## MAYOR MURPHY IN CHAIR LAST TIME

### COUNCIL EXTENDS VOTE OF THANKS FOR HIS SERVICES

#### Body Spends Busy Night Cleaning Up Accumulation of Unfinished Business Before New Year—Several Ordinances Passed.

Mayor E. J. Murphy sat in the chief executive's chair for the last time last night and after he had called for the vote on the last motion which he will entertain, the councilmen who have worked under him for two years extended to him a vote of thanks and appreciation for his faithful services, his prudence and sagacity in administering the city affairs and his kindness and forbearance in his relations with his fellow servants.

With the end of the year, Mayor Murphy with Chairman V. Stroble and Councilman C. P. Strain will retire from service, Mayor-elect W. F. Matlock and Councilmen-elect John Siebert and Charles Cole taking up their duties.

#### Much Business Done.

The session of the council last night was an extremely busy one, nearly all of the unfinished business being completed in order to leave a clean slate for the new body. Principal among the transactions were the passing of ordinances forbidding the use of any material except concrete in the construction of sidewalks on certain streets, ordering the improvement of certain portions of Washington and Blaine streets, and the ordering of the purchase of several lots near Round-Up Park from Miss Ida Hoyd.

By the adoption of the ordinance concerning concrete walks, in the future no wooden walks will be permitted to be constructed on Court street from Ash to its intersection with the Byers mill race, on Alta street from A to Court, on Cottonwood from Water to Railroad and on Jackson street from Main to Blaine. For a violation of this ordinance a fine not more than \$50 is provided.

#### Assessments for Improvements.

The ordinance providing for the improvement of Washington street from a point 100 feet east of the east line of Garfield street to the west line of Blaine street, and Blaine street from the north line of Washington street to a point 200 feet north of the north line of Washington street was adopted following the report of Engineer Kimbrell. The total expense of this improvement, according to the report, is \$655 divided among the property owners as follows: Howard, \$11.10; E. J. Montgomery \$15; Mrs. L. A. Johnson, \$122.10; C. M. Hogue, \$122.10; Carden, \$71.80; Lot Livermore \$15; David Rogers \$50; Geary Kimbrell \$50; Gus La Fontaine \$49.05; E. P. Turney, \$23.85; G. M. Rice \$15; George Hamblin \$15, and unknown

owner of one other parcel of land \$5.

For the improvement of north Main street from the bridge to the south line of Jackson street the expense is divided between two property owners, Lot Livermore and Mrs. T. G. Halley, the former being required to pay \$23.50 and the latter \$80.58. The cost of the sidewalk on the east side of the north approach to the bridge was reported as \$120.14.

#### Addition to Park Bought.

Following an investigation during the week of the lots offered for sale to the city as an addition to Round-Up Park by Miss Ida Hoyd and Miss Sibyl Clifton, the council last night voted to accept the Hoyd lots for the price of \$800. Mayor-elect Matlock, who attended the meeting, explained that the piece of land back of the Hoyd lots was owned by him but was under contract for sale. However, he was of the opinion that the city could purchase the property to add to its holdings and was willing to have its value appraised by any three competent men.

A resolution was also drafted last night extending the time of the Warren Bros. Construction company for the paving of Alta, Cottonwood and Webb streets until June 15, owing to the inadvisability of laying the pavement during cold weather.

#### OFFERS SEAT THROWN THROUGH A WINDOW

San Francisco.—Yutane Yamaguchi, Japanese, height 4 feet 3, is philosophizing on the valor of ignorance. He arose from his seat in a streetcar, bowed profoundly to a woman and said: "Insignificant seat for honorable madame."

"Where?" queried the woman. The seat was gone.

"Honorable gentleman has made most miserable mistake. This seat is for most beautiful madame," said the Japanese to the burly intruder.

"What's that you call me, you heathen?" shouted the ungallant usuper.

The Japanese went through a window—and then was arrested for disturbing the peace.

#### LODGE MEMBERS BUILD HOUSE FOR BROTHER

Baker, Ore.—Through the efforts of his fellow lodgemen, Edward Sturm, of this city, is the possessor of a new home. About three weeks ago fire destroyed his house and contents. Last Sunday a large number of his fellow members of the Woodmen of the World and Odd Fellows turned out and rebuilt his home, and the feast was accomplished in one day. While the house was not wholly completed, yet the Sturm family was able to move Sunday night into a house where a few hours before lay the ruins of their former home.

#### Aviators Offer to Join Turks.

Paris.—More than 70 aviators, one a woman and one a Chinese, have offered their services to the Turks against the Italians in Tripoli, the names being forwarded by registered mail to the Turkish war minister at Constantinople.

## ITALY'S INTENT WAS SANE WAR

(Continued from page one.)

system of posts and telegraphs was established, and Italy seemed on a fair way towards carrying out an extensive and instantaneous system of benevolent assimilation.

She was well prepared for this phase of the occupation and development of the territory, for the reason that for months previous, following her determination to occupy the territory, every department of the government had devoted practically its entire time to studying the country, its needs, and its possibilities, so that when actual occupation took place every detail had been perfected for doing the country the utmost possible amount of good in the smallest possible amount of time.

It was, however, at this point, that Italy was made suddenly and forcibly to realize that Tripoli and Cyrenaica were not to be hers until she had conquered them fully and completely and her efforts at benevolent assimilation was forced to give way at once to measures first for self-defense and protection and then for subduing the entire country.

## SPREADS HAPPINESS WHEN NEWS IS GOOD

### New Yorker Buys Twelve Dinners

When Family Is Reported Safe. Detroit.—A man with a strong foreign accent inquired several times at the telegraph office in a local hotel if a message had come for him. "J. S. Groening is my name," he told the operator.

As he sat in a chair in the hotel office a page called "Mr. Groening." The man jumped to his feet and seized a telegram from the boy's hand. An instant's glance acquainted him with its contents. He buried his face in his hands.

"My children; my little ones, are safe," he muttered in German.

Suddenly straightening himself up, he walked to the clerk and said: "I wanted to make as many people happy as possible today. I have just had a great happiness and I want to share it. I am an orthodox Jew and Christmas means nothing to me, but it does to many, and I am glad my happiness came at this time. I shall walk out into the streets and find a dozen men who look hungry and feed them in here to be fed."

Later he returned with a dozen men who looked as if they were in need. A private dining room was provided for the party. The men got the best the hotel could provide.

Groening explained that he had feared the Russians being aggrieved with the attitude the United States would take, would massacre the Jews in Russia.

"I sent money to my wife and children to leave for the United States immediately," he said. "This telegram told me they had crossed the German frontier and were safe."

Groening's home is in New York.

Everybody is glad it's over.
