

### MILTON BIRDS TAKE 1ST HONORS, SEATTLE

#### B. F. WILLIAMS TAKES SIX BLUE RIBBONS

Also Wins Four Reds, Three Yellow and Trophy Cup for Best Display in American Class—Earl Williams Also Wins.

Seattle, Wash., Feb. 13.—Oregon poultry won first honors at the Coast Poultry associations' exhibit when B. F. Williams of Milton, Oregon, carried off six blue ribbons, four reds and three yellows on an exhibit of Buff Plymouth Rocks. The same exhibitor was also awarded the Post-Intelligencer cup for the best display in the American class. Williams' birds took blue ribbons for the best cock, cockerel, hen and pullet, old and young pens; red ribbons for second cock, cockerel, hen and pullet and yellow ribbons for third cockerel, hen and pullet in the Buff Rock class.

Notwithstanding the cup goes to Oregon, officials and judges expressed satisfaction at the splendid showing made by the Williams birds and by other Oregon exhibitors. Secretary Burt Lucas stated that the Williams' chickens were the finest display in Buff Rocks ever made on the Pacific coast. This exhibit has been surrounded each day by admiring crowds viewing the fine points of the Oregon birds.

Earl Williams of Milton, Oregon, took the grand prize for best display of Columbian Rocks, winning first on young pen, first on cockerel, first on hen and second on pullet, and also getting special ribbon for the display. B. F. Keeney of Eugene took first and third cockerel in Barred Plymouth Rocks, his exhibit being especially large and fine. C. A. Hodson of Newberg, took first on cock first and second on pullet and also special

ribbon for the best exhibit of Silver-laced Wyandottes.

#### BRITAIN TO HAVE BIGGER GUNS AND BIGGER SHIPS

Programme of Board of Admiralty Under the Leadership of Winston Churchill.

London.—Bigger ships and bigger guns are to be the maxim of the new Board of Admiralty under the energetic leadership of Winston Churchill.

Information has reached London that Germany is secretly pushing ahead the construction of a large number of 14-inch guns intended to outdo the latest British 12 1/2-inch weapons, both in range and weight of projectile.

Without delay the British Admiralty will respond to giving orders for both 12 and 14 inch guns, probably to be mounted on the new battleships Lion and Origin, types to be built under the 1912 programme.

The ships to be laid down this year will therefore be larger than ever in view of the heavier mountings required. Experts cannot foresee any limit to the size of British ships and guns until Germany withdraws from competition.

A heavy cold in the lungs that was expected to cure itself has been the starting point in many cases of disease that ended fatally. The sensible course is to take frequent doses of BALLARD'S HOREHOUND SYRUP. It checks the progress of the disorder and assists nature to restore normal conditions. Price 25c, 50c and \$1.00 per bottle. Sold by A. C. Koeppen & Bros.

#### LA GRANDE DEPOSITORS TO GET ANOTHER DIVIDEND

La Grande, Ore.—Depositors in the defunct Farmers & Traders National Bank will receive a third dividend of 10 per cent within the next ten days, according to a letter from the receiver to P. L. Meyers, cashier of the La Grande National Bank. As soon as the Comptroller of the Currency

checks over the dividend checks, they will be mailed to the depositors. Judging from the tone of the letter, there is a slight chance of another small and final dividend being issued, which will make a total of 65 per cent realized by depositors.

#### ELKS TO APPER CLAD IN PROSPECTORS' GARB

Baker, Ore.—The local lodge of the B. P. O. Elks is considering the plan of attending the National convention at Portland next summer, garbed as prospectors and miners, the object being to call attention to one of the chief industries of this county. A huge float may be constructed representing a typical mining scene of Baker county.

### INJURED FORESTERS MUST FILE CLAIMS

Hepner, Ore., Feb. 13.—District Forester Geo. H. Cecil has just received information that March 31, 1912, has been set by the department of agriculture as the latest date on which claims under the general deficiency bill approved March 4, 1911, can be presented for casualties and disabilities suffered by temporary employes while fighting fire on the national forests prior to December 1, 1910.

Mr. Cecil believes that all claims originating in Oregon and Washington properly payable under this act have already been presented, but in case there are any still outstanding they may be submitted at once to the forest supervisor in charge of the forest where the accident occurred.

#### SNOW BURIED MAN SAVED.

While Hunting Cougar Hunter Plunges to Bottom of Canon.

Husum, Wash.—Traveling on snowshoes and while tracking a cougar along the west bank of the White Salmon river, three miles south of here, Roy Campbell met with an accident that came near proving disastrous. He had left his companion, Frank Knowles, and when near a deep, perpendicular canon, slipped and plunged to the bottom.

There was no way to escape from his predicament, but he called loudly for help. For two hours he was buried in snow and kept up a constant yell, when his companion appeared and with the aid of a rope and long pole, pulled him to the surface.

Knowles says he never heard a sound, but was following the tracks of Campbell when they suddenly disappeared.

#### Grand Masquerade Ball.

Given Wednesday night, February 14, Valentine's Day, at Eagle-Woodman hall, Pendleton. Cash prizes awarded for best sustained character. Also best ladies' and gents' costumes. Management Saturday Night Dance

### STANDPATTERS MAY DRAFT W. R. ELLIS

William R. Ellis, standpat veteran of many battles, may again be dragged forth as a candidate for congress in eastern Oregon this year, says the Oregon Journal. It is known that old line leaders have held several conferences during the last two weeks, deciding as to their course of action.

While George T. Cochran of La Grande, who was long allied with the Furnish political crowd, is an active candidate, it is generally conceded that another candidate is to be brought out for the "Conservatives" to rally under. State Senator Burgess of Umatilla was considered, but he recently became tangled in the net in opposition to the West Umatilla project, and his availability is thought to have faded away.

Ellis is left as the standpat hope, and it will be no surprise if his announcement is entered within a short time. His friends figure that State Senator N. J. Sinnott of The Dalles and John P. Rusk of La Grande may so divide the progressive vote as to let Ellis slip in once more.

Rusk is out on an anti-Taft platform, and is boosting for Roosevelt. Sinnott is expected to be a little milder in his platform construction, while Ellis will be frankly for Taft. The wool grower influence is claimed to be chiefly for Ellis, should the congressman become a candidate.

Sinnott and his friends have long been at outs with former Congressman Malcomb A. Moody, who lives in the same town, and the Moody men are said to be ready now to take up Ellis, stepping across the chasm that has always separated Ellis and Moody in order to give Sinnott the tomahawk.

#### METHUSELAHS ARE PREDICTED

Longevity Department in Washington Schemes for Nation of Long Lifers.

Washington.—Every citizen should have an expectation of ninety-three years of healthy, happy life, according to Dr. Harvey W. Wiley, chief of the chemistry bureau, who addressed the Men's Temple club and came out as a strong disciple of Dr. Wu Ting Fan in his longevity doctrine. He made a plea for state and national control of the public health.

"By preventing contagious and preventable diseases, particularly among infants under one year of age," he said, "we can raise the average expectation of life from the present thirty-three years given us by mortality tables to fifty three. Personal hygiene and care will give us the balance."

"That it can be done is shown by the Panama canal. The French failed not because of lack of engineers, ability, workmen or machinery, but because of disease. We made the zone sanitary before work was started and now Panama is a health resort.

The death rate is almost nothing. "It has been the same way in the army. In previous conflicts many more men died of disease than from bullets.

"Most diseases are avoidable. In the near future all of them will be. I prophesy that in twenty-five years we will be able to fight cancer as intelligently as we now fight fight mortality, which is almost invariably due to some form of malnutrition when the babe is deprived of natural food."

#### NEVADA HAS REAL HEIRESS.

Geo. Wingsfield, Father of Girl, First Millionaire's Child Born in Nevada.

Reno.—George Wingsfield, president of the Goldfield Consolidated Mines, is the father of an eight-pound baby that arrived this morning at 8 o'clock. The mother and child are doing finely.

This is the first time in the history of Nevada that a child has been born to the parents of a millionaire. Other wealthy families have invariably moved from the state for such an event.

#### FIRST LA GRIPPE, THEN BRONCHITIS.

Such was the case with Mrs. W. S. Bailey, McCreary, Ky. "My wife was taken down with a severe attack of la grippe which run into bronchitis. She coughed as though she had consumption and could not sleep at night. The doctor's medicine gave her no relief and I was advised to try Foley's Honey and Tar Compound. The first bottle gave her so much relief that she continued using it and three bottles effected a permanent cure." Mr. W. S. Bailey says he is prepared to answer all inquiries promptly. For sale by all dealers.

#### STATESMEN LEARN TO DANCE.

Missouri Society Is Experiencing Revival of Discretion.

Jefferson City, Mo.—Jefferson City is learning to dance. Not since the last gathering of "the Old Guard" in the governor's mansion, in 1894, when the late Judge James D. Fox and Governor Dockery danced the Virginia reel together has there been such an outburst of terpsichorean fervor at the state capital.

At the nightly classes of a local dancing academy the elder statesmen and raw recruits meet upon common ground to be instructed in the mystic mazes of the dance. One of the pupils is Judge A. M. Woodson of the supreme court. Another is Jesse Tolerton, state game warden.

Attorney General Major declines to matriculate because, as he says, the modern system of dancing is too slow for him. General Major boasts of the fact that he is the champion heel and toe, clog and soft-shoe dancer of this state and dares Judge Woodson or any other lawyer to meet him on the boards.

Con Roach, who buys shoes for fourteen pairs of feet already, does not look with favor upon any form of physical diversion which is likely to increase his monthly bills, but he

## Hood's Sarsaparilla

Acts directly and peculiarly on the blood; purifies, enriches and revitalizes it, and in this way builds up the whole system. Take it. Get it today. In usual liquid form or in chocolate coated tablets called Sarsatabs.

declares that if anybody "gives him a dare" he will go in and show what he can do.

#### Case of Kiss and Make Up.

Brockton, Mass.—Two hearts that were separated by a lovers' quarrel thirty-five years ago will be united when Mrs. Nellie Trainor of 110 Green street, this city, will become the bride of John W. Shanahan, a business man of Omaha, Neb.

Mrs. Trainor and Mr. Shanahan were lovers in Hopkinton, Mass., thirty-five years ago, and were about to be married. A misunderstanding arose, and in a pique the young man went west. In a few years he was prosperous and married. Meanwhile the young woman whom he had left in Hopkinton had met another man and had also married.

Death eventually made them both single, and Mr. Shanahan renewed his old suit. They will live in Omaha.

A scald, burn, or severe cut heals slowly if neglected. The family that keeps a bottle of BALLARD'S SNOW LINIMENT on hand is always prepared for such accidents. Price 25c, 50c and \$1.00 per bottle. Sold by A. C. Koeppen & Bros.

#### Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out of this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are cured by Catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

F. J. CHENEY & CO., Toledo, O.

Sold by Druggists, 75c. Take Hall's Family Pills for constipation.

**Every Woman**

is interested and should know about the wonderful **MARVEL Whirling Spray** The new Vaginal Spray. Best—most convenient. It cleanses instantly.

Ask your druggist for it. If he cannot supply the MARVEL, accept no other, but send stamp for illustrated book—sealed. It gives full particulars and directions invaluable to ladies. MARVEL CO., 41 East 22d Street, New York

## The Peevish Child Needs a Laxative

It is natural for a child to laugh and play and when it sulkis drowsily or cries you may depend on it something physical is the matter. If you see no evidence of a serious ailment you will not be wrong if you quietly give it a dose of mild laxative that evening on putting it to bed.

The remedy most generally recommended for this purpose is Dr. Caldwell's Syrup Pepsin, which mothers throughout the country have been giving their children for a quarter of a century. Today thousands of families are using it where hundreds used it then, and there must be good reason for this word of mouth recommendation.

It is admittedly the perfect laxative for children, women, old people and all others who need a gentle bowel stimulant and not a violent salt, cathartic pill or doctored water. Dr. Caldwell's Syrup Pepsin will act gently, and when taken before retiring will bring complete satisfaction in

the morning. After a short use of this remedy all forms of outside aid can be dispensed with and nature will again act alone.

All classes of good American people keep it in the home for ills of the stomach, liver and bowels, and among the thousands who have written the doctor that they will never be without it are Mrs. G. A. Bates, 246 E. 6th St., Salt Lake City, Utah, and Mrs. T. E. Hickman, Tempe, Colo. A dose of it has saved many a person from a serious illness.

Anyone wishing to make a trial of this remedy before buying it in the regular way of a druggist at fifty cents or one dollar a large bottle (family size) can have a sample bottle sent to the home free of charge by simply addressing Dr. W. R. Caldwell, 405 Washington St., Monticello, Ill. Your name and address on a postal card will do.

# Five Special Clubbing Offers

Do you care for enlightening, interesting and entertaining reading, as you sit by the fire evenings? THEN READ THIS

We are making you several offers,—might better be called gifts—below that should appeal to every home and fireside. We have always tried and with remarkable success—to give our readers that which stands for the best in a bright, clean and newsy newspaper—one that may be safely read by the entire family and household—no sensationalism to pollute the younger minds.

## AND NOW WE ARE GOING TO GIVE EVEN MORE

We are giving you your choice of five of the best special offers ever heard of. Read each offer carefully. Here is a chance to make the home by lamplight even brighter, and gain a little social happiness and contentment such as makes "Home Sweet Home."

If you wish to keep just a little closer in touch with local happenings, or with what is transpiring in any part of the country, be it city, county, state or nation, you could not choose a better and safer method than by obtaining that information through the columns of the East Oregonian, the official county and home paper of Umatilla county—the paper that prints the news the day it happens.
