### CANAL ON MARS HAS DOUBLE CAPACITY

Astronomers Believe Change Indicates Artificial Construction. Flagstaff, Ariz.—Observations at the Lowell Observatory show that the Martian canal Titan has doubled since the last presentation of this region six weeks ago. The canal then was a single gossamerlike filament running nearly straight north from the Gulf of the Titans across the equator and far into the northern hemisphere of the planet.

A perfectly parallel line has now appeared to the east of it, the distance separating the twins, being somewhat more than a hundred miles. Both filaments have no appreciable width and they leave similar caret-like nicks in the east line as starting points. Although of no sensible width, these canals are perfectly straight and enormously long, exceeding two thousand miles. They are strongest nearest the nicks and have been increasing in visibility northward, which shows that what gives rise to them is slowly traveling down the disk from the southern hemisphere, where for months the snow cap has been melting, into the northern one, which is just entering upon its spring. They leave the great blue-green areas of one hemisphere to traverse the immense equatorial region to oasis in the other.

This doubling of certain Martian canals at certain seasons is one of the mysteries of the great planet. It is one of the many proofs that the canals are of artificial construction.

### STAMPEDE FOR GOLD CAMP WITH 60 BELOW

New Diggings on Sixty-Mile River Attract Soundboughs from Dawson.

Dawson, Yukon Ter.—With the temperature 60 below zero, the stampede to the new gold diggings at Sixty Mile continues. Prospectors are getting to work, the low temperature being to their advantage, as the wet ground is frozen down to bedrocks, making it easier to sink shafts. Machinery is being taken to the new camp, roadhouses are being opened every 10 or 20 miles along the road from Dawson, and one store has already been established at Ledge City.

The gold commissioner has changed the name of the main south fork of Sixty Mile river, on which the discovery was made, to Matson Creek after John Matson, the discoverer who first prospected the ground 14 years ago.

### SINGS "AMERICA," SAVES LIVES

Averts Panic When Motion Picture Film Burns.

Livingston, Mont.—When a picture film caught fire in a local theater and 400 persons in the house started a rush for the exits, Mrs. E. Powers White, wife of the owner of the theater, rushed to the stage and began to sing "America," thus staying the panic. She explained later there was no danger and the audience sat down. The picture machine operator was burned on the face and hands.

### ROOSEVELT AND DAUGHTER JUMP 50 FEET ON SKIS

Oyster Bay, N. Y.—Theodore Roosevelt passed one day this week skilling down the slopes of Sagamore Hill and practicing long jumps. He had as a companion his daughter, Ethel. Both are fairly expert at the sport and made many 50-foot jumps. "Don't suggest politics to me today," he said. "This is my day off."

### THE FATNESS OF HEALTH.

Simose Pills Out the Curves and Makes Thin People Fat.

If you are thin, your health is not it should be. If you are losing weight steadily, there is something wrong that should be attended to at once. You cannot be healthy and strong if you are thin.

Perfect health and good, solid beautiful flesh can only come through the use of Simose, the remarkable flesh-forming food.

This makes the thin and scrawny, plump and robust, it mixes with the food so that all of the elements that make solid bone firm muscle and good flesh are thoroughly assimilated and retained in the system.

Simose is not a drug or a stimulant; it is a scientific flesh forming food that restores thin people to a normal condition of good healthy flesh.

These statements are confirmed by Koeppen & Bros., who offer to refund the money to anyone buying and using Simose who does not gain in weight as promised. The risk is all Koeppen's. The thin and scrawny can buy Simose at druggist Koeppen & Bros. store, with the knowledge that if it is not successful it will cost absolutely nothing.

## YOUR GRAY HAIRS QUICKLY VANISH

A feeling of sadness accompanies the discovery of the first gray hairs, which, unfortunately, are looked upon as heralds of advancing age. Gray hairs, however, are not always an indication of advancing age, for many people have gray hairs quite early in life. Of course, it is natural, and indicates that there is something wrong with the individual, and that Nature needs assistance in correcting the trouble. The same is true of hair that is constantly falling out and becoming thinner every day. If everything is right with Nature, the hair, even in comparatively elderly people, should be long, thick and glossy, without even a streak of gray.

The ideal assistant to Nature in restoring and preserving the hair is Wyeth's Sage and Sulphur Hair Remedy, a clean and wholesome dressing for daily use. It not only removes dandruff, but strengthens weak, thin and falling hair and promotes its growth. A few applications will restore faded or gray hair to its natural color.

Get a bottle today and let it do for you what it has done for thousands of others.

This preparation is offered to the public at fifty cents a bottle and is recommended and sold by special agent, Pendleton Drug Co.

### \$100 Per Plate.

was paid at a banquet to Henry Clay, in New Orleans in 1842. Mightily costly for those with stomach trouble or indigestion. Today people everywhere use Dr. King's New Life Pills for these troubles as well as liver, kidney and bowel disorders. Easy, safe, sure. Only 25 cents at Koeppen's.

## Croup Ends Life

Many Children Die of Croup Every Year Before a Doctor Can Be Summoned.

Parents of children should be prepared at all times for a spasm of croup.

Keep in the house a remedy that will give instant relief and keep the child from choking until the arrival of a physician.

Get a 50 cent bottle of HYOMEI today and in case of an attack of croup pour 20 drops into a kitchen bowl of boiling water. Hold the child's head over the bowl so that it can breathe the soothing, penetrating vapor that arises. In the meantime send for a physician.

This treatment has saved the lives of many children and is a precaution that all parents should promptly take.

HYOMEI is sold by Tallman & Co. and druggists everywhere and is guaranteed for croup, catarrh, asthma and bronchitis.

### SHOWER-BATHS

are a luxury; few people would be without them. Of course, there are many sorts. A visit to our establishment will give you

### AN OPPORTUNITY

of inspecting the best. We will install them for you at no great cost. All our plumbing—installations and job-work—is done right and at moderate charge.

## HERMISTON MAY HAVE PUBLIC MAUSOLEUM

### PROPOSED CEMETERY MAY SOON BE ABANDONED

Structure As Planned May Cost Ten Thousand Dollars and Last Forever—To Be Patterned After New Orleans Vaults.

Hermiston, Ore., Jan. 24.—There is a plan being discussed here to erect a public mausoleum instead of providing a cemetery. Although the cemetery committee has been formed and incorporated, they have as yet purchased no land, but have an option on a piece. The idea of a public mausoleum is tending now to supplant the work of the committee and is gaining ground rapidly among the citizens. It is now proposed to erect a building somewhat on the order of the private mausoleums at New Orleans, the material to be of concrete and iron which would last forever. The cost of such a building for the burial of at least 250 persons. The building would contain a driveway through the center with tiers of single and double vaults on each side, each vault having cement walls and would be sealed. Provisions would be made for suitable tablets and places for flowers. Such a building may be built either by the people or by private enterprise and would take about five acres of land.

### Leap Year Party.

A leap year party will be given at Hermiston hall on the evening of January 26th. This is to be given by Mrs. Hinkle, Mrs. Briggs, Mrs. Littler, Mrs. Rayhill and Mrs. Bauschard. Invitations have been mailed.

Oliver P. Morton the reclamation attorney, is spending a few days on the project on business. He states that the engineers are to hold their board meeting here commencing on the 29th of this month. Rooms are being fitted up near the government building.

Mr. A. C. Cross of Spokane is the guest of H. T. Irwin. Mr. Cross is looking over the project with a view

to purchasing land here. Mr. M. D. Dishon has gone to Spokane. Mr. J. K. Shotwell and W. H. Skinner are now in Spokane on business.

### EXTRA LEAP YEAR RATE.

Livermore Justice of Peace Will Charge Double for Weddings.

Livermore, Calif.—George S. Fitzgerald, veteran Justice of the Peace here, has been reading of justices who say they will marry leap year couples free, and he says:

"Marry these leap year couples free! Not on your life. I'll charge them double price. Any girl that can't get a fellow who cares enough for her to carry her away can't get married free by me. Why a girl who has the nerve to propose is surely capable of knowing the size of her husband's pocketbook and then a wife is worth something anyway."

Fitzgerald was formerly Constable of this township. He was close personal friend of the late Harry N. Morse and hunted Mexican bandits with Morse in the early days.

### "COUNT" DOESN'T GET GIRL.

Man Who Would Have Sold Daughter for \$50,000 Is Divorced.

Pittsburgh, Pa.—Tears were shed in Judge Ambrose B. Reid's court when Mrs. Frances B. Lisbon, suing her husband, Harry D. Lisbon, for divorce, told of how her husband wanted to sell their six-year-old daughter, Margaret, to an "Italian count" for \$50,000. Judge Reid immediately granted her the divorce.

The young wife said her husband came home one night several weeks ago and breathlessly proclaimed:

"Oh, Bessie, we can get rich. An Italian count has just promised to give \$50,000 for little Margaret. We'll let him have the baby and we'll get the money. We'll be rich, Bessie. I told him I would bring Margaret to him if you would consent."

Mrs. Lisbon fainted. The husband angered, left the house, and the next day Mrs. Lisbon entered divorce proceedings against him.

### JAGS OF 9 KINDS WHEN "WETS" WIN

Ohio County Accumulates 57 Saloons in 68 Days—The Result.

Portsmouth, O.—It is sixty-eight days since Scioto county, after three years' drought voted to reestablish

the saloon, and fifty-seven saloons have been opened here. In that time the "Drys" claim to have discovered the following nine varieties of alcoholism:

The common drunk. A man zig-zags when he walks.

The fighting; He thinks himself the "white hope."

The holiday; Otherwise the "joy souse."

The home terrorizing; When a man is possessed by Old Nick himself.

The wife-deserting; When conscience, or lack of it, makes him run away.

The murderous; When 'the rest of the race appear superfluous.

The fatal accident; When he goes to sleep on the railroad track.

And ninth, and last—

The dead drunk; When the world fades away.

### OLD TIME CRUELTY.

One Time When Surgery Is Often Needless Torture.

Many operations for piles are simply needless torture, for when it's all over the piles come back.

The one fine way to be rid of piles for good is to use Dr. Leonhardt's HEM-ROID. It cures piles by doing away with the cause—poor circulation.

\$1 for 24 days' treatment at Pendleton Drug Co. and all druggists. Satisfaction guaranteed. Dr. Leonhardt, Co., Station B, Buffalo, N. Y. Prop. Write for free booklet.

### A Girl's Wild Midnight Ride.

To warn people of a fearful forest fire in the Catskills a young girl rode horseback at midnight and saved many lives. Here deed was glorious but lives are often saved by Dr. King's New Discovery in curing lung trouble, coughs and colds, which might have ended in consumption or pneumonia.

"It cured me of a dreadful cough and lung disease," writes W. R. Patterson, Wellington, Tex., "after four in our family had died with consumption and I gained 87 pounds." Nothing so sure and safe for all throat and lung troubles. Price 50c and \$1.00. Trial bottle free. Guaranteed by Koeppen's.

### EXPLODES POPULAR SUN SPOT THEORIES

turbances on Old soil Do Not turbances on Old Soil Do Not Affect Earth.

New York.—The universal belief that sun spots were responsible for various disturbances on the earth was declared to be unfounded by Prof. William R. Brooks, the well-known astronomer, in a lecture delivered before a large audience in the auditorium of the West Side Y. M. C. A.

"Many people now believe and it was generally believed years ago that famines, cholera, epidemics, the rise and fall of stocks, hurricanes and extreme hot or cold spells were due to some disturbances on the sun, but conservative astronomers all now agree that there is no foundation for such belief," he declared. "Very of-

ten it has occurred that something remarkable has happened upon some part of the earth at the same time that a large spot was located upon the surface of the sun, but this is merely a coincidence. About the only effect a sun spot has upon the earth is that two or three nights later an aurora makes its appearance."

The lecture by Professor Brooks, who is the discoverer of the famous "Brooks' comet," which made its appearance last summer, was illustrated with colored pictures. The professor in referring to the heat of the sun's rays, declared that each square yard of sunlight when it reached the earth was capable of one horsepower. He stated that if the sun's rays which drop on Manhattan island each day were made capable of driving machinery they would be able to move every steamship in the world.

"Many people believe," said the lecturer, "that the position of the horns of the new moon denote the kind of weather we are likely to have, but there is no connection between the position of the moon and the weather possibilities."

Charles Durham, Livingston, Ill., has succeeded in finding a positive cure for bed wetting. "My little boy wet the bed every night clear thro' on the floor. I tried several kinds of kidney medicine and I was in the drug store looking for something different to help me when I heard of Foley Kidney Pills. After he had taken them two days we could see a change and when he had taken two-thirds of a bottle he was cured. That is about six weeks ago and he has not wet in bed since." Sold by all dealers.

### HOLD EXAMINATIONS FOR NAVAL ACADEMY THIS WEEK

University of Oregon, Eugene, Ore., Jan. 24.—From the number of entries in the competitive examination to be held at the State University Thursday, Friday and Saturday of this week, which is to determine two appointments to the Naval Academy at Annapolis, it would seem that a military or seaman's life does not hold any vigorous appeal to the young men of the state of Oregon. So far but six have signified their intention of trying for the appointments. It may be that the high school boys of Pendleton are not aware of this excellent opportunity to get into the Naval Academy. There is no political, social, or family pull connected with these two appointments, which are to be made this spring. Candidates must be between seventeen and twenty years old. The two young men who pass the highest mental tests in Algebra, Geometry, Arithmetic, Grammar, Geography, Writing, Spelling, Reading, Ancient History and United States History, and also the highest physical tests, will be given the appointments. The examinations are given by the University, the appointments are made by Senator Chamberlain. Entries will be open until Thursday morning, January 25, at eight o'clock.
