## INDICTMENT AGAINST E. G. LEWIS QUASHED

St. Louis, Dec. 7.—The indictment against E. G. Lewis the St. Louis and University City, Mo., publisher, banker, manufacturer and promoter, charging him with using the mails to defraud, was quashed by United States District Judge Trieber.

Lewis fought the postoffice inspectors' accusations vigorously, alleging that the charge developed from a spite against him held by George B. Cortelyou, then postmaster-general. He asserted that he was being persecuted by the postoffice department. A sen-

sation was caused when ex-third assistant Postmaster General Madden published a scathing criticism of the department for its charges against Lewis.

The various enterprises in which Lewis has been the promoter and dominating spirit during the last few years have involved millions. He published the National Woman's Daily, organized the American Women's League, of which he is president, the People's Savings Trust Company. Most of the Lewis enterprises were directed by him at a "city beautiful" community he established and known as University City. The buildings erected by the Lewis interests there are said to have cost \$2,000,000. Lewis has said that he is a victim of a conspiracy to ruin him begun in the postoffice department.

## PACKING HOGS ARE FIVE CENTS HIGHER

CONFIDENCE INSPIRED BY CHANGED SITUATION

No Cattle Receipts Recorded at North Portland and Market Shows More Strength—Lamb Advance a Quarter—Wheat Is Still Weak.

Packing hogs were 5c higher at \$6.85 for top stuff at North Portland. There was a run of 439 during the day, making the totals for the first three days of the week 1993, compared with 710 for the same week in 1910.

Hogs that weigh from 200 to 250 pounds are now bringing the top price. The change in sentiment, as noted in these columns yesterday, has left the lighter stuff from 5 to 10c under the heavier arrivals, while an opposite situation has been shown for many months up to this time.

Indications are that hogs are getting to the level where the packers can have some confidence in the future. While there was further weakness in east, due to the fact that the run continues heavier than a year ago the fact that packers there are taking the offerings at the decline is evidence that they are not inclined to look for any material drop within the immediate future.

**No Cattle Arrive.**  
There were no cattle offering in the yards at North Portland today and the small run of yesterday was cleaned up at that time. Receivers continue to quote the market as steady with only a nominal demand appearing. Packers continue to have all the cattle they need, their limited requirements being taken from the surplus in nearby feed lots.

**Lambs Advance a Quarter.**  
An advance of 25c was forced in the mutton market today when a small number of lambs sold at \$5. Entire supplies offering in the sheep pens today consisted of 21 lambs and these were the only ones that brought the advance.

Good quality is in demand in the mutton trade; the sale of today confirming this forecast.

Chicago, Dec. 7.—Wheat market weakened yesterday and closed unchanged to 3-8c lower, after opening unchanged to 1-4c under Tuesday.

There was a weaker tone abroad, cables, as a rule, being lower than Tuesday. This added to the drop in Buenos Ayres market and added to the bearishness of the pit crowd.

Minneapolis reported the cash wheat demand fair, with millers and elevators buying moderately.

## WESTON IS OFF THE WATER WAGON

THREE YEARS "DROUGHT" ENDED BY GOOD MAJORITY

H. A. Brand Selected Mayor and Carries Unopposed Candidates into Office—Saloon License Ordinance Expected Soon.

Weston, Ore., Dec. 7.—Weston went wet by a vote of 75 to 35, after being ostensibly on the dry basis since June, 1908, when the prohibition wave swept over Oregon and 42 saloons were put out of business in Umatilla county. No active campaign was made by either side, and election day passed with no unpleasant incident.

The attorney general ruled that an election here under the home rule law would be irregular because the precinct boundaries had not been established by the county court, but local authorities decided to hold it anyway and ascertain community sentiment.

A large traffic in near beer has been carried on for several years without revenue to the city. Ordinance No. 197, fixing the license for the sale of this beverage at \$1000 per annum was carried by a vote of 69 to 39.

mayor; J. M. Ashworth, G. DeGraw, L. B. Davis, F. H. Beate councilmen; L. R. Van Winkle, recorder; S. A. Barnes, treasurer.

It is considered likely that the new council will now pass a saloon license ordinance, imposing strict regulations.

## JOHN DAY PROJECT CLASSED AS DREAM

Washington, Dec. 7.—Protests continue to pour in against the west extension of the Umatilla project. The Stanfield Commercial club sends another set of resolutions setting forth the objections of the farmers near Pilot Rock to the government proceeding with the extension, advising instead the construction of the so-called John Day project.

It is understood here there is no John Day project. The government never got beyond an estimate for it, which was about \$22,000,000, the canals to cover 200,000 acres. Those figures, however, were only an estimate. Actual construction would likely entail expense exceeding that sum.

It is manifestly impracticable to direct serious attention to the so-called John Day project. And many here whose interest is deep in advancing irrigation in Oregon have declared that the opposition so far, has not only been mysterious but absurd as well.

In the absence of legislation these persons are forced to the conclusion that some hidden interest has prompted the flood of mere objections. It is believed that individual farmers in most instances are perfectly sincere in their opposition, but that they have been told things not, exactly squaring with the facts regarding the effect of construction on certain private concerns which the west extension would produce. It is also held here that the highest interest of the greatest number makes the west extension a project that should be pushed to the earliest possible completion.

Inasmuch as congress would have an additional \$15,000,000 to expend if Borah's bill providing for certificates of indebtedness should pass the tangle produced by these protests seems especially unfortunate to friends of Oregon development at the capital.

## Feet So Sore Couldn't Walk Down Stairs— TIZ CURED HER QUICK.

If you have sore feet, tired feet, sweaty feet, lame feet, tender feet, smelly feet, corns, callouses, or bunions, read what happened to Mrs. Crockett, of Jeffersonville. TIZ DID IT. Mr. Crockett says: "After the second treatment she walked downstairs one foot at a time. She has not been able to walk down stairs before in the past five years, except by stepping down on each step with one foot at a time. This is remarkable. Send five more boxes."

No matter what ails your feet or what under heaven you have used without getting relief, just use TIZ. It's different. It acts right off. It cures sore feet to stay cured. It's the only foot remedy ever made which acts on the principle of drawing out all the poisonous exudations which cause sore feet. Powders and other remedies merely clog up the pores. TIZ cleans them out and keeps them clean. You will feel better and the first time it's used. Use it a week and you can forget you ever had sore feet. There is nothing on earth that can compare with it. TIZ is for sale at all druggists, 25c per box, or direct, if you wish, from Walter Luther Dodge & Co., Chicago, Ill.

## No Man is Stronger Than His Stomach

A strong man is strong all over. No man can be strong who is suffering from weak stomach with its consequent indigestion, or from some other disease of the stomach and its associated organs, which impairs digestion and nutrition. For when the stomach is weak or diseased there is a loss of the nutrition contained in food, which is the source of all physical strength. When a man "doesn't feel just right," when he doesn't sleep well, has an uncomfortable feeling in the stomach after eating, is languid, nervous, irritable and despondent, he is losing the nutrition needed to make strength.

Such a man should use Dr. Pierce's Golden Medical Discovery. It cures diseases of the stomach and other organs of digestion and nutrition. It enriches the blood, invigorates the liver, strengthens the kidneys, nourishes the nerves, and so GIVES HEALTH AND STRENGTH TO THE WHOLE BODY.

You can't afford to accept a secret nostrum as a substitute for this non-alcoholic medicine of known composition, not even though the urgent dealer may thereby make a little bigger profit. Ingredients printed on wrapper.
