

YES; WE HAVE THEM HOWARD DUSTLESS DUSTERS
Just what you have been needing

The original and only chemically treated duster that DUSTS, CLEANS, and POLISHES, and retains its properties after being washed.

Picks up and retains every particle of dust which it touches. Dust cannot be shaken or beaten out, but can be washed out with soap and water, and washing DOES NOT injure the duster. It is of interest to you because it will do many things better than anything else you have ever seen.

SEE THAT IT BEARS TRADE MARK IN RED.

Try it on your silk skirt or waist and the goods will be left bright, fresh and new in appearance without the injury a brush would cause. For this alone it will save many times its price.

Don't be afraid to wash the DUSTER thoroughly. It holds a great deal of dust and when the limit of its power of absorption has been reached, a mere rinsing in cold water is not sufficient. Clean it well in hot water and soap and it will be as good as new. Accept no imitation.

For polished and Hard Wood Floors, the Dust Mop and Floor Polisher does not have its equal, taking up the dust and polishing the floor at the same time.

WE HAVE A COMPLETE LINE AT THE ADVERTISED PRICES. SEE OUR WINDOW DISPLAY.

ATTORNEY GENERAL WOULD BE GOVERNOR

Salem, Ore., Feb. 10.—From a source apparently authentic in every way, it was learned here that Attorney-General Crawford has aspirations to become governor of the state, and that it is probable that he will become a candidate two years hence.

When questioned with relation to the subject, the Attorney-General would neither affirm nor deny that he would become a candidate. He made it plain, however, that he would not be a candidate again for Attorney-General, and adroitly changed the conversation from the governorship to plans of engaging in the law business with his son at Portland. Intimate friends of the Attorney-General have for some time, it is stated, urged him to groom himself for the race. Recently, it is said, he has given them encouragement, and they are confident that if he will but enter the field that he will win the nomination and election. Mr. Crawford is serving his third term as Attorney-General, being chosen at the last election by a greater majority than ever before.

2 INDICTED; MRS. UNG GOEY HELD, WITNESS

Portland, Ore., Feb. 10.—Indictments were returned by the grand jury yesterday against Wong Si Sam and Lew Soon for the murder of Seid Bing and Ol Sen or Mrs. Ung Goey of Pendleton, was held as an important state witness. No promise was made to her that she would escape prosecution.

The two Chinamen indicted are members of the Hop Sing Tong and are highbinders. Lew Soon was president of the Hop Sing Tong in San Francisco some years ago and occupies the same position here.

Wong Si Sam was a cook on the river steamer Sarah Dixon. Seid Bing was murdered in a room in the Chinese quarters at Fourth and Everett December 19 and his body cut up, placed in a trunk and shipped to Seattle where it was held a month before the murder was discovered.

DUCKS RACE WITH TRAIN.

In Company With Wild Geese They Distance an Express.

Clarksville, Tenn.—A flock of wild geese and a flock of wild ducks raced ten miles with a fast passenger train on the Louisville & Nashville Railroad west of Clarksville. The geese won easily.

The geese rose from the backwater at the head of an island and started with the train; a few miles further on they were joined by the ducks. Mile after mile they chased the train, holding their own with ease, apparently passing when the train stopped at Hemmits and Steel's Springs.

The race was not given up until the train neared the Cumberland

"ERA OF \$1,000 COW HERE."

"She'll Be Worth It, Too," Professor Cooley Tells Dairymen.

Hartford, Conn.—The era of the \$1,000 cow has arrived, in the opinion of President E. C. Davis of Norwich, who opened the annual convention of Connecticut dairymen. The summer drought made last year's dairying successful. In a trip about the state he had seen only five patches of clover. He advocated raising clover and alfalfa.

Professor Cooley of Amherst, Mass., said that a few years ago he talked of the \$100 cow, but now the talk is of a \$1,000 cow, and he added, "she'll be worth it."

VAN KILLS HORSES ON ICE.

Slips Over On Them, and One Animal Kicks a Leg Off.

Media, Pa.—Two horses were killed and a heavy van of the Continental Storage company, Philadelphia, was destroyed on Media hill.

The van was being drawn by four large horses, and on a steep part of the hill the rear horse slipped on the icy road and fell.

The van swung around and fell upon the two shaft horses, pinning them to the ground. One, before it died, kicked its own left leg off, and Herbert Nutter, a helper, was slightly hurt. The driver, Lee Jones, escaped injury.

HIDE WEDDING 50 YEARS.

Connecticut Couple Disclose Secret They Kept Half Century.

Thompsonville, Conn.—After keeping their marriage a secret for half a century, Samuel S. McEvoy, 70, and Miss Jane Plimpton, 72, announced that they were wedded here on February 12, 1862.

The ceremony was performed by a minister now dead on the eve of McEvoy's departure for the south with the union army. Returning two years later, he took up his residence on the same street on which Miss Plimpton made her home.

They apparently had had a quarrel and henceforth were never seen together. They have given no reason for their strange conduct.

POPS? TO HITCHCOCK.

Postmaster-General Gets Leap Year Offer From Houston.

Washington.—Leap year has already brought to the only bachelor of the cabinet, Postmaster-General Hitchcock, a proposal of marriage. The one who is "willin'" writes from Houston, Tex.

She says: "Hearing from newspaper accounts you are a bachelor and have always been too busy to get married I thought probably you might find time to take up a short correspondence with one who will be very much interested."

One Chicken Feeds Forty.

Columbia, Mo.—Forty persons can make a meal on one chicken and have plenty. The members of the Kirksville Girls' Home Economic club have proven it at the Missouri Home Makers' conference.

Some time ago the forty members of the club made a meal on chicken bouillon, chicken salad, beaten biscuits and pumpkin pie.

The cost of the entire meal was \$1.65. The preparing of the meal and the serving of it was done by Miss Alice Kinney, president of the club.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

STATE SURVEY FOR JOHN DAY PROJECT

Salem, Ore., Feb. 10.—Persons interested in the John Day irrigation project, which would supply water for a large body of land in Sherman, Gilliam and Morrow counties, have asked the state engineer for a topographic survey of the district along and adjacent to the John Day river in order to determine more nearly the feasibility of the project. A request has also come from a district near Hood River for surveys.

State Engineer Lewis says at present state funds for this work are not available, because the law provides the funds can be expended for surveys only when the government appropriates an equal amount to be spent in conjunction with the state funds. He says, however, these surveys will be made this year.
