

**Faint?**

Have you weak heart, dizzy feelings, oppressed breathing after meals? Or do you experience pain over the heart, shortness of breath on going up-stairs and the many distressing symptoms which indicate poor circulation and bad blood? A heart tonic, blood and body-builder that has stood the test of over 40 years of cures is

**Dr. Pierce's Golden Medical Discovery**

The heart becomes regular as clock-work. The red blood corpuscles are increased in number—and the nerves in turn are well fed. The arteries are filled with good rich blood. That is why nervous debility, irritability, fainting spells, disappear and are overcome by this alternative extract of medicinal roots put up by Dr. Pierce without the use of alcohol. Ask your neighbor. Many have been cured of scrofulous conditions, ulcers, "fever-sores," white swellings, etc., by taking Dr. Pierce's Discovery. Just the refreshing and vitalizing tonic needed for excessive tissue waste, in convalescence from fevers or for run-down, anemic, thin-blooded people. Stick to this safe and sane remedy and refuse all "just as good" kinds offered by the dealer who is looking for a larger profit. Nothing will do you half as much good as Dr. Pierce's Golden Medical Discovery.

**ALIBI FOR HILL MURDER SUSPECT**

Oregon City, Or., Feb. 15.—With the postponement by the Clackamas county grand jury of further investigation into the charge that Nathan B. Harvey, the Milwaukee nurseryman, murdered the four members of the Hill family at Ardenwald station, until Friday, George C. Brownell, attorney for Harvey, made the statement that his client was prepared to prove a perfect alibi.

"I have two witnesses," said Mr. Brownell, "who will show beyond the shadow of a doubt that Harvey could not have been at the scene of the murder at the time the prosecution asserts."

Harvey and Mr. Brownell were in consultation for a long while. Following the conference, the attorney refused to say definitely whether his client would accept the grand jury's invitation to offer testimony in his own behalf.

Harvey's young daughter will probably be the most important witness Friday—if Harvey himself, does not appear. It is generally reported that the grand jury postponed further consideration of the case until Friday in the hope that she would be well enough to appear at that time. She was subpoenaed to appear Monday but her mother presented a physician's certificate as to her ill health.

Sheriff Robert Stevens of Multnomah county and Sheriff Mass of Clackamas county, will be witnesses before the grand jury Friday. A report is expected Friday evening or Saturday morning.

**ROOSTER STOPS A TRAIN.**

Perches on Signal Cord and His Weight Pulls It.

Winsted, Conn.—In a crate on the 7:05 passenger train that left Winsted on the New Haven road for Bridgeport and New York were hens and a rooster. Between Beacon Falls and Seymour the rooster got out of the crate and flew toward the ceiling of the car.

He alighted on the signal cord leading to the engine cab. His weight sakked the cord as if it had been pulled and the signal sounded. The engineer, Wilson Burns, stopped the train suddenly. Timothy Dalley, conductor, ran forward. He said he hadn't pulled the rope. Then the express messenger, Arthur C. Bennett, explained. The train went on.

**OH, JOY! SMALL HATS AND SMALLER BILLS**

Girls, You Can Even Twist a Turkish Towel Around Your Head and Be in Style.

Chicago, Ill.—Husbands and fathers, perk up, and girls and matrons give this your attention, so that the joy in the land may be increased. Easter bonnet bills need not average \$1,000,000 per bonnet.

You don't need to seek a milliner at all if there is the least desire to be economical. All that is necessary is a Turkish towel twisted to suit and slapped gayly over the pink, shell-like ears of all of you. You can stain the Turkish towel with whatever jam that's been left over from the winter season and be in perfect style, for the edict that went out from the convention of the National Association of Milliners was that turban hats of moderate size would be the regular, nobby, natty Easter thing and that plain red will be the most popular color for general wear.

Call the moving vans and have your picture hats carted away to serve as awnings on the children's public playgrounds!

**Coming Events and Their Shadows.**

Des Moines.—Iowa has officially decided that the production of babies is more important to the state than the birth of pigs. At the next state fair the board of agriculture will offer \$50 as a prize for the best baby, whereas the pig with all the perfection he can display, may draw only \$25. Dimples, curly hair, the color of eyes and pretty clothes will win nothing for the competing infants. A stout calf will count for more than a handsome face and a lusty yell, displaying lung development, more than a musical gurgle. This physical competition of youngsters is a scheme to make the Iowa baby stand before the world as a standard of physical strength. It was devised by the Iowa mothers' clubs. Mrs. F. S. Watts of Audubon, president of the Iowa congress of mothers, will be superintendent of the first great Iowa baby show.

A scald, burn, or severe cut heals slowly if neglected. The family that keeps a bottle of BALLARD'S SNOW LINIMENT on hand is always prepared for such accidents. Price 25c. 50c and \$1.00 per bottle. Sold by A. C. Koepfen & Bros.

When her child is in danger a woman will risk her life to protect it. No great act of heroism or risk of life is necessary to protect a child from croup. Give Chamberlain's Remedy and all danger is avoided. For sale by all dealers.

**AT THE PICTURE SHOWS**

The Orpheum.

Where pictures are shown under the most favorable and delightful conditions. Vitagraph feature for Friday's change.

1. "The Heart of the King's Jester." Vitagraph. Feature film of extreme beauty. The "Jester" falls in love with the king's daughter. She falls in love with a young shepherd. The Jester tells the king, who condemns the shepherd to death. The Jester repents, saves him and aids the young couple to escape. It depicts the manners, customs and dress of the sixteenth century. It is a Vitagraph and that means a whole lot.

2. "The Maid's Double." Kalem. A very dramatic and absorbing story dealing with a dishonest maid and a young society girl who is just returning from Europe and is to meet her fiancée at the railroad station. It's a rattling good story, fresh and pleasing.

3. "Jimmie on Guard." Gaumont. He takes care of the farm, although it proves strenuous for a time.

4. "Crossing the Alps in a Motor." Gaumont. We have an excellent view of a beautiful excursion in the Alps. Beautiful colorings throughout the film.

5. "The Cowboy's Adopted Child." Selig. A tense drama of rare western life. It is a very interesting picture.

6. "He, She and It." Selig. A screamingly funny comedy in pantomime.

**The Pastime.**

The home of good pictures. Friday's change of program.

"The Younger Brother, Vitagraph." An English military drama with the Soudan, at the time of Kitchner's second campaign, as its background. The heroes of the story are two English soldiers. One is captured by the stately horsemen of the desert. The other disguises himself as a dervish and rescues him. This is a picture one can safely commend to everyone, even the most exacting audience.

"Object, Matrimony." Lubin. There is a comical mixup in this picture when Jack runs away from Nancy and Bess runs from Tom. Jack and Bess finally meet and everything ends happily.

"The Higher Toll." Kalem. A romantic drama. The theme of this story is the sacrifice a girl makes for her sister even to smothering her own love that the younger sister may be happy.

"Hearts May Be Broken." Kosmik. The story of how an innocent country lass was deceived by an artist, and how her lonely heart finds rest.

"The Oyster Industry." Lubin. Educational.

**Cosy.**

Wednesday and Thursday, four American made films. Look them over and you won't overlook a dandy program.

"The Girl and the Half-back." Imp. Showing the Harvard-Princeton football game. Through jealousy the captain's chum sent the other team the signals and the captain was accused. The girl brought evidence that cleared him and he played the second half, making the touchdown that won the game.

"Big Noise Hank." Nestor. You'll laugh at "Big Noise" the fierce terror of the plains and his unique methods of collecting a bill from poor, timid Julius Jones.

"Love that Never Falls." Champion. A western child drama with some beautiful scenes. Some good riding, a struggle on a cliff and mother love that never fails.

"A Boarding House Mystery." Rex. A mine of mirth with an inexhaustible supply of laughter. There were some pesky queer goings on at the farmer's house in which a ventriloquist, some drummers and some inquisitive rubes all cause a complication of comedy.

"Chinese Cruiser Hai Chi." Imp. Showing the ship in detail and Chinese crew at work, some intelligent Chinese officers. Close views of Rear Admiral Shing are shown.

Feature Irish song, "Only a Shamrock."

**At the Grand.**

**Deafness Cannot Be Cured** by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

**TEST PRESIDENTIAL PRIMARY STATUTE**

Salem, Ore., Feb. 15.—After consulting with Attorney-General Crawford and Secretary of State Oelcott with relation to commencing a friendly suit to test the validity of the presidential preference primary law, Dr. J. M. Keene, Medford, and J. S. Dellinger, Astoria, constituted a committee appointed by the republican state central committee to interview them on the subject, decided to at once bring the suit.

The suit will be in the nature of either a mandamus or an injunction proceeding. The law provides that a voter shall vote for but one of the 10 delegates to be elected to the National convention of a party, and but one of five presidential electors. Should mandamus proceedings be begun, it will be to compel the Secretary of State to place instructions on the ballot that each voter is entitled to vote for 10 delegates and five electors. If injunction proceedings be enjoined him from placing instructions on the ballot that the voter can vote for but one delegate out of the 10 and one elector out of the five, and to let the voter cast his ballot for the full number.

The committee feared the Secretary of State's declaration to follow the law would not be sufficient ground upon which to base a suit, but the Attorney-General says it is, and the Secretary has stated he will waive all technicalities. The supreme court has original jurisdiction of a suit of this nature, and it will be commenced before it and hurried through.

The main contention to be raised will be that the law disfranchises voters, but other legal questions will be also raised.

**HERE'S CHAMPION LAZY BOY.**

Does Nothing But Sleep. Eat and Visit the Theater.

Chicago, Ill.—Herman Davis, 17 years old, 1513 Wieland street, is the laziest boy in Chicago, according to his mother, Mrs. Ida McGraw, who caused his arrest. He was turned over to the juvenile court.

Herman was taken out of bed at the home of his grandmother, Mrs. Marie Hallenbank, 215 Whiting street, at 9 o'clock and was still rubbing his eyes when he reached the station.

His mother gives this as his daily program.

Goes to bed at 10:30 o'clock every night.

Arises at noon the following day.

Eats luncheon and spends the afternoon in 5-cent theaters.

Returns home for supper at 6 o'clock in the evening.

Takes a nap after supper and then visits more nickel shows until time to return to bed.

"Without a doubt" said Mrs. McGraw, "Herman is the laziest boy in Chicago."

Nervous Prostration Long Endured Before Remedy was Found.

Miss Minerva Reminger, Upper Bern, Pa., writes: "For several years I had nervous prostration, and was utterly wretched. Am now cured."
