### MACHINE BETRAYS

#### MAN TELLING LIE

But It Also Proves That He is Not Former Convict and He Is Freed.

Los Angeles.—For the first time in the history of criminology Hugo Muensterberg's theory that the pulsations of the heart betray the guilt or innocence of a prisoner was demonstrated in Justice of the Peace Thomas V. Cassidy's court in the little town of Watts, a suburb of this city.

The remarkable test resulted in the discharge from custody of Arthur Schmidt, arrested by City Marshal Traugher of Watts on suspicion that he was an escaped convict.

When the test was begun in Justice Cassidy's courtroom the heart pulsation of the prisoner registered normal or 78 beats. The prisoner when asked his name hesitated several seconds, during which time his heart action jumped to 88 beats per minute, and then gave it as James Smithers. After the pulsation had been recorded by Marshall Traugher

the prisoner was asked by Justice Cassidy if he were telling the truth.

He hesitated and was shown the increased pulse notation, when he admitted he was telling an untruth and finally gave his name as Arthur Schmidt and his residence as Seattle.

Efforts were made by Justice Cassidy to identify Schmidt as an escaped convict. The names of California and other prisoners were mentioned, but the prisoner's heart action remained at normal.

Throughout the entire interrogation the prisoner's heart action remained normal except when he told an untruth, as to his name. The court ordered that he be released. The officials were loud in their praise of the theory and Justice Cassidy announced that he would use the stethoscope frequently.

### LAST OF BACHELORS IS ON STARVATION DIET

North Yakima, Wash.—Lee Tittle, one of the pioneer bachelors of North Yakima, has sworn off eating. It is not that Mr. Tittle has no one to cook his meals or that the cooking is not good enough. Mr. Tittle is carrying about 30 or 40 pounds more weight than he really needs and has adopted the foodless method of getting rid of the surplus. He has not eaten dinner since January 6. His diet for breakfast, luncheon and supper consists of hot water. The menu is varied by sometimes flavoring the hot water with lemon juice. He has lost 26 pounds and is disap-

pointed that it isn't more. He has not fixed any time limit for his total abstinence, and will begin eating again when he thinks his weight is low enough. Meanwhile, he says, he suffers no discomfort. Mr. Tittle is the last of the Un'on Club, a group of young men bachelors who had club quarters a few years ago, but who all wedded since, leaving Mr. Tittle to shift for himself.

### BAD FOR VOICE, MADAME.

Songstress Said by Tobaccoist to Owe Him \$184 for Cigarettes.

New York.—Whether Mrs. Marie Estella Markham, a soloist of Nashville, Tenn., is Lady Nicotine or Lady Bountiful, was up to the supreme court to decide, when William F. Mathues, a wealthy tobaccoist in reply to Mrs. Markham's suit to recover \$1,520 on an alleged loan from him, alleged that the Southern songstress owes him \$184 on a cigarette bill. Mathues denies obtaining the money. In his counter claim he says Mrs. Markham purchased the cigarettes between November 9, 1910, and August 24, 1911, making it seem that twenty seven cigarettes a day were consumed.

### SUGAR FACTORY QUITS GRAND RONDE VALLEY

La Grande, Or.—The La Grande sugar factory is to be dismantled. After several years of unsuccessful effort the Amalgamated Sugar company has given up the fight. Lack of labor to grow beets is the real cause of the change of plans.

## BABY PITIFUL SIGHT WITH ECZEMA

Completely Covered, Bandaged from Head to Foot. Dared Not Wash Him. Used Cuticura Soap and Ointment 4 Weeks and He Was Cured.

"A few days after birth we noticed an inflamed spot on our baby's hip which soon began spreading until baby was completely covered even in his eyes, ears and scalp. For eight weeks he was bandaged from head to foot. He could not have a stitch of clothing on. Our regular physician pronounced it chronic eczema. He is a very able physician and ranks with the best in this locality, nevertheless, the disease began spreading until baby was completely covered. He was losing flesh so rapidly that we became alarmed and decided to try Cuticura Soap and Ointment."

"Not until I commenced using Cuticura Soap and Ointment could we tell what he looked like, as we dared not wash him, and I had been putting one application after another on him. On removing the scale from his head the hair came off, and left him entirely bald, but since we have been using Cuticura Soap and Ointment he has as much hair as ever. Four weeks after we began to use the Cuticura Soap and Ointment he was entirely cured. I don't believe anyone could have eczema worse than our baby."

"Before we used the Cuticura Remedies we could hardly look at him, he was such a pitiful sight. He would fuss until I would treat him, they seemed to relieve him so much. Cuticura Soap and Ointment stand by themselves and the result they quickly and surely bring is their own recommendation." (Signed) Mrs. T. B. Rosser, Mill Hall, Pa., Feb. 20, '11. Cuticura Soap and Ointment sold throughout the world. Send to Potter Drug & Chem. Corp., Dept. 29A, Boston, for a liberal sample of each, post-free, with 32-p. book on the skin.
