PENDLETON, OREGON, THURSDAY, FEBRUARY 15, 1912.

NO. 7349

STREET PAVING FOR 65 BLOCKS

Council and Commercial yesterday. Dr. Sun has issued a Club Committees Make Such Recommendation.

MANY CITIZENS APPROVE

Plan Calls for Forty-two Blocks of Hard Surface and Twenty-three of Macadam-Aldermanie Body Adopts Report.

will be ushered in here in Pendleton of the recommendations made to the council last night by the street committee of the Commercial association are carried out, and from the sentiment expressed at the meeting, it is evident that a great part of them will be. The report of the council committee which was adopted unanimously favored the improvement of streets along sixty-five blocks, forty-two with hard surface and twenty-three with macadam. The communication of the Commercial Club committee concurred with the councilmen's report in nearly all particulars but suggested a few changes,

The following are the recommendations of the council committee: That the intersection of Main

and Jackson streets be improved with hard surface.

2. That Jackson street be paved ment to be 40 feet wide with parking freight trains. eight fect wide on either side,

3. That Bush street be paved from Jackson to Raley streets, pavement to be 30 feet wide with eight foot parking.

That Raley street from Bush to Arc be paved, pavement to be 30 feet wide with eight foot parkings. That Raley street from Arc to the western city limits be macadamized for a width of 30 feet,

6. That Perkins Avenue between Jackson and Raley streets be paved, payement to be 40 feet wide with eight foot parkings.

7. That east Court street from the Byers mill race to the eastern city limits be macadamized for a width

of 24 feet. 8. That Lee street from Court street to the bridge over the Umatilla be macadamized for a width of 1, Limited, was derailed and ten cars

thirty feet with eight foot parkings. That Webb street from its intracks be macadamized to the western city limits for a width of 30 feet and with eight foot parkings.

10. That Water street from Main to Cottonwood be hard surfaced for a width of 40 feet,

to Garden be paved for a width of 40 feet.

12. That Court street from Garden to Ash be paved for a width of 30 feet leaving parkings eight feet wide. DRAYAGE BUSINESS 13. That Webb street between Cottonwood and Court be paved for a width of 36 feet with five foot park-

ings. Commercial Club Suggestions, The following is a brief summary of the suggestions of the Commercial

Club committee: Recommendation 1 of the council is approved. Committee would suggest

that to Logan for a width of 30 feet, leav- must notify the driver of the dray ing the remainder of the street as it

Would change recommendations 3 and 4 so that Bush street would be doesn't furnish such information upleft as it is until it is definitely decided whether the old cemetery can be legally confiscated and would instead turn down Logan street to Raley with pavement and down Raley to Arc, pavement to be 24 feet

Would suggest that nothing be done with 5 and 6.

Recommendation 7 is approved. Would suggest that Lee street from Court to the bridge be hard surfaced
