

S.S.S. REMOVES THE CAUSE OF CATARRH

No remedy that does not entirely remove the cause of Catarrh from the blood will ever make a permanent cure of the trouble. Just as long as the circulation remains contaminated with the impurities and catarrhal matters which produce the trouble, the mucous membranes or inner linings of the body will be kept in a state of irritation and disease. Sprays, lotions and other local applications will sometimes temporarily relieve the tight, full feeling in the head, buzzing noises in the ears, uncomfortable, stuffy feeling of the nostrils, and help to loosen the mucus in the throat; but Catarrh is a constitutional blood disorder and until it has been entirely driven from the system there can be no permanent cure. S. S. S. cures Catarrh by removing the cause from the blood. It attacks the disease at its head and by thoroughly purifying and cleansing the circulation, and ridding it of every particle of impurity, and at the same time enriching the blood, allows the inflamed and irritated membranes to heal, improves the general health, and stops every disagreeable symptom. S. S. S. reaches down to the very bottom and leaves no trace of the disease in the system. Book on Catarrh and any medical advice free to all who write.

MORE LAMBS THAN EVER KNOWN AT PORTLAND

Sheep Market in Better Condition Than Other Divisions—Cattle Being Held Over—No Hogs Arrive—World's Wheat Is Down.

(From Tuesday's Journal.) All through the livestock market and with only the possible exception of old sheep, the market is lower at North Portland. The country seems to be full of lambs and recent offerings in that line have been the greatest ever known in the trade here for similar season. On this account alone the market is really weak. Top lambs would probably bring \$5.50 at this time, but that is the extreme limit and it is a question whether such a price would be obtainable if anyone had a round lot to offer. Notwithstanding the extreme weakness for lambs, there is a rather steady to firm appearance in the trade in the sheep market generally. Yearling wethers are rather firm at \$4.75 for tops, with \$4.50 available for No. 2 stock. Old wethers are generally quoted at \$4.25 while best ewes range close to \$4@4.10.

There were no arrivals in the sheep division of the local market today. For that reason prices were not tested since late yesterday afternoon. Business at that time gives promise of a continuation of the excellent demand for old mutton, and a poor inquiry for lambs at the prices quoted.

MOTHER FIGHTS FOR CHILDREN

Mrs. Robert E. Voll of New York Struggles for Ten Hours With Insane Servant.
New York, Jan. 23.—A desperate battle for the lives of two little children was terminated by the quick wit of Mrs. Robert E. Voll, their fearless mother, who, when on the point of succumbing through fatigue, put forth all her strength, and with an energy born of desperation, pushed an insane domestic with whom she had been battling for over ten hours, through the door of her parlor turned the key in the lock and staggered to the telephone to summon aid. The servant, Mrs. Jennie Byrne, was taken to the King's county hospital where she died a few hours afterward.

The Vollis live in Brooklyn where the husband is the proprietor of a hotel. Shortly after Mr. Voll left for his place of business last night the Byrne woman became violently insane, seized a carving knife and threatened the lives of Mrs. Voll's two sons, Robert, 13 and William, 11. Mrs. Voll grappled with the frenzied servant and the two women fought all over the place at intervals all through the night until Mrs. Voll succeeded in locking her in the parlor.

MOOSE SUED BY MAN CHARGED WITH INSANITY

Spokane, Wash.—Henry A. Francisco of Spokane was sued for \$15,000 damages from the local lodge of the Loyal Order of Moose as a result of charging him with insanity. In an action filed in the Spokane county superior court yesterday he alleges that the visiting committee of the lodge, of which he is a member, instituted a charge of insanity against him last August, following an illness of four weeks in June and July, 1911, and that he was discharged at a hearing after being examined by county and other experts. Francisco says in his complaint that the action of the lodge has injured his reputation and as a result he is unable to secure employment and is made the target of ridicule and abuse. Before he was stricken by sickness he was engaged as foreman of construction on several important works; but since then, he says, he has not been able to obtain work anywhere. The lodge will contest the damage suit.

MRS. LARAMORE TELLS TROUBLES

Lady in Goodwater Describes Her Distressing Experience and Tells How She Was Finally Relieved.

Goodwater, Mo.—"Ever since I was a little girl," says Mrs. Riley Laramore, "I was a great sufferer from dyspepsia. I suffered misery after eating, and had terrible heartburn. I thought I had to suffer this way as long as I lived, but when I began to take Thedford's Black-Draught, in small doses, every night, the heartburn was all gone in a few days, and I could eat without distress. I took two small packages in all, and although that was some time ago, the dyspepsia has not returned. I speak a good word for Thedford's Black-Draught whenever I have the opportunity."

If eating causes distress, we urge you to try Thedford's Black-Draught. It cleanses the system, helps the stomach to digest its food, regulates the bowels, and stimulates the liver. It acts gently and is without bad after-effects. Try it. Price 25c.

and Metline Falls, Wash. The water is appropriated for the development of electrical power for manufacturing and irrigation. The company will build a dam and power plant at each of the three points. The river has a fall of more than 500 feet in the nine miles covered by the filing, thus making possible the development of an almost unlimited amount of power. S. H. Anschell of Metline Falls, said today on returning from Vancouver, B. C., that he has interested capital to finance an electric or steam railroad from the boundary to Colville, by way of Metline Falls, 61 miles, also that it is likely the line will be extended from Colville southward to Spokane. Mr. Anschell has no connection with the International Power company. Milwaukee and Canadian capitalists are chiefly interested in his project, which will serve a large territory in the northern part of Stevens county not now tapped by a railroad.
