

# Our 24th Annual Clearance Sale Closes This Week

Prices have now dropped to the bottom price limit. The ONE and ONLY purpose of these final reductions is to make an absolute clean sweep of every remaining item of winter goods, and to make this clearance thorough in every section of the store, we have carefully examined every individual lot of goods and where lots were large the price knife has cut another notch off the original price so as to insure the sure and certain selling of the remainder of our winter stocks.

In our statement above we've told you of the methods we've used to force sales for these final days—below we present facts—cold price comparison facts—prices that tell you in the very plainest language that this is a saving occasion which happens at best, only once a year.

Need we urge you to put aside other appointments and make every effort to visit the store at once. The sale positively ends this week. Don't wait longer.

## Any Mans' Suit or Overcoat left in our cases will go for only

# \$13.95

### for only a few days more

### BIRTHS FEWER IN VIENNA.

**Excessive Taxation and High Rentals Prevent the Sterk's Visits.** Vienna.—The steady decrease noticeable in the birth rate of Vienna is causing considerable apprehension here, especially in German national quarters. So marked has it been of late years, that, despite the increasing population by immigration from country districts, the actual number of births in the city is diminishing. According to figures just published by the municipality, in 1909 there were 22,346 births in the city, and in 1910 only 42,336, or a decrease of nearly 20 per cent in ten years.

The decline is due chiefly to the smaller number of children in the families of the original German population, and is not so marked, if at all among the country immigrants, who are largely of Slav nationality. The cause is partly attributed to excessive taxation, both municipal and imperial, and the consequent high rentals, which are particularly felt by the Germans of the middle and lower classes. As these have a higher standard of comfort than the Slavs they are more inclined to limit the size of their families according to the lodgings or flats they can afford.

### BIG TIE ORDERS BY ROADS.

**4,000,000 Feet of Fir Timber to be Chopped for Two Systems.** Seattle.—Orders for fir ties that will require about 4,000,000 feet of lumber have been placed or are about to be placed by two transcontinental railroads. One of the largest orders offered to Northwest Pacific lumbermen in many months is being figured on for the Oregon-Washington Railroad and Navigation company, which wants 50,000 ties. The Canadian Pacific has just placed an order with Washington and British Columbia mills for 34,000 ties.

### SWINDLER ROBS CELLMATE.

**Just for Practice, and \$50. Confidence Man Fleeces Prisoner.** Chicago.—Although in jail on a charge of operating a confidence game, Charles Reiss could not resist

the opportunity to fleece a fellow prisoner.

He was convicted of having obtained \$50 fraudulently from John Dolatz who occupied an adjoining cell. He collected the money as a fee from Dolatz for a promise to bring about his release through a relative in the State attorney's office.

Dolatz was not acquitted, and complained to the authorities. Reiss' punishment was fixed a imprisonment in the penitentiary.

### 97 PER CENT PERFECT.

**An Unusual Record for a Pile Remedy.**

When Dr. J. S. Leonard of Lincoln, Neb., located the cause of piles and found a successful inward remedy for piles, he had it put on sale under strict guaranty of satisfaction. In ten years only 3 per cent of HEM-ROID users have asked for their money back, and it speaks well for this scientific modern remedy. Get a guaranteed \$1 package from Pendleton Drug Co., or any druggist, or write to Dr. Leonard Co., Station B, Buffalo, N. Y., for free HEM-ROID booklet.

### TAKES SHOT AT HIS SON-IN-LAW.

**W. Anderson, Pendleton, Ore., Pursuing his son-in-law through the main street of Half Way, Ore., revolver in hand, firing as they ran. R. Alexander attacked William Anderson, according to news received here. One of the bullets struck Anderson on the cheek bone, but glanced, and when Alexander attempted to fire a second time his arm was struck by a member of the family and the bullet went wild. Both men were arrested.**

### SEATTLE SUICIDE MAY BE DEER ISLAND MAN

Seattle, Wash.—From a letter found on a stranger who registered at Dan Richards at the Main hotel, where he committed suicide with carbolic acid, he is supposed to be Dan Hopkins of Deer Island, Or. The letter

so addressed was from W. N. Barrett a lawyer, of Hillsboro, Or. The address of P. J. O'Leary, Vovil, Idaho, was also on the body. The suicide was aged 40, six feet tall and weighed 185 pounds.

### GO 10,000 MILES TO WED.

**Bridal Pair Makes Long Trips to Meet; Bride's Father Adds Big Mileage.**

Denver.—In order to attend the wedding of his youngest daughter, Miss Louise Kayser, Charles Kayser, a miner, traveled by horseback 1400 miles from Candelaria, Nev., to Denver. Adolph Kurtz traveled 9000 miles from Brazil to meet Miss Kayser, his bride-to-be, and Miss Kayser traveled from Nevada to Denver over 1000 miles by rail.

Miss Kayser and Kurtz arrived here, the father of Miss Kayser completed his long horseback ride to Denver last Thursday.

The wedding, which will take place next Sunday, will be the culmination of a college romance.

### BARS SOLDIERS; FINED \$100.

**Arizona Skating Rink Owner Prosecuted for Not Admitting Officers.** Washington.—It cost a proprietor of a skating rink at Prescott, Arizona, \$100 to deny admittance to army officers in khaki uniform last month. The attorney general has informed the war department that the district attorney at Tucson prosecuted and the defendant pleaded guilty. A similar case at Tombstone, Arizona, is about to be prosecuted.

### LAMP IN CELLAR RUINS FRUIT.

**Oregon Farmer's Winter Supply is Destroyed by Fire.**

Freewater, Ore.—At the ranch of Thomas Upercraft of Pleasant View, the cellar is outside of the house and Mr. Upercraft thought as the night was a cold one he would keep things from freezing by leaving a lighted lamp in the cellar. When the family awakened they found that the lamp had up-burnt, and 20 sacks of potatoes were burnt, with 100 quarts of fruit and all the winter's supply of apples.

## WORK BEGINS ON STANFIELD BUILDING

WATT'S STRUCTURE TO BE TWO STORIES AND CONCRETE

South Dakota Farmer Rents Furnish Project Tavern—Pipe Lines Will Replace the Open Ditches for Irrigation.

(Special Correspondence.) Stanfield, Jan. 15.—H. E. Allen, the Portland contractor and builder who has the contract for completing the George building, hereafter to be known as the Watts building on the corner of Coe avenue and Main street, arrived Friday evening and will at once commence work and will hasten the completion of the structure as rapidly as possible. This property is now owned by Dr. G. E. Watts, a Portland physician, who, in addition to the above mentioned building, which is to be of concrete and two stories in height, also owns a 160-acre tract near Stanfield and under the Furnish ditch.

**Rents Farm.** Martin Ness of Maddock, N. D., has rented the Dixon place, consisting of about forty acres near here, most of which is in alfalfa, and has returned to his former home in North Dakota to arrange for shipment of household goods and a carload of dairy cows. Mr. Ness will return with his family shortly and make his future home at Stanfield.

A corps of O.-W.-R. & N. engineers arrived in Stanfield Friday and are now supervising the construction of the drainage pipe line where it crosses under the railroad track.

During the past few days, many citizens took advantage of the opportunity to enjoy the pleasure of sleigh riding. The maximum depth of snow here was twelve inches and a thaw is now on which is gradually taking it away.

**Billiard Hall Changes Hands.** Chester Barney has purchased of J. L. Parker the billiard and pool room known as the Pastime Parlors, having closed the deal and taken possession of the place a few days ago.

**Pipes Replace Open Ditch.** Several of the land owners in the Furnish project are constructing furnishes or laying pipe lines for the purpose of conducting water over their places for irrigation instead of using the open ditches. The pipe line and flume are preferable to the open ditch, the water being easily controlled and besides the loss by evaporation and seepage are reduced to a minimum. The more recent improvements of this nature have been put in by Mrs. Charlotte Bill and C. W. Connor on their places north-east of town.

On Friday evening in Stewart's Hall, an enjoyable social dance was given under the management of Chester Barney.

**Personal Mention.** Mrs. C. W. Carmen is a recent arrival from Sumner, Wash., having come here to join her husband who is superintending the work on the drainage system that is being constructed by Eschbach, Bruce Co.

Dr. Henry W. Coe returned Saturday from a business trip to Walla Walla.

Frank Sloan was a Pendleton visitor Saturday.

R. Hlatt went to Pendleton Saturday morning to remain over Sunday. Attorney A. W. Gray was transacting business at the county seat Saturday.

Hon. W. J. Furnish was looking after business interests at Stanfield Thursday.

G. L. Hurd, editor of the Stanfield Standard, was transacting business at Pendleton Saturday.

H. W. Hall and E. E. Cotant were motor passengers to Pendleton Saturday morning.

Mr. Laughlin the Hermiston land man, was calling on friends in Stanfield Saturday.

Oscar Olson, a former resident of Stanfield, arrived here Saturday from Portland and will be employed on the Watts building.

Prof. O. A. Cannon of the Echo schools was a visitor in Stanfield Friday evening.

Prof. Frank D. Carruth, principal of the Stanfield schools, went to Pendleton Friday evening to remain over Sunday.

Miss Minnie Baker spent Saturday and Sunday with her mother in Pendleton.

C. A. Hazen of Condon is visiting here, the guest of his son Charles, who is agent for the O.-W.-R. & N. Co.

Mrs. Zilpha Custer of Newport, Oregon, arrived in Stanfield yesterday and is visiting her nephew, J. E. Reeves.

R. N. Stanfield went to Portland last night with a shipment of three carloads of sheep.

Architect C. M. Hinebaugh came up from Umatilla Saturday to look after business matters here.

W. T. Reeves is in Portland looking after a shipment of cattle which he sent to that market Saturday night.

On Thursday afternoon the regular semi-monthly meeting of the Stanfield Women's Study club was held at the home of Mrs. John F. Bagan, the usual program hour being taken up by the reading of two intensely interesting papers, one being by Mrs. A. W. Gray, whose subject was "National Forests," the other was prepared by Mrs. G. L. Hurd on the subject of "The Natural Wonders of America."

President Taft seems sure nobody can get the southern delegates away from him.

## CASTORIA For Infants and Children

The Kind You Have Always Bought Bears the Signature of J. C. F. H. H. H. H.

## Before You Move Investigate

Be sure your new home has that important modern convenience—electric lights. There are many such and they are in great demand by those who know how to enjoy them. The modern electric light is so much better than any other that no one need hesitate about the cost. The General Electric Company has perfected its MAZDA lamp which gives twice as much light as ordinary electric lamps using an equal amount of electricity.

### We Have G. E. MAZDA Lamps

For all those who live in wired houses we offer an opportunity of getting the benefit of the great light giving qualities of these lamps. For those who own unwired houses on our distributing lines we will give advice of value in wiring houses for electric lights.

### ADVANCE IN HEALTH CONDITION

**Dr. Calvin S. White Speaks to O. A. C. Students on Science of Health.**

Corvallis, Ore.—That deaths by tuberculosis have been cut in half in the past 25 years, and that the next 25 would see the disease become as rare as yellow fever, as a result of the dissemination of a proper knowledge of the prevention and cure, was the statement of Dr. Calvin S. White, secretary of the state board of health, in a convocation address before the students of the Oregon Agricultural college.

"If there is any single word in the English language which has been overworked to such an extent that it has become more tiresome, it is 'conservation'; yet there has not been nearly enough use of the word in connection with health," said Dr. White. He spoke of the fact that very little time or money has been spent in educating the public as to matters of health.

"One-fifth of all the insane, one-third of all the feeble-minded, and one-fourth of all the epileptic in the state of Oregon are the result of immorality," he continued. The conditions existing now are entirely different from those of 25 or 30 years ago. Just as the increase in rapidly moving vehicles, such as electric cars and automobiles, have increased the danger to life and limb, just so other changes have increased greatly the peril to health and mind and body. The damnable problem plays that make a travesty of virtue and a mockery of marriage have supplanted the educational evening entertainments of a generation ago. For disease we have our remedies, but for his situation there is no remedy except through education."

After a strong talk advocating vaccination, and telling what the various vaccines and antitoxins have done, the wiping out of yellow fever from civilized countries by the destruction of certain kinds of mosquitos, he said, "these things we can do in protecting health, but education is the only thing that will combat immorality. Nearly all vice is the result of ignorance. The time has come when we must cast aside the double standard of morality for men and women. We must tell the boys and girls the results that will follow upon lives of immorality. We have spent vast sums of money in educating their minds, but not enough like to see even more spent but not enough has been spent in education of the body as to the laws of health. The laws that protect life and the necessity for sex purity should be taught to the boys and girls before they come to maturity. We have come to the time when we must speak plainly to them."

"Looking toward such educations we called a meeting of 200 men at the Portland Y. M. C. A. It was attended by 500, and from these we named an executive committee of 24 to take up the work. We have talked to some 50 or 60 men of the National Guard, and to audiences of men in various professions and organizations, and in each case have been asked to come again. It is the duty of every minister to acquaint himself with the laws of life, so that he can be in a position to give the right information and advice when necessary."

Preceding Dr. White's talk, Mrs. Clara Waldo of Portland, who is here to attend the regent's meeting tomorrow, spoke of the way in which Oregon products have gone abroad throughout the civilized world, of the fruit from Oregon orchards which has created such a demand in foreign markets, and the lumber which grown in the Oregon forests, built into the houses and public buildings of far nations.

Mrs. Genevieve Baum-Gaskins sang two solos, "Goodbye Summer," and "Where Blossoms Blow," accompanied by Mrs. May Babbitt-Rensler, and Miss Eleanor Suttelle of Halsey played a piano solo.

**PENDELTON BOYS PLAY ON U. OF O. TEAMS.**

Eugene, Ore.—Following out the policy of the University of Oregon of encouraging intra-collegiate athletics, an inter-club basketball league has again been formed this year. Every fraternity and men's club in col-

lege will participate, including the Dormitory club and the Oregon club, an organization composed of students who are not identified with any fraternity or similar society. In this way every man in college will be given an opportunity to take part in this sport.

Among the Pendleton men who have made places on the various teams in the league are Rader (Sigma Mo), Boylen and Kimball (Kappa Sigma), Rice (Beta Theta Pi), and one or two others. The three teams named are considered among the strongest contenders for the league championship.

### NO HOLIDAYS FOR UNIVERSITY OF OREGON

University of Oregon.—According to the schedule of examinations posted by the registrar only one week will be allowed for the first semester examinations. These will commence February 5 and end the Saturday of that week. This will necessitate the giving of four examinations a day and will allow no holidays between semesters.

### U. OF O. STUDENTS WILL MEET WASHINGTON

University of Oregon.—The committee on oratory and debate at the University of Oregon at its recent meeting voted to renew the contract with the University of Washington for a woman's debate this year.

During the past two seasons the women of the two universities have met in debate, dividing honors about equal, Washington winning the first and Oregon the second contest. If the Washingtonians accept Oregon's contract the debate will be held sometime in May, a subject to be determined later.

### SUNBURNED AT 28 BELOW ZERO

**Plate Glass Window Intensifies Rays Shining Into Office.**

St. Paul.—A friend of E. W. Randall, president of the Minnesota Mutual Life Insurance company found Mr. Randall rubbing cold cream on his neck and cheeks.

"Frost bitten, eh?" said the friend.

"So was I. Give me some of that cream."

"Frost bite, nothing!" growled Mr. Randall. "I'm sunburned."

Mr. Randall's desk is next to a large plate glass window which intensifies the heat from the sun. The furnace wasn't working any too well so Mr. Randall basked in old Sol's rays. The result was that he kept warm, but the side of his face next to the window was burned. The temperature was 28 degrees below at the time.

### EASTERN GOVERNORS INVITED TO OREGON

Salem, Ore.—Governor West is sending out a letter of invitation to Eastern Governors to visit the Coast states. Governor West is anxious to have the chief executives of the East accept the invitation and is making an effort to secure a Governor's special for the Northwest.

### HELPFUL WORDS.

**From a Pendleton Citizen. Is your back lame and painful? Does it ache especially after exertion? Is there a soreness in the kidney region? These symptoms indicate weak kidneys.**

There is danger in delay. Weak kidneys fast get weaker. Give your trouble prompt attention. Doan's Kidney Pills act quickly. They strengthen weak kidneys. Read this Pendleton testimony.

S. P. Hutchinson, proprietor of feed store, 1610 W. Webb street, Pendleton, Oregon, says: "I was annoyed by a dull pain below my kidneys and the secretions from my kidneys were retarded. Since learned of Doan's Kidney Pills, I have used them and they have always brought relief. I am pleased to give this preparation my endorsement."

For sale by all dealers. Price 50 cents. Foter-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.
