### 3 PENDLETON BOYS ON U. OF O. TEAM

Pendleton will probably be represented on the northwest intercollegiate championship track team this year by three young men, according to dispatches from the University of Oregon which institution is credited by dopesters with having the best material of any of the conference colleges. James Johns, Tom Boylen and Nat Kimball are the three local boys mentioned as strong possibilities in the squad turning out for training under Bill Hayward.

Young Johns, who has been a star point winner in the 440 and shorter dashes for the past three years, will be one of Hayward's principal athletes again this year and promises to finish his track career with even greater triumphs than have been his in past seasons. Boylen, well known star of many races in the inland empire, is mentioned in dispatches as the most promising freshman who has yet donned the spikes. In the recent interclass relay race at the state university, he ran his half mile in better time than any participant from any class and all of Hayward's veteran distance men were entered, too. Kimball, another Pendleton boy who has helped the local high school team to more than one victory in the past, is spoken of as a likely skipper in the hurdles, one who is not likely to be far in the wake of Martin Hawkins, present holder of the coast record in the high sticks.

Soup made of wasps in regarded as delicacy in China.

**Pastor Fatally Injured.**  
Levingston, Mont.—The Rev. Roland C. Ross, pastor of the Congregational church at Clyde Park, who recently came here from St. Louis Park, Minn., was struck by a runaway delivery team and sustained fatal injuries. The pastor, who is an elderly man, was unable to see the runaway team in the dark. He was dashed to the ground and when picked up was dying. He was carried to the home of his son, the Rev. E. W. Ross, pastor of the Congregational church here.

### AGED ALBANY CITIZEN DIES ALONE IN WOODS

Albany, Or.—G. Bailey, who resided with her son, R. A. Bailey, four miles north of Albany, left his home Monday morning, as was his custom, but did not return. Monday night his relatives commenced to search for him and were not successful in locating him until they found him dead in a patch of timber about a mile southeast of his son's residence. He was over 80 years old. He had been in ill health for some time and was very feeble. He is survived by five children.

### FIRE DESTROYS FARM HOME.

**Loss of Rancher Near Colville Is \$5000.**  
Colville, Wash.—The farm residence of O. F. Stewart, on the Reynolds tract, one mile north of town, with its contents was totally destroyed by fire. With his family, Mr. Stewart was at the theater at the time. As the house was outside the city limits there was no water within the reach. The loss will aggregate over \$5000 and was only partially insured.

More weather to send more home-seekers from the frozen up regions to Oregon.

### Newsy Notes of Pendleton

**Purvis Goes to Boise.**  
Judge Miller Purvis, who scolded the birds at the local poultry show, left yesterday for Boise where he will act in the same capacity at the poultry exhibition this week in that city.

**Fred Koepke in California.**  
Dr. Fred Koepke, who passed his school days in Pendleton and is well known to many local residents, is now practicing the profession of medicine at Watsonville, California. After leaving here Koepke studied medicine and was abroad for a time.

**Visiting Harry Ritner.**  
Daniel D. Stiltz, a civil engineer of Needles, California, is now here upon a visit with his friend, Harry Ritner. He arrived from California this morning and was taken to the Ritner Storie ranch by R. W. Ritner.

**N. P. Officials Here.**  
A party of Northern Pacific officials, under the guidance of J. G. Cutler, in charge of the Pendleton-Pasco branch, arrived at 3 o'clock this afternoon aboard the open air motor car belonging to the N. P.

**Revivals at Baptist Church.**  
Rev. Herbert T. Cash, pastor of the Baptist church, is conducting revival services tonight and every night this week at 7:30. He extends a cordial invitation to the public to participate in these services. Evangelist J. Bruce Evans, of Pasadena, California, will be on the field to assist the pastor by Thursday of this week.

**No. 5 on Time Again.**  
For the first time in many weeks, No. 5, west bound morning train, came into Pendleton this morning on time. Snow and bad weather for the past few weeks and disorders attending the beginning of the strike for a few weeks before, caused the train to pull into the station anywhere from an hour to six hours late.

**Returns Home With Bride.**  
Joseph N. Bohl, well known young manager of the Ford Motor Car Agency, surprised his many friends here yesterday by returning from a trip to Seattle with a bride. He was married Saturday evening in the Trinity Parish church in the Sound city to Miss Florence L. Mitchell, daughter of Mr. and Mrs. John L. Mitchell, well known society people of that city. Mr. and Mrs. Bohl will make their home in this city.

**A Three Corned Fight.**  
Jim Blaine, Paul Bomsen and Guy Hayes engaged in a three cornered fight in a local livery stable and as a result all were more or less bruised up. They were all arrested on drunk and disorderly charges and given five days in jail apiece. Edward Davy, who assaulted one of the inmates of the bawdy houses on Cottonwood street while under the influence of liquor, was fined \$25. Ross Emmett forfeited bail of five dollars on a disorderly conduct charge.

**More Smallpox at Athens.**  
Reports come from Athens that another case of smallpox has broken out in that town, Ernest Zerba, assistant cashier of the first National bank, being the victim. He had attended the old gentlemen who recently died of that malady and three days ago displayed symptoms of the disease. However, he remained at home several days prior to breaking out, and no fear is entertained that the disease will spread among the other employes of the bank. This is only the second case reported in Athens despite reports of an epidemic there.

**Divorced Week Ago; Can't Marry.**  
Although she had been divorced only a week, a woman whose name is said to be Mrs. Pierce and whose home is either in Kennewick or Garfield, Wash., appeared at the court house this morning to secure a license to wed a man from her home city and whose name is said to be M. A. Davis. The couple were much taken aback when they learned that Oregon has a law just as his Washington making it unlawful for a divorced woman to marry again until six months after the issuance of the decree. Perry Whitworth of Echo had better luck, though, for he had been divorced from his first wife just six months and a day so that he secured a license to wed Chaffie Williams without trouble.

**May Get G. P. A. Convention.**  
Secretary J. E. Keefe of the Commercial association today received two answers to his recent invitations to the North Coast Passenger association to hold its March meeting in Pendleton and the spirit as well as the contents of these letters indicate that the invitation will probably be accepted. One of the letters is from Waldo J. Paine, 2nd vice president of the Spokane & Inland Empire Railroad company, and he assures the secretary that the invitation when tendered formally to the association will be appreciated and in all probability accepted. A. D. Charlton, assistant general passenger agent of the Northern Pacific, declares that, while he is of the opinion that the March session of the association is promised, Pendleton will probably be chosen as a meeting place some time in the spring and in plenty of time to take up the matter of assisting the next Round-Up.

**FINDS ALMANAC OF 1777.**  
**Missourian Discovers Relic of Early Colonial Days.**  
Fulton, Mo.—A Father Abraham's almanac of the year 1777 is in possession of Wallace Williams, a retired Fulton newspaper man. He discovered the relic among his collection of old-time books. The periodical was printed and sold by John Dunlay in the News printing office at Philadelphia. The book is

bound in leather and its yellow pages indicate its old age. The almanac mentions the fact that it was the first year after leap year. Philadelphia in those days was the hub of the eastern territory and the book gives all the distances by highway to the principal cities in all directions from Philadelphia. Vehicles and omnibuses were the principal mode of travel. The old-style "y" and many terms now obsolete are used in the book. The periodical was given to Mr. Williams by a friend many years ago and long since dead.

### BOMB FOR THE W. C. T. U.

**Hot Shot From Woman Worker Because of Lack of Practical Results.**  
Philadelphia, Pa.—A bomb was exploded at the semi-annual conference of the Women's Christian Temperance union in Fletcher Methodist church, Fifty-Fourth and Master streets, by Miss Deeter of the Society to Protect Children from Cruelty. Taking the platform, she put some very practical questions to the temperance advocates which rather stirred things up. She said she had understood that the Women's Christian Temperance union was calculated to uplift the unfortunate and do away with many of the present ills of society by introducing of pledges and discouraging the sale of spirituous liquors.

"What I want to know," Miss Deeter said, vehemently, "is what your society is doing in the way of pulling down intemperance. So far as I can see this great falling is as insurmountable as ever, unless official statistics are in error. My purpose in asking you this is through pure and simple curiosity, for I like to see results from an association of this kind. Have you homes for inebriates? Do you provide shelter for unfortunate women who are drunkards? So far as I know all these associations refuse to harbor such fallen creatures, which to my mind should be a strong feature in the work of the total abstinence cause. I have a keen interest in the uplifting of the masses, and I am anxious to decide whether such work as yours or the furthering of the universal franchise is the better cause to advocate."

**Curtis Gets Aero Club Cup.**  
Los Angeles, Jan. 29.—Glenn Curtis received a telegram from the Aero Club of America today, informing him that he has been awarded the club's annual trophy for the greatest advance in aviation during the year. Curtis' hydroplane it is believed, secured the honor.

Harvey is also a colonel, observe.
