

EVERY PIANO WILL BE SOLD BEFORE THE TIME LIMIT

Tremendous Selling Is Now Going On

This has been a period of unusual offerings in the closing out sale of the largest assortment of pianos ever shown in Pendleton. The opportunity presented whereby private individuals could purchase fine, new pianos on easy terms for less money than dealers ordinarily buy them for cash.

As has been stated in our previous announcements this entire stock of pianos and organs must be closed out by Dec. 11th, and it will be; there are urgent reasons for it. The latest 1911 and some advanced styles for 1912 of some dozen different makes of fine pianos are to be found on our floor, in all the various choice and fancy woods used only in high grade, up to date piano building. These famous makes, the very cream of America's greatest factories, are now being sacrificed at prices that even dealers will be bidding on this stock as soon as word reaches them. Here is a golden opportunity. The chance of a lifetime to secure a highest grade fully warranted piano at bare makers cost.

Hurry You Must--

So great has been the tide of buyers that the stock is fast being swept away. Come now at once while the assortment is still good. Saturday every farmer in Umatilla county without a piano will be here and our five salesmen will be kept busy from early morning until late. A score of orders to hold certain styles have come in over the phone. These are held only long enough to get a deposit by first incoming mail to us. The very piano you want may be gone if you delay, so our advise is come at once.

The Prices

In order to protect the interests of the dealers who handle these makes of pianos, no prices at which these instruments are now for sale can be quoted here, but every new piano and organ will be sold at less than its actual factory cost. Discounts of from 10 to 15 per cent on the actual cash cost of instruments will be made on slightly shopworn or those that have been rented or become second hand.

You will find here now several square pianos for sale at \$47, \$60 strictly modern instrument with carved legs and round corners, worth \$100 and \$125, respectively at

the lowest estimate. Several second hand uprights and used organs for a mere song. We must have them out of the way. One \$38 and one \$47 and one for \$56.

\$275 upright will go for \$174, these are well known New York makes and have never been sold East or West for less than \$275 heretofore. There are others that will go for still less money, though all are good reliable pianos.

Pianos sold the country over for \$475 and \$500 are being offered here for \$288 and \$327. One very good slightly shop worn piano is being offered for \$147, while \$227 buys the piano many of your neighbors paid \$350 for. You can better appreciate these offerings when you see the really beautiful pianos.

For tomorrow we offer in fanciest quarter sawed oak case with handsomely hand carved panels, the most superb style new scale Kimball upright grand at the heretofore unheard of price of \$374. This is the piano that has taken the many gold medal awards at every exposition where it has been shown.

On Easy Terms

With the exception of the four highest priced, very elaborately hand carved styles, the cost of which is over \$350 and on which terms of payment will not be made less than \$50 down and \$15 a month, all pianos are for sale on payment of \$15, \$20 or \$25 down and at the rate of \$8 or even \$6 per month according to makes, styles and designs. Since all prices are based upon actual cash cost, those taking advantage of the above named easy terms, will pay interest on deferred payments at 8 per cent per annum.

Every piano or organ sold will be accompanied by the respective manufacturers' five years' warranty, duly countersigned, thus fully protecting a customer in every way.

The Stock is Rapidly Thinning

THE TIME LIMIT

is set and you must come at once to participate. There is no time to lose and we urgently advise you to come this evening if you live in town for tomorrow the crowds will be jostling one another in their frantic efforts to get that much coveted certain piano.

Remember we are open tonight, and the time is short

CHICAGOANS EAT OREGON APPLES

Chicago, Ill., Dec. 8.—Oregon apples scored a big hit yesterday when visitors to the big land show at the Coliseum here were each presented with one of the big luscious prize winners by the officials of the Union-Southern Pacific railroad.

The apples had been sent to the show by Oregon growers who were anxious that their fruit could be put into the mouths of as many Chicagoans as it was possible to reach in one day.

The program of speeches and music which had been prepared was given in one of the Union-Southern Pacific halls. J. H. O'Neill acting as Governor West's personal representative, and Tom Richardson of Portland, made the principal speeches and pounded home in the minds of their auditors the fact that Oregon is the best and fastest growing state in point of population and wealth per capita of any in the union.

"WHAT SHALL I ANSWER GOD?"

Christian Church Revival Continues With Good Interest Each Night.

Evangelist Holmes announced "What Shall I Answer God?" as his theme for tonight and there is sure to be a good crowd, for the services of this week have been of a very high character. A great many pronounced last night's sermon as one of the best he has yet given. The subject was, "Saved By Blood." He began by noting from a chart that there were at least fourteen things or persons that are said to "save" and that none of these taken apart from the others could be attributed with exclusive saving power. To illustrate, faith saves, but not faith alone; Jesus saves, but not Jesus alone, there is something for man to do; repentance and confession of Christ are "unto salvation," but these are of no avail alone.

The evangelist then indicated the meaning of the term "blood" by the quotation of many passages of Scripture, showing that the word was used as a figure of speech, meaning life, hence to say that the blood of Jesus saves" is to say that His life was offered instead of that of the sinner. Mr. Holmes then pointed to the Old Testament sacrifices as a type of the shedding of the blood of Christ, and quoted Paul, as saying that "without the shedding of blood there is no remission." All were under the "law of sin and death," but Christ became the willing sacrifice for each one of us, died in our stead, and by the shedding of His blood life is offered to all.

The singing of Miss Lingenfelter was a delight to all. She sang one of Gypsy Smith's famous songs at the beginning and at the close that beautiful selection "Nearer Home." Her tones are as clear as a bell and her voice under perfect control. Her heart seems in her work and each selection is rendered with great feeling and power. Two selections are promised from her at each service this week.

RAILWAY WEDDING CARS.

London Has Them on Street Cars Where They Have Right of Way.

London.—The London Street Railway has installed wedding cars that are given the right of way on all its lines, and on account of the law against the obstructions of street cars makes the wedding day trips more speedy and satisfactory. Arrangements are made on the day previous to the marriage for the exact time of departure of the car at a certain point, when the bridal party is expected to be promptly on hand.

The car is luxuriously equipped and much more comfortable than the close stuffy, bumping lively stable carriages. Conductor and motorman are taken from the pick of the company's

NO INDIGESTION OR SICK STOMACH

GAS, HEARTBURN, DYSPEPSIA AND ALL MISERY VANISHES

Five Minutes After Taking a Little Diapepsin Your Stomach Will Feel Fine Again—Eat Your Favorite Foods Without Fear of Distress.

Take your sour, out-of-order stomach—or maybe you call it indigestion, dyspepsia, gastritis or catarrh of the stomach; it doesn't matter—take your stomach trouble right with you to your pharmacist and ask him to open a 50-cent case of Paper's Diapepsin and let you eat one 22-grain Triaminole and see if within five minutes there is left any trace of your former misery.

The correct name for your trouble is food fermentation—food souring; the digestive organs become weak, there is lack of gastric juice; your food is only half digested and you become affected with loss of appetite, pressure and fullness after eating, vomiting, nausea, heartburn, griping in bowels, tenderness in the pit of the stomach, bad taste in mouth, constipation, pain in limbs, sleeplessness, belching of gas, biliousness, sick headache, nervousness, dizziness or many other similar symptoms.

If your appetite is fickle and nothing tempts you, or you belch gas, or if you feel bloated after eating, or your food lies like a lump of lead on your stomach, you can make up your mind that at the bottom of all this there is but one cause—fermentation of undigested food.

Prove to yourself in five minutes that your stomach is as good as any; that there is nothing really wrong. Stop this fermentation and begin eating what you want without fear of discomfort or misery.

Almost instant relief is waiting for you. It is merely a matter of how soon you take a little Diapepsin.

employees and are attired in becoming clothes for their service.

The company charges time instead of individual fares for the use of the car, and those who have hired it have found that usually one-half of the money spent otherwise has been saved. Of course, some couples can afford to spend quite a bit and for them the railway company provides a regular day and night honeymoon tour around the city at special rates.

Doctor Aids Operation on Himself for Appendicitis.

New Haven, Conn.—Dr. Louis S. Booth, twenty-six, an attending physician at a local hospital was operated on for appendicitis without taking an anesthetic.

He was so placed upon the operating table that he was able to watch the operation from beginning to end, making suggestions as to how it should be done. A rapid recovery is expected.

Double Umpire System.

San Francisco, Calif., Dec. 8.—After a lengthy discussion last night at the meeting of the magnates of the Pacific Coast league, it was decided to use the double umpire system for all league games during the coming season.

It was also decided that umpires only would be allowed to toss the balls into the diamond, to prevent juggling. A submerged box, near the umpire's positions, containing twelve balls each, will be provided. This will eliminate the practice of home teams tossing out soft balls to visiting teams and retaining the new balls for the home side.

\$15,000 FOR A NOSE TWEAK.

Former Judge Sues Former Judge for Lowering His Dignity; Gets Verdict.

Kansas City, Mo.—Judge W. O. Thomas, in the Circuit Court here, instructed the jury to bring in a verdict for the plaintiff in the case of former County Judge George J. Dodd, suing former County Judge C. E. Moss for \$15,000 damages because of an alleged tweaking of the Dodd nose at the hand of Moss.

Judge Moss admitted having called Judge Dodd an "insignificant little shrimp," but denied having finger nails as "long as a Chinaman's," as was accused, or that he had "clutched" Judge Dodd by the throat or nose. He did, however, admit, lay his hand upon Judge Dodd's shoulder, but in a manner so gentle as to be almost caressing.

Judge Moss described the instance three years ago, when in a tax suit Judge Dodd had intimated that a statement of his was untrue.

"I said to him: 'You might as well call me a liar,' said Judge Moss; 'and then I reached for him. But I never had any malice against him, and haven't now. I feel sorry for him.' Judge Moss is over six feet and weighs 170. Judge Dodd is small of stature and weighs about 140.

Now congress will begin to do a little business and a good deal of politics.

"MARRY? NEVER!! MEN ARE NO GOOD"

Chicago.—"Most men make excellent entertainers, but sorry husbands. They are all right as long as they haven't any strings on you."

"A young man friend is all right, but a husband is a different proposition. Husbands are as constant as the March wind, as loyal as an alley cat. A wife is as free as a caged canary bird, only she isn't cared for as tenderly."

"The average husband believes the function of a wife is to contribute to his comfort and pleasure, humble herself to him, darn his socks and save his money."

With these expressions, Miss Nellie Anheuser, daughter of the millionaire St. Louis brewer, indicated her contempt for the state of matrimony.

Miss Anheuser was going through a lot of bundles of wearing apparel purchased in Chicago during the day when a reported called. She was dressed in an attractive purple silk gown which heightened the richness of her blond beauty.

"A dispatch from St. Louis says you are to be married," the reporter told her.

"I am not going to be married!" she exclaimed. "Not for a minute. Whom are they trying to marry me to now?"

"The dispatch doesn't say; that's what I came to find out," said the reporter.

"Well, let me tell you right from my heart that I'm not going to announce my engagement when I get back to St. Louis, that I am not engaged and do not intend to be."
