TUNIS' QUEER CAVE DWELLERS
 3000 People Have Burrowed to Make Their Homes in Clay and Rock.
 London.—The capital city of the Matmatas, the cave-dwellers of Tunisia, containing about 3000 inhabitants, is one of the strangest in the world. It is not erected upon the ground, but is burrowed in the earth, the country being a high, rocky plateau, barren, sunbaked and swept by the simoom.
 When one of these people wishes to build a dwelling he chooses his spot, traces a circle to show its location, and then digs until he reaches the desired depth which varies according to the number of stories he desires. The rooms are caves hollowed out in the sides of the circular covered pit, and the bottom of the pit forms the court yard, which is a usual feature of a Moorish house. Besides the rooms a passage is also dug, communicating with the outside world, and a door is built at the outer end.
 The soil is a malleable clay, is easily cut and lends itself well to excavation, the roof of each room requiring no support as long as it is well arched. The cave-dwellers inhabit the territory between the towns of Gabes, on the Tunis coast, and the sandhills of the Sahara.

Feeds Children Morphine.
 Cincinnati.—Willy Hayes, twelve and Bessie Hayes, ten, told Judge Caldwell in the Juvenile Court that they were given morphine daily by their mother.
 Mrs. Mary Hayes, the mother of the children, living at No. 645 West Seventh avenue explained she had used the drug and had given it to the children since they were ill as babies and required sleep.
 A telegram received by the court from the juvenile court of Lexington, Ky., asked that Mrs. Hayes be held pending the investigation of the charge that she took the children from the Children's Home in Lexington. The children will be kept in the juvenile place of detention while the case is investigated.

 Corvallis, Ore.—Secretary E. E. Wilson of the board of regents of the Oregon Agricultural college announced the purchase of an acre and a half

of land just north of the present court of honor, west of the engineering shops, as a site for the school of mines building.

AFRICAN SAVAGES BURN WHITES AT THE STAKE
 Tribes in Uprising Capture Portuguese Officials and Commit Horrible Atrocities—Punitive Expedition to Be Sent.
 Lisbon (via frontier).—Horrible atrocities have been committed by the tribes in Portuguese Africa during a rising of the natives there, according to a dispatch received from Angola by the Seculo. A number of Portuguese officials who were captured by the rebellion occurred in the province of Muxima and the natives captured all the white men who crossed their path. Some of these were immediately burned at the stake, while others had their lips severed and their eyes pulled out of their sockets before they were thrown into the flames.
 One British merchant was maimed but later was taken to his house, where his servants were murdered.
 The government has decided to send a punitive expedition.

Stomach Blood and Liver Troubles

Much sickness starts with weak stomach, and consequent poor, impoverished blood. Nervous and pale-people lack good, rich, red blood. Their stomachs need invigorating for, after all, a man can be no stronger than his stomach. A remedy that makes the stomach strong and the liver active, makes rich red blood and overcomes and drives out disease-producing bacteria and cures a whole multitude of diseases.

Get rid of your Stomach Weakness and Liver Laziness by taking a course of Dr. Pierce's Golden Medical Discovery—the great Stomach Restorative, Liver Invigorator and Blood Cleanser.

You can't afford to accept any medicine of unknown composition as a substitute for "Golden Medical Discovery," which is a medicine of known composition, having a complete list of ingredients in plain English on its bottle-wrapper, same being attested as correct under oath.

Dr. Pierce's Pleasant Pellets regulate and invigorate Stomach, Liver and Bowels.

CASCARETS INSURE INSIDE CLEANLINESS

The Millions of Cascaret Users Never Have Headache, Constipation, Biliousness or Sick Stomach.

It is more necessary that you keep your bowels, liver and stomach clean, pure and fresh than it is to keep the sewers and drainage of a large city free from obstruction.

Are you keeping clean inside with Cascarets—or merely forcing a passageway every few days with salts, cathartic pills or castor oil? This is important.

Cascarets immediately cleanse and regulate the stomach, remove the sour, undigested and fermenting food and foul gasses; take the excess bile from the liver and carry out of the system the decomposed waste matter and poison in the intestines and bowels.

No odds how badly and upset you feel, a Cascaret tonight will straighten you out by morning. They work while you sleep. A 10-cent box from your druggist will keep your entire family feeling good for months. Don't forget the children—their little insides need a good, gentle cleansing, too.
