

# It's Expensive to Stay Away!

That is Why the Men of Pendleton are Hurrying to Take Advantage of the Most Sensational Offer Ever Made in This City

## \$12.50 to \$20.00 MEN'S SUITS

### This Store Never Does Things By Halves

You may rightly ask, "How can we afford to do it?" This is the quietest period of the year in the men's clothing business. The great success of our January Clearance Sale enables us to surpass the same month of last year by far, and we want to say the same thing of February.

We have bought heavy for spring and the goods have commenced to arrive—we have no room to add new balconies and no basement for storing surplus stock—so we must reduce. To do this at this time of year we must make a sacrifice.

We are not only sacrificing profits, but are actually selling below cost—profits will be unknown at this store during the coming months—that's our reason.

Good medium weight clothes suitable for spring wear. Come in greys, browns, blues, blacks, olives, and tans. All late models. A few of the famous Kirschbaum suits included.

Take Your Choice for Only

# \$7.75

### Rapid Changes in Ownership

The people of this county can buy good desirable clothing here now, at less than we paid the factories for it.

For this reason you had better come in quick, before the lines are broken, and get your favorite pattern and correct size while we can supply you.

You may not need a suit just now—then buy for next spring or summer. \$20.00 suits for \$7.75, a saving of \$12.25—how could you ever earn this amount quicker or easier.

Take advantage of this loss on our part to better your appearance as well as pocketbook.

While the line is large at present, you had better hurry to be one of the most fortunate ones, as good suits will not remain on our counter long at this price. Come and look whether you buy or not.

### MAN COMPENSATED FOR BITE OF A CAT

**Mill Employee is Benefitted by Industrial Insurance Fund of State of Washington.**  
Olympia, Wash.—Bitten by a cat while piling lumber, Alexander Matwise, employe of a sawmill at Raymond, is in a hospital and will draw compensation from the state accident fund.

Nov. 25 Matwise tried to lift the cat out of a bag in the yard to prevent injuring the animal. It bit him severely on the right index finger. The wound was dressed by a physician, bandaged, the accident reported to the state commission and the man returned to work. Dec. 13 he jammed the sore finger against a piece of lumber and the doctor says he probably will be laid up for four weeks.

The industrial insurance commission says it will allow compensation on a court decision rendered in 1908. The records show this decision to have recited that "a teamster, while lurching on his employer's premises, was bitten by a stable cat."

"Blood poisoning ensued and two fingers were subsequently amputated. The court held this to be an accident arising out of and in the course of employment, although the court intimated that the decision might have been otherwise had it been shown to be a strange cat."

Mr. Matwise is 35 years old. He has been earning \$4 a day. A wife and five small children in Raymond and an aged mother in Europe are dependent upon him for support.
