

Fine Pianos Take A Fearful Fall

An Astounding Proposition--Why it Occurred. Lowest Prices Ever Seen in Print.

ARRANGEMENTS were completed last week, in compliance with instructions received from the piano manufacturers to the effect that our entire stock be turned into money or interest bearing paper at once. A long drawn out rehearsal of the several unforeseen circumstances that have compelled us to make this move would not be of general interest, and only occupy valuable space, so suffice it to say that our entire stock of pianos and organs must be disposed of before Monday, December 11th. There remains for us no other alternative. We have to close out every instrument in stock offering every piano and organ at such low figures as will dispose of them quicker than we could have them boxed, carted and shipped and in pursuance of this undertaking, we desire to frankly state that while we regret to quote such low prices as to disarrange the immediate future music trade here, we feel obliged to make such figures and favorable terms as will insure the sale of every instrument within the next twelve days at which time this store will be for rent and it shall be vacant.

In this stock are included some of the finest, most costly instruments to be had in America. New and beautiful Baby Grands and some 39 uprights and a most complete assortment of the latest 1911 and 1912 styles and designs, including the nation's greatest, the Chickering, and the world's renowned and justly celebrated Kimball, besides numerous other New York and Chicago makes the sale and distribution of which was controlled by this store.

THE PRICES

In order to protect the interests of the dealers who handle these makes of pianos, no prices at which these instruments are now for sale can be quoted here, but every new piano and organ will be sold at less than its actual factory cost. Discounts of from 10 to 15 per cent on the actual cash cost of instruments will be made on slightly shopworn or those that have been rented or become second hand.

You will find here now several square pianos for sale at \$47, \$60, strictly modern instrument with carved legs and round corners, worth \$100 and \$125, respectively at the lowest estimate. Several second hand uprights and used organs for a mere song. We must have them out of the way. One \$38 and one \$47 and one for \$56.

\$275 upright will go for \$174, these are well known New York makes and have never been sold East or West for less than \$275 heretofore. There are others that will go for still less money, though all are good reliable pianos.

The Chickering, the Sohmer, the Steck, the Kaakauer, the Story & Clark, the Kimball and other well known makes are the nation's highest grade and most renowned makes.

We offer tomorrow a strictly high class seven and one-third octave piano, beautiful polished plain panels, full swinging duet music desk, revolving lock board, continuous nickel hinges and three pedals (the third a soft or practicing pedal), for \$288 which is less than half price. A fancy mottled figured walnut or a most beautiful dappled San Domingo mahogany case costs \$36 more.

Some plainer, yet very beautiful instruments can be had for \$227 and for \$195. Almost \$200 below the lowest retail price of this grade of instrument in any other city.

Largest cabinet grand size, thoroughly warranted upright pianos, in Mahogany or Oak standing four feet nine inches high, with latest duet music desk, rolling fall board, three pedals and all up to date improvements, instruments that we guarantee can not be bought at the New York factory for less than \$350 each, go during this sale for \$227 and plainer styles for \$195. The dark and smaller cases are still less.

Another well known make, recognized everywhere in the trade as most honestly constructed, most perfectly finished and most durable piano made, in beautiful plain mahogany or quarter sawed oak cases, retail price \$150, now \$312, on easy terms.

ON EASY TERMS

WITH the exception of the four highest priced, very elaborately hand carved styles, the cost of which is over \$350 and on which terms of payment will not be made less than \$50 down and \$15 a month, all pianos are for sale on payment of \$15, \$20 or \$25 down and at the rate of \$8 or even \$6 per month, according to makes, styles and designs. Since all prices are based upon actual cash cost, those taking advantage of the above named easy terms, will pay interest on deferred payments at 8 per cent per annum.

Every piano or organ sold will be accompanied by the respective manufacturers' five years' warranty, duly countersigned, thus fully protecting a customer in every way.

This sale as above will be at 813 Main Street, and commences at 8 o'clock tomorrow morning and if everyone could realize the exact situation as it is, nothing would be left for sale after tomorrow. Store and office fixtures, typewriters, desks, etc., for sale for delivery in ten days and no decent offer will be rejected. Store open day and night till sale closes.

BAKER TEAM GLAD TO SEE PENDLETON WIN

Baker, Ore.—For the first time in several years the interscholastic football championship of eastern Oregon does not rest with the local high school. Baker, after going through the season without a defeat, lost the deciding game at Pendleton to the Pendleton high school by the score of 8 to 6. The local, however, had the satisfaction of playing a tie game with the southern Idaho champions, the Nampa high team, holding them to a 5 to 5 score on Thanksgiving day. Baker won easily from all eastern Oregon teams except La Grande, which team and Baker played a no-score game in a field covered with nearly a foot of snow.

The Baker team, however, is not inclined to feel sore over the result, believing that the honor should be passed around, and being fairly defeated in the "Round-Up" town, were satisfied to relinquish the title to Pendleton.

14-YEAR-OLD ADMITS SHE STOLE BABY FOR REWARD

Providence, R. I.—Fourteen-year-old Grace Studley, wearing a wedding ring which some man gave her for a joke, confessed to Chief Inspector Horton that she stole the ten-month-old baby of Julius and Nora Rubin of Attleboro, Mass., from the entrance of a department store. She said she stole the child in hope of getting a reward and did not know when she took it that it was that of a poor couple. She had been missing from home for two weeks and when her mother saw her at police headquarters the older woman was only restrained from spanking the girl when the detectives interfered.

The confession came wholly unexpected, after the police had tried several hours to get the little girl to tell the truth. She had stuck to her story that she met a man named Walter Johnson in the street, with the baby. But confronted by the infant's mother and father, she calmly admitted that she took the child, having been told that she might get a reward for it. Later she stated that no one had told her about a reward and she took the child entirely on her own responsibility.

"Now, tell the mother and father what you took their baby for," Inspector Horton finally urged.
"I thought I'd get a reward," was the simple answer.
The girl astonished the police not only by her youthful and apparently innocent appearance, but by the nonchalant and careless manner in which she answered questions and the apparent unconcern she showed.

BIG PUMPKIN HIS PRIDE.

Oregon Farmer Produces Three Whoppers on One Vine.
Albany, Ore.—Three pumpkins, each weighing eighty pounds, grew this summer on the same vine in the garden of R. A. Marsh, four miles south of Albany. Marsh brought two of the pumpkins to this city and placed them on display in local stores.
One pumpkin weighed seventy-nine and one-half pounds, and the other was larger. The third large pumpkin which is at least as large as the other two, still is on the vine, ripening.
A pumpkin weighing ninety-pounds which grew on the farm of H. T. Edders, in Benton county, about seven miles from Albany, is on display in the window of an Albany real estate office.

ORE. DAY AT LAND SHOW TO BE GOOD

Telegraphic advices received by Wm. McMurray, general passenger agent of the Oregon-Washington Railroad & Navigation company, from the O-W. R. & N. headquarters of the Land Show at Chicago, indicate that "Oregon Day," which is to be observed on Thursday next, the 7th, will likely be the most brilliant event of the entire season.

Several of Oregon's representative citizens will be present and are scheduled for stirring speeches. Twenty-four lectures will be delivered by the experts of the Harriman lecture bureau, most of which will relate and illustrate the advantages of Oregon for the homeseeker from the east. Selected specimens of the best products of Oregon orchards will be given to the public and every effort made by every department of the great exhibition to give Oregon the send-off that its resources and the energies of its people command.

The interest in the show continues, although it is now in its third week. To this date 329 lectures have been given in the big 320,000 theater or lecture room, maintained by the Union and Southern Pacific and on each occasion to a crowded house. The total attendance up to Sunday evening was 122,500 which is equal to 79 per cent of the total admission to the coliseum and 45,000 more than attended the lectures during the two weeks last year.

The voluntary testimony of exhibitors in the main hall is that these big lecture rooms are the best features of the show, and afford to Oregon as to other states of the great empire west of the Missouri very ample and unusual facilities for their orators and the everyday lecturers presenting in words and beautiful pictures the attractiveness of the empire beyond the Missouri.

All the various community booklets issued in such abundance from all parts of the northwest through the co-operative bureau of the Oregon-Washington Railroad & Navigation company are being handed out liberally from the literature department, a

Beware of Ointments for Catarrh That Contain Mercury.

as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free. Sold by Druggists. Price, 75c per bottle. KICKS HIMSELF INTO FAME; BOOTS FOOTBALL 30 MILES

Dan Sargent, Harvard Junior, Wins Bet by Covering Distance from Sphinx City to Ipswich Without Handling the Oval.
Cambridge, Mass.—Dan Sargent, a Harvard junior, literally kicked himself into fame when he booted an association football from Harvard to the town of Ipswich, thirty miles away. Sargent is of the "Goldcoasters" and comes from Wellesley, Mass.

In accordance with a bet made with Gordon Grant, a fellow collegian, and others, he was to kick the ball to Ipswich within twenty-four hours, but he went Grant several points better by finishing the course in eight hours flat, averaging four miles an hour and thereby breaking all football kicking records, plain and fancy.

Sargent, who is a member of the soccer team, is estimated to have won nearly \$1000. Grant ran from this city to Ipswich last week in six hours and thirty-four minutes. A remark by Sargent that this was not anything "to get fussed up over" led to Sargent's declaration that he could kick a football over that distance in a day.

Sargent, it was agreed, should not put hands on the ball unless it got into such an inaccessible place that

MILLIONS OF FOLKS USE ONLY CASCARETS

They Never Have Headache, Biliousness, Sluggish Liver or Bowels or a Sick, Sour Stomach.
No odds how bad your liver, stomach or bowels; how much your headaches, how miserable and uncomfortable you are from constipation, indigestion, biliousness and sluggish intestines—You always get the desired results with Cascarets and quickly too.

Don't let your stomach, liver and bowels make you miserable another moment; put an end to the headache, biliousness, dizziness, nervousness, sick, sour, gassy stomach, backache and all other distress; cleanse your inside organs of all the poison and effete matter which is producing the misery.
Take a Cascaret now; don't wait until bedtime. In all the world there is no remedy like this. A 10-cent box means health, happiness and a clear head for months. No more days of gloom and distress if you will take a Cascaret now and then. All druggists sell Cascarets. Don't forget the children—their little insides need a good, gentle cleansing, too.

The contest committee gave him that privilege. He nearly lost it in a brook in Middlesex Falls, but did not handle it.

The start was made at 3 a. m. from in front of the Sphinx club. Sargent wore ordinary clothes and rubber-soled leather shoes. He was accompanied by two automobiles filled with students.

"Could go twice as far," he said scornfully as he finished, fresh and strong.
