AT THE PICTURE SHOWS

Orpheum.
February 6, 7 and 8.
Announcement extraordinary. We take great pleasure in announcing to the patrons of our theater that we have been able to arrange, at great expense, an exhibition of Selig's greatest moving picture masterpiece, "Cinderella," in three reels with picturedom's greatest star, Miss Mabel Taliaferro, the dainty, diminutive international idol. The production beautiful, pronounced by press and critics everywhere as the crowning triumph of moving picture history. Rich, costly and gorgeous, this production is one of indescribable pictorial magnificence. There are ninety-nine scenes, or over 3000 feet of elaborate settings, superb costumes, perfect photography, wonderful effects and the action is incomparable in its dramatic elegance.

The story is beyond doubt the sweetest ever told—that of Cinderella and her silver slipper—the story that is ever dear to the hearts of old and young alike. Don't fail to see this wonderful picture. Bring the children.

"A Gay Time in Atlantic City." Lubin. Hubbles try to fool wives with a "nervous-breakdown have-to-take-a-rest" yarn. Oh! how foolish are those men who think they can outwit their wives.

The Pastime.
The home of good pictures. Tuesday's change of program: "Paid Back." Selig. Single reel feature. The intense dramatic recital

CASCARETS FOR A SICK, SOUR STOMACH

Gently but Thoroughly Cleanse and Regulate Your Stomach, Liver and Bowels While You Sleep.

That awful sourness, belching of acid and foul gases; that pain in the pit of the stomach; the heartburn, nervousness, nausea, bloating after eating; feeling of fullness, dizziness and sick headache, means indigestion, a disordered stomach which cannot be regulated until you remove the cause. It isn't your stomach's fault. Your stomach is as good as any.

Try Cascarets; they cure indigestion, because they immediately cleanse and regulate the stomach, remove the sour, undigested and fermenting food and foul gases; take the excess bile from the liver and carry off the decomposed waste matter and poison from the intestines and bowels. Then your stomach trouble is ended forever. A Cascaret tonight will straighten you out by morning—a 10-cent box from any drug store will keep your entire family feeling good for months. Don't forget the children—their little insides need a good, gentle cleansing, too.

SHARK-DARING HERO COMES ON CLEVELAND
Marcus Jordan, Carnegie Hero Candidate, Attempts to Rescue Woman.

San Francisco.—Marcus Jordan of Washington, D. C., a young member of the world's tour party which arrived on the Cleveland was the hero of a gallant attempt rescue at sea while the vessel was in Japanese waters.

Shortly after 2 o'clock on the afternoon of December 16, while preparations were being made for "Crossing the Line" festivities, Mrs. Sherwood Hall, who, with her son Marcus B. Hall, of Boston, Mass., was

making the tour, became afflicted with suicidal mania and threw herself overboard.

The alarm was given and Jordan, who was standing on the upper deck some forty feet from the water, dived overboard and grasped the drowning woman. The vessel was stopped and a boat quickly lowered, but when the unfortunate woman and her would-be rescuer were taken on board Mrs. Hall was dead.

A testimonial was drawn up by the passengers and a fund of more than \$500 was subscribed. With this a gold watch, suitably inscribed, was purchased in Honolulu and presented to Jordan at a meeting held aboard the ship on January 26.

Jordan is 25 years of age and an athlete who has always taken great delight in the water. His action in diving to Mrs. Hall's rescue was specially courageous in that the sea at the place was swarming with man-eating sharks.

HERMISTON HAS A NEW CEMETERY PLAN

ASSOCIATION DECIDES TO FILE ON GOVERNMENT LAND
Give Up Idea of Purchasing Tract on Which Option Was Held—Land Owners Exchange Holdings—Christian Endeavor Plans Social.

(Special Correspondence.)
Hermiston, Ore., Feb. 6.—At the meeting of the cemetery committee it was decided not to purchase the land on which an option had been taken. It has been found that to purchase the land, fence it and make needed improvements would call for an expenditure of over \$1100, during the present year. Therefore it was decided to buy a 40-acre tract belonging to the government, and the officers were authorized to make application for the government land.

Land Deal.
A land deal was made here Friday whereby Mr. Mumma of Hermiston, comes into possession of a fine home home at Hermiston and 20 acres of land. Mr. Mumma traded some lands in the valley to J. Wied for the Wied property on Main street and the 20 acres of land. The land is a portion of the desert claim of Ethel Wied.

BILL HAYWARD OF U. OF O. INTERVIEWED
University of Oregon, Eugene, Ore.—William L. Hayward, the noted trainer, who has brought the University of Oregon to the fore in the athletics of the northwest, in a short interview today expressed himself as

highly pleased with the athletic situation at Oregon. He said: "In my twenty years of experience as a trainer and physical director in colleges, I have never known an institution in which interest in gymnasium work and in athletic games was as widespread throughout the student body as at the University of Oregon. Practically all the students take part in the inter-class, inter-club or inter-gymnasium class games. It is due to this general interest, greatly, that the University of Oregon has been able to break even in the divisions of athletic championships with the University of Washington, which has two or three times as many students. Last year, Oregon won the tennis and track championships of the Northwest, while Washington nosed her out of first place in baseball, basketball and football.

"The same student backing which the athletic teams receive is afforded the college debaters and orators. Oregon has won a very enviable record in oratory and debate—last year winning the Pacific coast championship in debate and the northwest championship in oratory."

Although it is not generally known, "Bill" Hayward, who is recognized as the premier track trainer of the Pacific slope, is an ardent debate fan. Never a forensic trout or contest takes place at Eugene, that Hayward is not seen in a back seat watching for the weak and strong points of the argument presented, and casting predictions as to the outcome.

Before coming to the University of Oregon about nine years ago, Hayward was a trainer at the University of California. Earlier his work was at Princeton University. Many of the foremost athletes of America have been trained by Oregon's veteran director of athletics.

PROF. YOUNG PUBLISHES GOOD ROADS PROGRAM
University of Oregon, Eugene, Ore.—"The Economics of Oregon's Good Road Problem" is the title of the University of Oregon Bulletin for January, written by Prof. F. G. Young, head of the department of Economics and Sociology.

In this bulletin a study is made of the failure of past and present policies in regard to road construction and maintenance, and a tentative plan for state cooperation is proposed.

Professor Young's choice of such a practical and vital subject as "Good Roads" for his bulletin is along the policy which he has adopted throughout his department. With his senior research work class, each year, preparing statistics upon the problems which confront the nation in general, and Oregon in particular, he is making his class room a laboratory for legislators and all students of practical economics. Professor Young continually impresses upon the minds of his students the duty which they owe the state in present usefulness, where possible, and in higher citizenship when out of college. His department is full of courses which

Deafness Cannot Be Cured
by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a running sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are cured by Catarrh, which is nothing but an inflamed condition of the mucous surface. We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

F. J. CHENEY & CO., Toledo, O. Sold by Druggists, etc. Take Hall's Family Pills for constipation.
