial club does not think that anything of this kind will have any weight, whatever, and is not important enough to take much notice of.

While in Portland this week Otto G. Sapper purchased the most of his stock for his new music store. Much of his line, however, will come direct from the factory in the east. He will carry several pianos, being the entire Star line. He will open his new store in the Skinner building, until his new place is built.

On December 23 Hermiston will be given a rare treat by the "Strollers," a quartette. In addition to the quartette there are several violin numbers.

Thursday a 10-pound son was born to Mr. and Mrs. Stork. The county court has allowed a new voting precinct east and north of Hermiston. Columbia school house will be the voting place. The new precinct starts at a point on the Columbia river, between sections 11 and 12, township 5 N. R. 29 E. W. M.

The ladies of the M. E. Aid society will give a bazaar commencing December 9, at the old Crawford office. These ladies have been working for nearly a year preparing for this and will have any amount of fine hand work articles to sell. The proceeds will go toward the church. A tea room has been arranged and an oyster supper will be given every evening during the sale.

Mr. Irvin, father of Howard T. Irvin of this city, left last evening for Walla Walla, where he will stay one day and then go to Canada, his home. He was accompanied by his nephew, who has also been visiting here for the past two weeks.

The Commercial club committee who has charge of the smoker to be held December 8, has sent out their invitations to the members of the club and their friends. This will be one of the largest gatherings to be held at Hermiston. Among the good features will be the Pendleton Commercial club quartette also there will be a good wrestling match. Dan P. Smythe of the Pendleton Commercial club, will be present. The Hermiston band will furnish the music for the evening.

The ladies of the Baptist church are making preparations to have a chicken supper at the church on December 6.

E. L. Wheeler has completed arrangements for a nursery at Hermiston. He has secured land from J. W. Crank and will commence at once to set out his trees.

REVIVAL TO CONTINUE. Christian Church Revival Will Hold at Least Another Week.

Although Mr. Ridenous, who has been aiding in the Christian church revival, is compelled to leave for other work today, the revival is to continue over at least another week. Mr. Holmes voiced the sentiments of the church going public, last night when he told of his keen regrets over the loss of Mr. Ridenous as a helper, but announced that he had secured Miss Linkenfelter, who has the reputation of being the best soloist on the coast today. She comes from Seattle and will reach Pendleton Tuesday to take part in Tuesday night's service, no service being held tonight. Her services are in great demand, and Mr. Holmes considers that he is extremely fortunate in being able to secure her on such short notice.

Yesterday was a fine day for the meeting. Some were baptised, others confessed Christ for the first time, and still others presented themselves for church membership, having been members elsewhere. In the remarkable thing in this meeting is that about half the converts thus far have been young men. The sermon last night was considered as one of the very best yet given by the evangelist. His theme was "The Sinless Christ." The subject announced for Tuesday night is "Seed Time and Harvest."

Saved His Wife's Life.

"My wife would have been in her grave today," writes O. H. Brown of Muscadine, Ala., "if it had not been for Dr. King's New Discovery. She was down in her bed, not able to get up without help. She had a severe bronchial trouble and a dreadful cough. I got a bottle of Dr. King's New Discovery and she soon began to mend, and was well in a short time." Infallible for coughs and colds, its the most reliable remedy on earth for desperate lung trouble, hemorrhages, la grippe, asthma, hay fever, croup and whooping cough. 50c, \$1.00. Trial bottle free. "The Squaw's Mistaken Love." American Pathé. An old miner leading some of the younger men across the mountains to the gold fields permits his daughter to accompany him in the disguise of a man. The Pastime. Where you see only the best in motion pictures. Tuesday's change of program: "An Accidental Outlaw." Lubin. A strange streak of fate turned a quiet cowboy into a desperado and stage robber and finally enabled him to win the prettiest girl in the country. "An Old Sweetheart of Mine." Edison. By James Whitcomb Riley. Adopted from the well known poem and carried out in a novel way the film conveys all the poetic feeling of
