AN OLD REMEDY FOR BLOOD POISON

For more than forty years S.S.S. has been curing Contagious Blood Poison in all its forms and stages, and is today, as it has always been, the safest as well as most reliable remedy for this disease. One reacuring Blood Poison is that it strengthens and builds up the stomach and digestive members while eradicating the poison from the blood. The greatest of all reasons however is because this medicine possesses just the proper ingredients, blended and compounded in such scientific proportion, as to make it the most perfect blood purifier ever placed upon the market. S. S. S. is made entirely of roots, herbs and barks, and in addition to its value as a remedy, is the one blood medicine which may be used without any bad effect, no matter how delicate the system. Not a particle of strong mineral or other harmful drug enters into its composition, and you can take it assured that it will cure you and at the same time build up your system.

Judge Lowell's calm assumption that he and Senator Bourne are to fight it out without interference is exciting serious thought among the pols not considered a late date for candidates for county or even state offices, it is generally recognized that blad of Astoria and W. It is the hope of Lowell's friends that the anti-Bourne sentiment will concentrate on their leader and not bring out a third candidate.
