

HEALTHY MOTHERS

Women who bear children and remain healthy are those who prepare their systems in advance of baby's coming. Unless the mother aids nature in its pre-natal work the crisis finds her system unequal to the demands made upon it, and she is often left with weakened health or chronic ailments. No remedy is so truly a help to nature as Mother's Friend, and no expectant mother should fail to use it. It relieves the pain and discomfort caused by the strain on the ligaments, makes pliant and elastic those fibres and muscles which nature is expanding, prevents numbness of limbs, and soothes the inflammation of breast glands. The system being thus prepared by Mother's Friend dispels the fear that the crisis may not be safely met. Mother's Friend assures a speedy and complete recovery for the mother, and she is left a healthy woman to enjoy the rearing of her child. Mother's Friend is sold at drug stores.

LIVESTOCK MARKET QUIET AT PORTLAND

KILLERS HAVE PLENTY OF STOCK FOR NEEDS

Few Good Cattle Quickly Purchased—No Hogs Received—Available Sheep Are of Poor Quality—Wheat Again Takes a Drop.

(From Wednesday's Journal.) There is a very dull tone in the livestock trade at North Portland. Killers seem to have their requirements in all lines and therefore the stuff that is coming forward at this time is not meeting with much competitive bids. In fact, receivers consider themselves lucky if they can get one buyer to look at their cattle.

The month of January has shown some wide fluctuations in the livestock trade. With the exception of hogs, which show an increase from the movement of a year ago the run of livestock at North Portland was less than then. The run shows in detail:

—January—	
1912	1911
Hogs	9,221 9,075
Cattle	8,106 9,306
Calves	200 383
Sheep	13,397 20,189

Cattle Trade Stagnant.
Trade in the cattle market at North Portland is stagnant. There were only limited arrivals available for the trade during the day. While 14 loads came forward since yesterday's report, 10 cars of these were for direct shipment to Frye & Co., at Seattle. These were purchased at Cazelle, Cal., and were merely fed and rested at North Portland. Three other loads came from California and these were offered this evening. Buyers were not quick to take hold.

North Portland cattle prices:

Select steers	6.00
Choice steers	5.95
Common steers	4.75@5.00
Feeder steers	4.75
Spayed heifers	5.50
Ordinary heifers	5.00
Fancy cows	5.00
Ordinary cows	4.25@4.50
Poor cows	3.50@3.75
Fancy light calves	7.75@8.00
Medium light calves	7.00@7.75
Fancy bulls	4.75
Medium bulls	4.50
Ordinary bulls	4.00
Stags	4.00

No Hogs Come Forward.
There were no arrivals in the hog division at North Portland for the day. This together with the small showing thus far this week would naturally cause a better feeling to rule.

WOMAN DIZZY PARTLY NUMB

Doctors Did Her No Good—Testifies How She Was Helped by Lydia E. Pinkham's Compound.

Zanesville, Ohio.—"Last fall I had female weakness very bad, and was nervous and run down. I was dizzy and had numb feelings and my eyes ached. I took doctor's medicines but they did me no good, so I decided to try Lydia E. Pinkham's Vegetable Compound. I did so, and now I feel stronger and better. I have told other women what Mrs. Pinkham's medicine has done for me and give you permission to publish this letter for the good of others."—Mrs. HULDA ERICSON, 506 Maysville Avenue, Zanesville, Ohio.

More Proof.
Burlington, Iowa.—"For years I suffered a great deal from female troubles. I had awful pains and felt sick nearly all the time. I saw Lydia E. Pinkham's Vegetable Compound advertised and heard that it had helped other suffering women so I felt sure it would do me good. Sure enough it did. The first bottle helped me and now I am a strong and well woman. I would not be without it in the house."—Mrs. ANNA HIGGINS, 1125 Agency St., Burlington, Iowa.

There need be no doubt about the ability of this grand old remedy, made from the roots and herbs of our fields, to remedy woman's diseases. We possess volumes of proof of this fact, enough to convince the most skeptical. Why don't you try it?

HUMAN BEING NOT A CHATTEL

Oklahoma Judge Rules Holding Child for Board is Illegal.
Muskogee, Ok.—That a human being cannot be used as a chattel and held as such for a debt is a decision rendered by District Judge R. H. DeGraffenreid.

The matter came up when Florence Evans left a 1-year-old baby with Mrs. Victor Logan and signed a contract to pay \$3 a week board. No board has been paid since last September.

The woman would not give up the child until its board was paid. The mother of the child then sent out a writ of habeas corpus, declaring that the child was held illegally.

The court granted the writ, holding that the boarding house keeper could not make a chattel of a human being.

WEST NOT AUTHOR OF GOOD ROADS BILL

PRESIDENT PRALL FRAMED PROPOSED IMPROVEMENT LAW

Governor Knew Nothing of it Until Submitted to Him For His Approval After Statewide Legislative Committee Had Sanctioned it.

Portland, Ore., Feb. 1.—"Except for a few minor alterations, I am the author of the highway commissioner bill. It was approved by the statewide legislative commission after thorough discussion. Governor West knew nothing of its provisions until submitted for his inspection and approval," said President C. T. Prall of the Oregon Association of Highway Improvement, yesterday in answer to an article which appeared in the Oregonian under a Salem date line, saying that the governor by approving the eight highway bills drafted by the statewide committee and adopted and printed by the good roads association, was building up for himself a great political organization.

"The idea of having the governor appoint the proposed highway commissioner was to centralize responsibility," he continued. "We believe that if the responsibility for the effectiveness of the highway commissioner should be pinned to the state's chief executive, rather than to be distributed among a commission of three to five members, the certainty of getting good work would be increased."

No Dictation Attempted.
"When the governor appointed the statewide good roads legislative committee he did not attempt to dictate its policy or suggest procedure. He made one request—that the committee strive to produce bills that when enacted into law would meet Oregon's necessity for better built highways. It is absurd and untrue to say that the governor of Oregon is playing politics in forwarding the good roads movement."

Mr. Prall added that the titles of the bills, the printed statement on the cover of the bills, and the information that they had been drafted by the statewide legislative committee as stated therein had been done in the office of the good roads association, and that the governor's only part in the entire matter had been to aid in the distribution of the bills so that every citizen of the state might know their contents before signing the initiative petitions or voting for the bills at the next general election.

"There has been absolutely no political thought or motive in all this good road campaign," continued President Prall. Oregon's greatest need is adequate good road legislation.

Highway Commissioner.
"We have been trying to construct a program equal to the need. Hence the provision for a state highway commissioner who shall be the best of his profession; for state aid of road building, for state bonds issued at the rate of \$2,000,000 a year for 10 years. This state now loses annually from bad roads much more than we propose to spend for good ones."

Planning to give a practical turn to the "Good Roads Week" which, by proclamation of Governor West, begins next Sunday, calls to get actively into the campaign are being sent from the good roads office to each of the statewide committees. In the same way good roads advocates of the city are being enlisted.

No advertising or reward offered for candidates is ever necessary.
