SCHOOL HAS ONLY ONE PUPIL.

Wisconsin Board, However, Refuses to Close the Institution.
Mantowoc, Wis.—The town of Franklin has one of the most unique cases of small schools known to Wisconsin. District No. 3, that county, is paying \$500 per annum for support of a school where there is only one pupil. A suggestion that the district close the school and send the

pupil to another school was not favored by the school board.

MAINE RELIC FOR PITTSBURGH

Fighting Top of Battle Ship May Surmount Jenkin's Grave.
Pittsburgh.—The fighting top, which for thirteen years protruded from the water above the wreck of the battleship Maine in Havana harbor, will probably have its final resting place above the grave of Lieutenant F. W. Jenkins, who was lost with the ship. His body is buried here.
The bringing of the top to Pittsburgh has been urged by the American veterans of foreign service, and Major R. G. Woodside, commander of McKinley Post, has received a letter from Secretary Meyer, stating that Pittsburgh's request of the navy would be given consideration.
This was assurance received from Pennsylvania congressmen. Major Woodside says, makes almost certain that the relic will be brought to Pittsburgh.

IS "POETRY" A CHICKEN?

Hens and Peggans Tangled by Japanese Sent Here on Official Inquiry.
Tacoma, Wash.—K. Sato, en route from Seattle to Boston, carries in his notebook the names of Longfellow, Emerson and Lowell as American authorities on the subject the Japanese government sent him to this country to study—the art of raising poultry.

On his way across the Pacific on the Mexico Maru, which arrived here Thursday, K. Sato confided to American passengers that he had come over officially to study American "poetry," and asked to what city he had best go. Boston and Indianapolis were recommended as centers of American poetry and the names of Longfellow, Emerson and Lowell given him.
Local newspapers made much of the fact that Japan had officially commissioned an envoy to study American poetry. Just before leaving for Boston Saturday, Sato read a paper and in some excitement urged a countryman to have it made plain that he came to investigate hens, not rhymes.

PAY FOR LONG SERVICE ASKED

Indiana Plaintiff Says He Was Unrewarded for 30 Years Toil.
Indianapolis.—In an amended complaint filed in the Marion circuit court, Joseph J. Doan of Hendricks county was attempting to cheat and defraud him.
Slinger azer that he was taken from an orphan asylum in Cincinnati, Ohio, in 1879 and placed on the farm owned by Christie. He was made to work all the time and was not given an education, he says. In 1909 he alleges he demanded \$5500, which, he believed, was due him for his work, and Christie took him to Danville on the pretense of making the settlement. Instead, Slinger says, Christie got him into court and had him adjudged of unsound mind.
Doan was appointed his guardian and a suit was filed for the money alleged to be due. Doan settled for \$100, the plaintiff avers. He asks the \$7500 he says is due for services, and in addition \$5500 for damages. The case was filed in the Hendricks circuit court and venue here.

CROSSED FINGERS; OATH VOID.

New Trial to Be Asked Because of Witness' Queer Performance.
St. Joseph, Mo.—Because the star witness for the defense in the divorce case of Helen Damitory against Philip Demitroy had his fingers crossed while his hand was raised to be sworn in Judge William K. Amick's division of the circuit court a new trial of the case will be asked for by Joseph Goldman, attorney for Mrs. Damitroy.
The court gave the husband a decree on his cross-bill.
The fact that the fingers of the witness, Mike Ponto, were crossed during the administering of the oath, was observed by Judge W. D. Rush of division No. 2 of the circuit court and he casually mentioned it to Judge Amick, but it was then too late to repair any damages that may have been done, as the witness had told his story and had left the court-house.
When Attorney Goldman was apprised of Ponto's manner of taking oath, he said he believed it provided ground for a new trial.

Sees Again; Dies of Joy.

New Haven.—Charles E. Hooghkirk of this city, the oldest past master of Masons in Connecticut, died as the result of joy following recovery of his sight.
Mr. Hooghkirk was 85 years old. He became blind two years ago and an operation restored his sight.
He was about to be taken home from the hospital when he died.

FOLKS PAST FIFTY MUST USE CASCARETS

What Glasses Are to Weak Eyes, Cascarets Are to Weak Bowels—A 10-cent Box Will Truly Amaze You.
Most old people must give to the bowels some regular help, else they suffer from constipation. The condition is perfectly natural. It is just as natural as it is for old people to walk slowly. For age is never so active as youth. The muscles are less elastic. And the bowels are muscular. So all old people need Cascarets. One might as well refuse to aid weak eyes with glasses as to neglect this gentle aid to weak bowels. This is important at all ages, but never so much as at fifty.
Age is not a time for harsh physics. Youth may occasionally whip the bowels into activity. But a lash can't be used every day. What the bowels of the old need is a gentle and natural tonic. One that can be constantly used without harm. The only such tonic is Cascarets and they cost only 10 cents per box at any drug store. They work while you sleep.

Danderine

Grows hair and we can prove it

Hair Becomes Soft, Fluffy, Lustrous and Beautiful Immediately After a Danderine Hair Cleanse

Get a 25 Cent Bottle Now and Forever Stop Falling Hair, Itching Scalp and Dandruff

A little Danderine now will immediately double the beauty of your hair—No difference how dull, faded, brittle and scraggy, just moisten a cloth with Danderine and carefully draw it through your hair taking one small strand at a time. The effect is immediate and amazing—your hair will be light, fluffy and wavy and have an appearance of abundance; an incomparable lustre, softness and luxuriance, the beauty and shimmer of true hair health.

Try as you will after an application of Danderine, you cannot find a single trace of dandruff or a loose or falling hair and your scalp will not itch, but what will please you most will be after a few week's use when you will actually see new hair, fine and downy at first—yes—but really new hair—sprouting all over the scalp.

Danderine is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. Its life-producing properties cause the hair to grow abundantly long, strong and beautiful.

Get a 25 cent bottle of Knowlton's Danderine from any drug store or toilet counter and prove to yourself tonight—now—that your hair is as pretty and soft as any—that it has been neglected or injured by careless treatment—that's all—you surely can have beautiful hair and lots of it, if you will just try a little Danderine. Real surprise awaits you.

GUN IN BOY'S HANDS WOUNDS HIM, KILLS MOTHER

Clarke County Youth, 16 Years Old, Forgets Weapon is Loaded and Strikes the Trigger While Cleaning It; Bullet Enters Parent's Side.

Vancouver, Wash.—Mrs. Bertha Schweitzer died at her home near Black's mill, between Orchards and Froebel from the effects of a gunshot wound she received Sunday afternoon when a gun her son was cleaning was accidentally discharged, the bullet passing through the son's hand and striking her in the side. The boy, aged 16 years, had apparently forgotten that the gun was loaded and accidentally struck the trigger against something.
Mrs. Schweitzer had been living in Clarke county about six years, having moved here from Portland.

WRECKED BY STUDY, YOUTH KILLS HIMSELF

Ashland, Or.—Frederick Joseph Roche, son of J. F. Roche of this city, committed suicide, the result of despondency over a nervous breakdown from overstudy in the engineering department of the University of Colorado about four years ago, from which he was unable to recover. He arose about 11 o'clock and had breakfast without dressing. His mother said he seemed weaker than usual and while he talked intelligently of various things, he was sleepy and listless. She asked if he felt tired and he replied that he did and she went from the room to leave him in quiet. He watched her closely while she was in the room and soon after she had gone upstairs, she heard a noise but did not immediately go down, as it sounded like the closing of a door. When she did return to the lower floor she did not see him and upon investigation found him in his father's den, a place he seldom entered, lying upon the floor with a wound in his head. He had taken his father's .30.30 rifle and shot himself, the bullet entering above the ear and coming out on the other side.

HE BLAMES "NICKEL FIRST."

That Style of Telephone Let a Fire Gain Headway.

Chicago.—The "nickel first" telephone, over which the city council and the telephone company are at loggerheads, according to Fire Captain Foley, delayed the firemen in fighting a fire which destroyed a laundry, causing damage of \$100,000.

Captain Foley said he tried to send in a call for more engines as soon as he arrived at the fire, but was delayed for five minutes because the telephone which he tried to use was a "nickel first" instrument. The captain had no nickel and while he vainly sought for change the flames gained headway.
"Minutes count when a fire starts," said Foley. "The other engines, had they arrived sooner, might have checked the fire."

Backache

Is only one of many symptoms which some women endure through weakness or displacement of the womanly organs. Mrs. Lizzie White of Memphis, Tenn., wrote Dr. R. V. Pierce, as follows:

"At times I was hardly able to be on my feet. I believe I had every pain and ache a woman could have. Had a very bad case. Internal organs were very much diseased and my back was very weak. I suffered a great deal with nervous headaches, in fact, I suffered all over. This was my condition when I wrote to you for advice. After taking your 'Favorite Prescription' for about three months can say that my health was never better."

Dr. Pierce's Favorite Prescription

Is a positive cure for weakness and disease of the feminine organism. It allays inflammation, heals ulceration and soothes pain. Tones and builds up the nerves. Do not permit a dishonest dealer to substitute for this medicine which has a record of 40 years of cures. "No, thank you, I want what I ask for."

Dr. Pierce's Pleasant Pellets induce mild natural bowel movement once a day.
