"OLD GUARD" LEGISLATORS ABANDON LOSING FIGHT

(Continued from page one.)

the senate seat, is growing feeble and does not wish another term. Beals Falls Into Line. A G. Beals of Tillamook county, representative in the last legislature

CLARK'S CRUISE OF THE 'ARABIC' TO THE ORIENT

on an assembly ticket, will be another Statement I candidate for the state senate. This is the district formed by Lincoln, Tillamook, Yamhill and Washington counties, now represented by W. N. Barrett, who will not be a candidate for another term. W. H. Hollis of Forest Grove another representative last session, is also expected to be a candidate for this seat.

In Multnomah county it is thought practically all the legislative candidates will take Statement No. 1. A delegation solidly pledged for the people's choice for senator was elected two years ago. Of the five state senators whose terms expire, only Dan Kellaher is regarded as reasonably sure to be a candidate again, although Dr. J. K. Locke may be. C. W. Nottingham says he has not decided, but the prophets are saying he will not try to return.

Advice Hits Spot.

At least two of the old delegation to the lower house are known to have senatorial aspirations. These are James D. Abbott and Ralph C. Clyde. C. N. McArthur, who was defeated two years ago and has been mentioned as a candidate for congress, has definitely decided not to seek congressional honors, but may run for state senator again. If he does, he will take Statement No. 1.

Soon after the disaster to the assembly candidates in 1910, some of the old line leaders issued statements advising the acceptance of Statement No. 1. Among these were ex-Governor T. T. Geer and former State Senator C. W. Hodson. Evidently this advice, after due inquiry and deliberation, has hit the vital spot among the stampedees. From now on, it is to be a walkaway for Statement No. 1.

which made possible for him to pay for it prior to his death could not have extended beyond his death, but the frailties of human nature being such that this has not been done, it remains, as I view it, the highest duty of a court of equity to lend its aid to the protection of the widow and orphan by saving the property earned by their husband and father during his life and which became theirs as a matter of right upon his death."

Fee and Slater represented the plaintiff in the case and Lowell & Winter acted for the defendant. It is the general belief that the latter will appeal the case for their clients.

SOCIALISTS MAKE GREAT GAIN IN GERMAN ELECTION

BIG DAMAGES FOR ATTAC KON TRAIN

New York.—Records of the Kings county supreme court in Brooklyn show that the Pullman company has paid to Claude R. Lewis of 1419 Avenue L, \$37,500 damages without contest for injuries inflicted by a negro porter on Lewis' 10-year-old daughter, Louise R. Lewis.

Secrecy was maintained by both sides as to the cause of the settlement and the reasons for the claim against the Pullman company. A close friend of one of the interested persons told the story.

"Last summer Mrs. Lewis and her two children were traveling to Georgia, where Mr. Lewis' people live, over the Southern and Pennsylvania railroads," said the informant. "They were unable to get berths together. Mrs. Lewis got two berths across from each other. She slept in one and her two children occupied the one across the aisle.

"During the night the passengers were awakened by screams from the dressing room. Mrs. Lewis looked into the berth occupied by her children and saw that Louise was missing. With a number of passengers she rushed to the dressing room and found the girl lying on the floor with the negro porter standing over her.

"A man who appeared to be an official of the railroad or of the Pullman company took hold of the negro and ordered the train stopped. When the train stopped this man booted the negro off the car.

"Louise was hysterical and could not give a concise story of what happened. She said when she awoke she was in the arms of the negro in the dressing room.

"After Mrs. Lewis returned home and when Louise had sufficiently recovered action was brought against the Pullman company for \$75,000.

READY FOR MORGUE RESTORED TO LIFE

Cincinnati, Ohio.—Lying for three hours in a wicker basket in which it was to be taken to the City hospital morgue, the tiny form of an infant only nine days old attracted through some unknown power, the attention of one of the internes at the institution and from a supposedly lifeless form was brought back to life.

Physicians at the hospital registered the infant, a son born to a young woman at present an inmate of the institution, as dead. The young interne, passing through the ward, stopped to look at the little one and mechanically placed his hand over the infant's heart. He was startled, for he noticed a throb of the heart. Then, applying the stethoscope, the faint action of that organ grew more pronounced.

Lifting the infant from its cramped quarters in the basket, he called a nurse and placed the baby in bed. Pressing his own lips to those of the child, he breathed into its mouth, exhaling and inhaling naturally. After an hour's work his efforts at resuscitating proved successful for the baby let out its first yell.

The infant was then placed in care of the mother, who was overcome with happiness in having restored to her the offspring she thought dead.

PAPA BUTTED IN; IS ARRESTED

Girl's Sweetheart Takes Exception to Dad's Remarks.

New York.—When Robert Routh of Brooklyn, called upon Miss Mary Lyons, daughter of James Lyons, he had an idea that so strenuous an evening was in store.

Mr. Routh was thinking of making his adieu at 11:30, when Father Lyons came home. He is a contractor and builder and in the course of the evening he had met many friends. When he found the gas in the parlor still burning high it made him peevish.

His remarks became so boisterous that Mr. Ruth telephoned to the police. Policeman Creedman responded but when he heard Mr. Routh's story he refused to arrest Lyons on the spot.

charge of disorderly conduct which Mr. Routh wished to make. The policeman didn't think he had a right to arrest a man for making a noise in his own home.

WOMAN SEIZES A MAD DOG.

Animal After Biting Four Is Grabbed by Jaws and Killed.

Lorain, Ohio.—There is talk of trying to obtain a Carnegie medal for Mrs. Peter Thomas, who captured a mad bulldog after it had bitten four people and held it by the jaws while William Rache shot it. The dog attacked a young Hungarian girl in her home. She leaped into bed and covered but the dog bit her repeatedly. From that house he rushed upon Mary Rache, 10; John Thomas, 12, and Mrs. Peter Thomas, biting or scratching all three.

ANTI-VACCINATION FIGHT; SCHOOLS BAR 2,022 PUPILS

Opponents of Compulsory Order Announce They Will Start Schools of their Own.

Olean, N. Y.—Pupils to the number of 2,022 are excluded from the public schools because they have not complied with the board of education's resolution directing them to be vaccinated.

The Anti-Vaccination League is fighting the board's order and has advertised for teachers for schools which the league announces it will establish. It has offered to defend any one arrested under the compulsory education law.

There were forty-six cases of small-pox in Olean in 1911.

STEALS ENGINE FOR JOY RIDE; HURTS 11

Cigarmaker Makes 17-Mile Dash That Ends in Crash With Passenger Train.

Webster, Mass.—A locomotive joy ride is declared by New York, New Haven and Hartford railroad officials to have been the cause of a head-on collision with the Norwich line boat running between Worcester and New London, the slight injury of eleven passengers and the arrest of Ralph I. Jardine, a Worcester cigarmaker, who is said to have been at the throttle of the wild engine.

The passengers on the boat train were given a bad fright. The most seriously injured were Mrs. Benjamin Savory of Willimantic Conn., who suffered a fracture of the lower jaw

and numerous cuts and bruises. While the engine was standing without an occupant in the railroad yard at Worcester, Jardine is said to have climbed aboard and to have run it over seventeen miles of track in a wild flight to this city, where he encountered the boat train. Both engines were wrecked.

HE'D BE A SWINE DENTIST.

Omaha Man Says All Diseases of Swine Are Due to Bad Teeth.

Washington.—Dentistry for hogs is advocated by an Omaha correspondent of the postmaster general, Mr. Hitchcock received a letter from a South Omaha citizen who proclaims that he can cure all hog diseases through fixing their teeth. The department of agriculture and government officials have been wondering he says, what has been killing the hogs, and he has the correct answer. Every disease known to swine is due to bad teeth and his remedy is good for well hogs as well as sick hogs. "I am," the writer concludes, "the only hog dentist in the world."
