The ground lies near the school building in the alfalfa field and is well adapted to the growing of all kinds of vegetables, etc.

The local schools were dismissed today on account of this being the anniversary of the birth of George Washington.

BABY PRISONER IS LIGHT OF BIG JAIL

Laughs and Plays, Although Her Five Months of Life Have Been Passed Behind Prison Bars.

Chicago, Ill.—There is one prisoner in the county jail who is the supreme monarch and dictator even of the authorities themselves. She is a young woman who thus far has served a term of five months, and

Particularly the Ladies.

Not only pleasant and refreshing to the taste, but gently cleansing and sweetening to the system, Syrup of Figs and Elixir of Senna is particularly adapted to ladies and children, and beneficial in all cases in which a wholesome, strengthening and effective laxative should be used. It is perfectly safe at all times and dispels colds, headaches and the pains caused by indigestion and constipation so promptly and effectively that it is the one perfect family laxative which gives satisfaction to all and is recommended by millions of families who have used it and who have personal knowledge of its excellence.

Its wonderful popularity, however, has led unscrupulous dealers to offer imitations which act unsatisfactorily. Therefore, when buying, to get its beneficial effects, always note the full name of the Company—California Fig Syrup Co.—plainly printed on the front of every package of the genuine Syrup of Figs and Elixir of Senna.

whose sentence may extend indefinitely into the future. But she never complains, chiefly because, it is to be presumed, she never is denied even the slightest wish.

And the young woman is a flirt, too. This, in spite of the fact that her age and term of service in the jail are coincident, she having been born there just five months ago.

"Mary simply won't be content to remain in the cell with her mother," Jailer Will T. Davis said to the astonished visitor, who discovered him holding the baby on his knee in the jail office.

She is Mary Nicholosi, the infant daughter of Carmello Nicholosi and his wife, who have been convicted of the kidnaping of Angelo Marino, the 6-year-old Italian boy who was stolen from his parents early in August. The baby's father has been given a life sentence in the penitentiary and the mother must serve a period of seven years. Both parents are waiting for the time when they are to be taken from the jail and as yet no disposition has been made of the infant.

"She is the most wonderful child I have ever seen," said the jailer, while the coquettish Mary dug her tiny fingers into his mustache. "I wish we could keep her here always. We just can't help being in good humor when she squeals out at us from her mother's cell to be taken out for her daily walk."

But Mary must be given a home outside the walls of the county jail and that is one of the puzzles that the jailer now has to solve.

"She's got to go to a good home," he said determinedly. "Mary is too sweet a baby to be given to just any one," and the youngster gazed a little furtively into his eye by way of asserting her independence.

"TAFT IS WHAT WE CALL SICK," SAYS SEERESS

Paris—Mme de Theba, a famous French prophetess, whose reputation for predicting great events is international, has taken a glance into America's immediate political future and in an interview said:

"At the present moment former President Roosevelt is living in profound silence. He is burning with a desire to be president again but is afraid to risk his popularity by disregarding the third term precedent. He sits mute, like a doctor with his hand on the pulse of the American people watching for some sign."

"If he could wait until August he would be able to settle the question without difficulty, but he must not wait. This worries him because he does not know whether to obey the voice of ambition or listen to the counsel of prudence."

"I can tell him that if he is nominated he will be elected; I can tell him he could be nominated if he wished, but he will not be nominated or elected because he will not be a candidate."

"As for President Taft he is what we call here sick, not physically sick, but the conditions surrounding him are unfortunate. He has lost ground and will not again be president. This is wholly his own fault, because he has not been decorative enough in office, or as you would say not picturesque enough. He has not appealed to the imagination of the people."

"As to Woodrow Wilson, I will say that men of his type will be better appreciated in America 20 years from now than they are today. "Some man who is what you call an outsider, will have much influence in determining America's political future. I believe this man will come from your congress or from a home executive position, but upon his counsels much will depend."

Woman's Happiness

The highest point of woman's happiness is reached only through motherhood, in the clasping of her child within her arms. Yet the mother-to-be is often fearful of nature's ordeal and shrinks from the suffering incident to its consummation. But for nature's ills and discomforts nature provides remedies, and in Mother's Friend is to be found a medicine of great value to every expectant mother. It is an oily emulsion for external application, composed of ingredients which act with beneficial and soothing effect on those portions of the system involved. It is intended to prepare the system for the crisis, and thus relieve, in great part, the suffering through which the mother usually passes. The regular use of Mother's Friend will repay any mother in the comfort it affords before, and the helpful restoration to health and strength it brings about after baby comes. Mother's Friend is for sale at drug stores.

to the penitentiary to serve an indeterminate sentence of from one to four years. Hyland said upon his departure that after serving his sentence he would return to this city, and that he would have nothing to do with either of his wives in future.

After his marriage to Elsie Wilhelm in this city recently it was learned that Hyland had a wife in Chico, Cal. He and his bride left the city and were located in The Dalles. It was learned soon after the couple came here that they were not married and Hyland was arrested. He agreed to marry the girl, and was released, Justice of the Peace Samson performing the ceremony.

Judge Campbell sentenced Miller Logan, convicted of trying to stab Policeman Green to six months in the penitentiary and paroled him, Tom Maloney, given the same sentence for stealing a watch, was also paroled.

FALL IN HOSPITAL ENDS LIFE OF MINER

Seattle, Wash.—Charles Christensen, an Alaskan miner, was killed by a fall when he slipped from his cot in the city hospital and struck his head on the cement floor. It was his second fall within an hour. While out for a walk he was knocked down by a man fleeing from a police officer. He was taken to the hospital where the second fall occurred.

COSHOW'S PLATFORM FAVORS PEOPLE'S RULE

Salem, Ore.—O. P. Coshov of Roseburg filed for the democratic nomination for United States senator. This makes two democratic and three republicans who have filed for this office.

Coshov's platform says: "I will devote all my time, energy and ability to establish and maintain equality of opportunity for all our citizens, to

distribute equally the burdens of taxation, to confer equally the privileges to be conferred by our government to destroy private monopolies, to promote and improve our river and harbors, and to secure for our great state its full share of the funds available for reclaiming our semi-arid lands, to encourage the settlement and cultivation of our wild lands and the building of homes on our frontiers, to establish parcels post, and to insure strict supervision of interstate systems."

His slogan is: "Equal rights and exact justice to all; special privileges to none."

A. A. Kaddery of Portland has filed for delegate to the democratic national convention. He is the twelfth candidate of that party.

SAWS FOUND IN CELL OF BANKER'S MURDERER

Chehalis, Wash.—In a shakedown of the Lewis county jail the sheriff found a saw made from a spring taken from his shoe sole in the cell of Del Clarke, murderer of Lawrence Bar, the Centralia banker, in December. Another combination saw and knife was found in Clark's cell, made from a piece of steel taken by him from the bottom of his bunk. Clark, who is a millwright, had cut the notches for the saw by rubbing the steel on the chilled steel corner of the bars of his cage. He is kept confined in the cage all the time and it is unlikely that had the saws been used it would have enabled Clark to escape. Other prisoners who have the freedom of the corridor might have made a break, but Clark would hardly have been able to do so.

EMBEZZLER WRITES HE'LL JUMP INTO SEA

Once \$300,000 Ahead of Game, Lost Firm's Money on Stocks, Says Shaw, Maker of Shoes.

Portland, Me.—A sensation was sprung in Maine business circles when it became known that A. W. Shaw, who founded in 1890, and has since controlled the shoe manufacturing concern which bears his name in Freeport, Me., had lost thousands of dollars of the firm's money through stock manipulation and in a letter of confession to his partner, J. W. Amick, had declared his intention of committing suicide in midocean.

Late in January he left on a business trip for the firm and a letter from him dated New York, February 1, and mailed from Boston, February 6, was made public. The letter read: "It is all over but the mourners," and continued to admit that Shaw had played the market heavily and lost, first making a fortune and then losing it and more. A year and a half

ago, according to the letter, Shaw was \$300,000 ahead of the game, but he wished to make \$10,000,000, he wrote, and kept up the gambling.

"Continuing the letter read: "If I had won I would have been a hero; now I am a son of a gun. My courage is gone, my brain worn out, so I shall end it all."

The writer then went on to say that he had so little money that he should have to ship on a tramp steamer and drop over her side.

He also inclosed a request to notify his family, which consists of his wife and four daughters, two of the latter being married. One of the unmarried girls has just been operated on for appendicitis. None of the family, his bankers nor business associates had any idea of defalcations. The firm is in the hands of receivers and the business will be continued.

WHAT'S THE REASON?

Many Pendleton People in Poor Health Without Knowing the Cause.

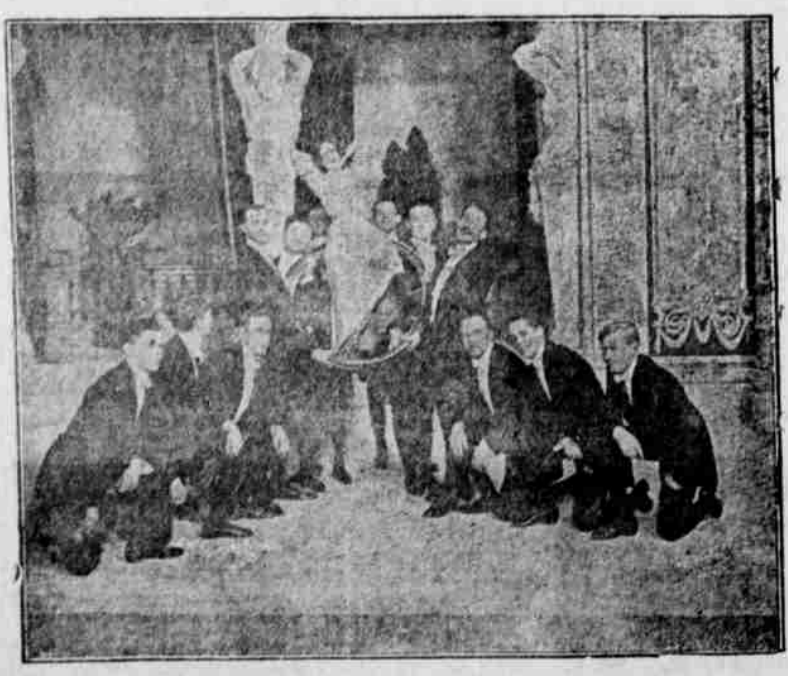

There are scores of people who drag out a miserable existence without realizing the cause of their suffering. Day after day they are racked with backache and headache; suffer from nervousness, dizziness, weakness, languor and depression. Likely the kidneys have fallen behind in their work of filtering the blood and that is the root of the trouble. Look to your kidneys, assist them in their work—give them the help they need. You can use no better remedy than Doan's Kidney Pills.

Below is grateful testimony from a sufferer in this locality. Mrs. Frank Pike, 101 Greenwood street, La Grande, Ore., says: "Doan's Kidney Pills were used in our family and proved very effective. The person who took this remedy had weak kidneys and suffered a great deal from backache. Stopping was difficult and sharp twinges often darted through the loins. Doan's Kidney Pills were used on a friend's advice and it did not take them long to bring relief."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.
