### AT THE PICTURE SHOWS

#### The Orpheum.

Where pictures are shown under the most favorable and delightful conditions. Vitagraph feature for Friday's change.

1. "The Heart of the King's Jester." Vitagraph. Feature film of extreme beauty. The "Jester" falls in love with the king's daughter. She falls in love with a young shepherd. The jester tells the king, who condemns the shepherd to death. The jester repents, saves him and aids the young couple to escape. It depicts the manners, customs and dress of the sixteenth century. It is a Vitagraph and that means a whole lot.

2. "The Maid's Double." Kalem. A very dramatic and absorbing story dealing with a dishonest maid and a young society girl who is just returning from Europe and is to meet her fiancé at the railroad station. It's a rattling good story, fresh and pleasing.

3. "Jimmie on Guard." Gaumont. He takes care of the farm, although it proves strenuous for a time.

4. "Crossing the Alps in a Motor." Gaumont. We have an excellent view of a beautiful excursion in the Alps. Beautiful colorings throughout the film.

5. "The Cowboy's Adopted Child." Selig. A tense drama of rare western life. It is a very interesting picture.

6. "He, She and It." Selig. A screamingly funny comedy in pantomime.

#### The Pastime.

The home of good pictures. Friday's change of program.

"The Younger Brother, Vitagraph." An English military drama with the Sudan, at the time of Kitchener's second campaign, as its background. The heroes of the story are two English soldiers. One is captured by the stately horsemen of the desert. The other disguises himself as a dervish and rescues him. This is a picture one can safely commend to everyone, even the most exacting audience. "Object, Matrimony." Lubin. There is a comical mixup in this picture when Jack runs away from Tom. Jack and Tom finally meet and everything ends happily.

"The Higher Toll." Kalem. A romantic drama. The theme of this

story is the sacrifice a girl makes for her sister even to smothering her own love that the younger sister may be happy.

"Hearts May Be Broken." Kosmik. The story of how an innocent country lass was deceived by an artist, and how her lonely heart finds rest.

"The Oyster Industry." Lubin. Educational.

#### DYNAMITE!

McNamara at the Pastime Saturday. F. K. Blackadar of Los Angeles, lecturer and newspaper man, will tell of this dynamite outrage and the subsequent McNamara trial.

Actual thrilling scenes of the trial and of the dynamiting of the Times building will be flashed on the screen. All over the country the pictures have been shown to capacity houses and it is a certainty the Pastime will be crowded to the doors Saturday.

Will be shown in addition to the regular program. All for the usual price of admission, 10 cents.

#### Cosy.

Friday and Saturday's program looks good on paper, it looks better on the screen.

"The Cattleman's War." Bison. A fierce war started over one little calf. See the genuine round-up and branding. Sensational riding, desperate battles, a drop or two of love and finally peace and happiness. A feature. Western.

"When First We Met." Powers. If ever you went swiping apples in kidhood days you'll like this sweet little kid story.

"The Musician's Daughter." American Eclair. A feature picture with real sentiment expressed in every

scene. A story that grips the heart strings. Simply a "better picture." "Mutt and Jeff and the Black Hand." Nestor. They saw dreams of glittering wealth via the black-mail route, but alas! the end was a nightmare. Its a snappy, lively funmaker.

"The telltale Parson." Powers. Comedy of a village deacon, a runaway horse, an unexplained parol and a jealous wife.

"Romance and Uppercuts." Nestor. Country comedy with a little love and lots of fighting.

"Coming! Great two-reel submarine feature. "From the Bottom of the Sea." It's an Imp—nothing more need be said.

#### At The Grand.

Friday and Saturday.

The Lost Freight Car, a Kalem film. Showing a real railroad wreck. Lieutenant Grey of the Confederacy, a Selig film, showing that great General Grant.

The Foolishness of Jealousy, a Vitagraph film, the same old story, the wife thinks her husband is in love with his stenographer.

In connection with our splendid motion picture program, Miss Francis Dainty and company, novelty slack wire and bicycle artists. Miss Francis Dainty and company has been one of the feature acts with Ringling Bros. circus for the past season. They sail March 9th on the steamer Sierra to do an engagement in Honolulu and go from there to China and Japan, continuing on to Australia and New Zealand.

#### TURKS SOLVE PROBLEM OF HUGE THEATRE HATS

First Three Rows recline, Next Three Get on Their Knees and the

#### Remainder Stand.

Constantinople.—An amusing and curious notice is to be seen in one of the theatres in Constantinople. It effectively solves the problem of people at the back obtaining a clear view and is very much more radical than the polite request made in English and French theatres that women should not mar the view of the stage with their huge hats. The notice reads:

"In order to render the performance agreeable to all those present,

the management of the theatre has decided that the spectators in the first three rows should recline, those in the next three rows be on their knees, and all the others be standing. In that way everybody will be able to enjoy the play."

This notice is followed by a suggestion implying the Turkish woman's lack of romance:

"It is strictly forbidden to laugh, for it is a tragedy that is being performed."

#### FEUDIST, WHO KILLED TWENTY-TWO, SLAIN

Aged Kentuckian Falls From Constable's Bullet Just Before His Son.

Pikeville, Ky.—Lewis Hall, one of the most noted feud leaders in the Big Sandy Valley, who had boasted of killing twenty-two men, was shot and killed at Shelby Gap, in the Pine mountains, by George Johnson, a constable. Hall's son, Morgan Hall, met the same fate a moment later at the constable's hand.

People of that section fear a revival of the feud.

Johnson had a warrant for Morgan Hall, who was suspected of operating a "blind tiger" and had openly defied detectives to enter his home.

Johnson followed Hall out of a store to the porch and was reading the warrant when Hall made signs of resistance. The elder Hall, who was eighty-three years old, rushed out of his home, a short distance away.

Johnson at once opened fire, shooting first the father and then the son.

#### TO CROSS OCEAN IN 2 DAYS

That's What an Englishman Says His Invention Will Mean.

London.—To cross the Atlantic in two days is the ambition of a sanguine inventor named Burdet, who claims to have created an entirely new system of marine locomotion. He calls it the "Burdet lever traction." Its principal feature is a large horizontal fin projecting flush with the water from the stem of the boat.

The slow flapping of this fin propels the boat through the water at a remarkable speed. A small boat fitted with one of these fins and operated by hand was navigated by a child seated in a boat so successfully that it attained a speed equal to an eight-oared skiff.

Burdet believes the same principle on a big scale applied to ocean-going vessels would have the Mauretania classed among the old "vindjammers."

#### BRYAN FANATIC IS DEAD.

Connecticut Man Who Let Hair and Beard Grow Is No More.

Stamford, Conn.—John H. Kidney, who gained notice by vowing when William Jennings Bryan was first nominated for president that he would not cut his hair or beard until the Nebraskan should be seated in the White House, is dead at the Soldiers' Home at Noroton at the age of 79 years.

He kept his vow until a year ago.

Then he astonished the town by walking into a barber shop and having his beard removed and his hair trimmed.

#### GIRL OF COURT IS THIEF.

Daughter of Emperor Francis Joseph's Physician Admits Stealing.

New York.—Miss Marie Werr, a young woman reared in luxury and moving in the charmed circle of royalty in Vienna, where her father was physician in waiting to Emperor Francis Joseph, was arraigned in the West Side Police Court on the charge of burglary.

Greatly annoyed by the questions of the judge, she haughtily confessed that she had stolen \$20 from Mrs. Emily Johnson, with whom she boarded, but did not apparently realize the seriousness of her plight. The magistrate informed Miss Werr that, her friends would send her to Vienna, he would dismiss the charge, and the prisoner thought this could be arranged. The girl was remanded to the Florence Crittenden home.

#### GERMAN PRINCE TO COME.

Adalbert Will Visit United States in June With Squadron.

Berlin.—June has been selected for the visit of the German squadron to the United States to return the visit to Kiel of the second division of the United States North Atlantic squadron last year. It is now certain that Prince Adalbert, the Emperor's third son, will accompany the squadron.

#### BAPTIZED IN ICY RIVER.

Seventeen Negro Converts Go Through Ceremony at Four Below Zero.

Brownsville, Pa.—With the thermometer four degrees below zero, twenty-seven men and women converts at a recent revival at Mount Zion African Methodist Episcopal church here were immersed in the Monongahela river after a hole thirty feet square had been cut in the ice.

One convert, a well-known negress of the town, chilled at the sight of two negro preachers with icicles in their whiskers coming for her, resisted and had to be ducked.

Three thousand persons shivered two hours and a half watching the baptism.

#### PREFERS EGGS TO JEWELS.

Thief Ignores Silver, But is Arrested With Precious Haul.

Baltimore, Md.—Eggs looked bigger and more valuable than silver and jewels to James Frisby, a negro, when he entered the home of John B. Brown, 300 North Sticker street. Patrolman Daly, seeing a window broken at the Brown home, made an

investigation and say the negro with a quantity of eggs. Realizing the high price of the commodity, he instantly drew a revolver on the man and arrested him.

#### Abandon McKinley Trip.

Seward, Alaska, Feb. 15.—Professor Herschel Parker of Columbia university and Belmore Browne of Tacoma who set out in a small dory from Kern creek, February 9 en route to Knick to join their Mount McKinley expedition encountered a heavy ice pack when three miles from their ice pack and were forced to turn back. Their boat was caught in an ice jam at night and they experienced great difficulty in freeing their craft. They left Kern creek today with dog sleds to make the trip overland to Sulistna where the others of their party await them.

#### Army Adjutant Disciplined.

Washington, Feb. 15.—On account of "insulting letters" written to the secretary of war and General Wood, chief of staff, Major-General Almsworth, adjutant general of the army, was relieved of his duties today and held awaiting orders as a measure of discipline. The action was taken on orders of President Taft.
