Your Last Chance To See the Old West

"The Old West," the history making scenes of decades ago, when the West was a wide frontier stretching apparently endless from mesa to mountain peak, when hostile Indians preyed upon the advance guard of the pioneer army, when life was lived with the touch of romance and adventure injected, and when every man's hand was on his holster, is a subject which will always be of intense interest. This lecture is true to facts, and presents the historic scenes of the struggles of the pioneers, who followed the advice of Horace Greely and came in wagon train to bear the message of civilization into the frontier country. It is dramatic, but above all instructive, and brings in the last battle of Custer stretching apparently endless from mesa to mountain peak, the vigilance committees, the boom days of mining camps, the Indian outbreaks, the battle of the Alamo, the Mountain Meadow massacre, the prospector, the pony express,—in short all the stirring incidents in the taming of the wilderness and the conquering of the desert waste. It is beautifully illustrated with moving pictures and views which were secured at great expense, and after many months of diligent search for the original pictures.

Newsy Notes of Pendleton

Woods Divorce Granted.
Judge Phelps yesterday afternoon granted a divorce to Lena Woods from her husband, Thomas Woods, the grounds being cruel and inhuman treatment.

Three Marriage Licenses.
Two marriage licenses were issued yesterday to Umatilla county couples, Victor F. Roumagoux and Bonnie O. Waldron, Maurice Eugene Hassell and Francis Lavent Hall being the applicants. Today John C. Mincy of Pasco and Dorris Johnson of this county secured a similar document.

One Vag in Court.
One man arrested on a vagrancy charge appeared in police court this morning and, inasmuch as he had the appearance of a laboring man and told a plausible story, Judge Fitz Gerald suspended sentence and allowed him to leave the city.

Today is Shortest Day.
Although this is one of the busiest days of the year because of its proximity to Christmas and people would fain have it 24 hours long, in reality it is the shortest day of the whole 365. From now on twilight will gradually begin to tarry more and more in its coming until June 21, when daylight will reach its maximum length.

Arp Funeral on Tuesday.
The funeral of Wilhelm Arp, the young man who was accidentally shot to death Tuesday night at the Eggers ranch, will be held next Tuesday morning at 10:30 o'clock in the German Lutheran church. The delay is made to await the arrival of the sister of the deceased from Los Angeles.

Secure Their Insurance.
G. W. Courts and Edgar F. Averill today received their insurance money from the Oregon Fire Relief association for damages to their furniture by the recent fire which partly destroyed the Arnold house in which they lived. The Courts and Averill families have moved to the house at 109 Stonewall Jackson street owned by Horace Mann.

Paving is Further Delayed.
Upon the solicitation of the officials of the Warren Paving company, the city council last night voted to extend the time for the completion of the paving of Alta, Cottonwood and Webb streets until June 1, providing it is all done by that date. This means that paving operations will probably not be started until about April 1.

Heathman Breaks Leg.
J. M. Heathman, street commissioner, has received word from Wilona, Washington, that his son, Harry Heathman, was the victim of an accident at that place in which he suffered a broken leg. Young Heathman, who is a brakeman, was riding on a car which jumped the track through a defective brake at the time of the accident.

Bowlers Have Enjoyable Dance.
A goodly throng invaded the Eagles-Woodman hall last night to while away the hours before midnight with dancing, the occasion being the ball given by the bowlers' association for the purpose of raising funds to defray the expenses of sending a team to Los Angeles in March to compete in the national tournament. Music was furnished by the United Orchestra.

Averill Loses Fancy Chickens.
Edgar F. Averill, deputy game warden, feels that the fates are most unkind to him these days and he is almost tempted to complain in mournful tones. A few months ago he lost two valuable dogs by the poison route and not long since the house which he was occupying was burned by a fire of supposed incendiary origin, but his cup of bitterness ran over this morning when he discovered that some thief had raided his chicken yard and made off with ten of his prize fowls with which he hoped to capture prizes at the poultry show next month. He is wondering now what his next misfortune will be.

Fine Missouri Jacks.
Helms & Sanders will have a carload of fine Jacks for sale at the Oregon Feed Yard, commencing Friday, December 22. They have just arrived with them from Missouri.

Anna Bell Extends Greetings.
"Anna" Bell extends the season's greeting to all her little friends. Call at East Oregonian office and get her picture free.

ANNA BELL PICTURE FREE FOR CHILDREN

Any little girl or boy presenting this notice at the office of the East Oregonian will be given a picture of Anna Belle with her compliments.

STRIKERS AND DETECTIVES FIGHT; SEVERAL WOUNDED

Dunkirk, Dec. 21.—Three detectives, one strikebreaker and three strike sympathizers were hurt in the Lake Shore railway station today when one thousand striking locomotive boiler-makers and their friends waged a battle with detectives for the possession of six strikebreakers. The detectives and men escaped, finally, after the detectives began firing into the crowd.

WOODEN SIDEWALKS MAY BE ABOLISHED

BILL INTRODUCED IN COUNCIL TO THAT EFFECT

Ordinance Passed, Fixing City Tax Levy at Nine Mills—More Land May be Added to Round-Up Park by City Fathers.

There will be no more wooden sidewalks built on Court street from its intersection with Alta to Ash street in the west end, on Alta between Court and Ash street, on Cottonwood between Railroad and Water and on Jackson between Main and Blaine streets, if an ordinance introduced at the council meeting last evening is passed. It was referred to the ordinance committee and will be reported back at the next meeting.

The ordinance calls for exclusive cement walks in the future on the sections of streets mentioned and, all other ordinances bearing on the matter are repealed by it.

Tax Ordinance Passed.
The ordinance declaring a nine mill city tax levy was passed last evening. Six and 7-10 mills of this is a general tax, 2 mills for street purposes and 3-10 of a mill for library purposes.

George Darvenau, W. A. Brown, Peters and Morrison and William Hoch were last night granted licenses to conduct saloons for the year of 1912. E. J. Donaldson was granted a drug store liquor license, and Tom Swearingen a restaurant liquor license.

A resolution was adopted favoring the paving of thirteen more feet on Court street near the Byers Milling plant.

The bond and contract of D. Rogers for the grading of Washington and Blaine streets were accepted and the H. O. Mousou bond and contract for building sidewalk at the north end of the bridge was likewise accepted.

May Buy More Park.
A proposition was made to the

council last evening by Miss Ida Boyd and Miss Sybil Clifton, who own property just this side of Round-Up park, to sell the property to the city as an addition to the present park. The ladies set no price on their property and the matter was referred to the council as a committee to examine the property and secure a price from the owners. If the price is satisfactory, it is probable that the city will accept the offer.

A warrant was ordered drawn in favor of Barney Doherty for \$100 to cover damages done to his alfalfa in constructing the city sewer through his place.

Plans and specifications for the sewer extension on Hazel street to the site of the proposed sanitary slaughter house were accepted by the council at the meeting last night.

The only other business transacted was the drawing of warrants to cover interest on the city bonds.

There Are Two Sides

Before After

to every question, but there can be only one opinion of our Cleaning and Pressing. It is commended in the highest terms by those who have favored us with their patronage in the past. We have the most up-to-date methods and can do work quicker and better than our rivals, because we are better equipped to do the work. And we charge very moderately for our services too.

Family Silver

Meaning: Art wrought into silver vessels and wares for the dining room of a household. Children brought up in a household where associations with works of art brings familiarity, always bear the marks of taste—cultivated naturally.

Where elegance is in tune with reason—where the useful is beautiful—they are early endowed with a poise and a culture that no finishing school or college course can impart, and later, in the possession of worthy heirlooms, they have upon their tables, property which is not only an index of the culture and position of their parents (its self reflected upon them) but which is also a sure provision against the accidents of fortune.

Ordinary knives, forks and spoons do not mean Family Silver, neither do they become treasured heirlooms.

Beautiful silver designed to improve the dining service and to make the dining service impressive to the guest and to the family become old and cherished and imbued by sentiment thru' association and becomes an heirloom and treasured into posterity.

We have studied the arts and usages of silver.

We have drawn into our store the products of America's prominent silversmiths. What is nicer? What is a better investment for your home, than silver as a Xmas offering to the lady of the household?

Each member of your family and the guests of your home share in the delight and pleasure of its lasting use.

The style and beauty of our silver acquired by the careful selection of it has made it distinctive from other silver and has often been referred to as Sawtelle Silver.

Let Sawtelle Silver be your Family Silver.
