

PORTLAND LIVESTOCK MARKET VERY FIRM

RECEIPTS HEAVY AND TRADE EXTREMELY BRISK

Calves Reach New High Mark—Cattle Prices Are Still Maintained—Hog Quotations Are Unchanged—Sheep Are Steady.

(From Thursday's Journal.) There was a very firm tone in all lines of livestock for the day. While there was a good run in all lines with the exception of calves, buyers took hold and paid the extreme values for quality. Sales were made more quickly and at a better average at North Portland than for some days.

The highest price ever paid for calves at North Portland was received this morning when a single animal that came from Idaho was sold at \$3.25. The extreme scarcity of calf offerings at North Portland at this season as compared with the limited offerings of previous years is attracting attention.

All sorts of answers are given to the problem although the most probable is that cattlemen have decided to hold their calves and will raise more stuff hereafter. While it is true that the Willamette valley is shipping many hundreds of calves each week in a dressed condition to Portland to the front street trade, the volume of supplies even there is small compared with what was offered along the street during previous seasons. Naturally this is having an effect upon the price in the dressed meat trade as well as in the livestock market.

Cattle Prices Maintained. While the extreme top figure of recent days was not obtainable in the cattle market today and prices may be considered 5c lower for that class of stuff, offerings as a rule were not as good as then. Best offerings of the day brought \$6.55 at North Portland this morning, one lot of 24 steers that averaged 1289 pounds going at the extreme mark while another lot of 77 head averaged 1166 pounds went at \$6.50.

While it is true that cattle were sold recently as high as \$6.60, only one lot that brought that figure was

really No. 1 stuff. Another lot is said to have brought that price owing to the fact that a great scarcity of heavy stuff existed and buyers naturally grabbed everything in sight that would answer the requirements of the Alaska trade.

North Portland cattle prices: Heavy fancy steers \$ 6.55 Select steers 6.35@6.45 Choice steers 6.10@6.25 Common steers 4.75@5.00 Feeder steers 4.75 Speyed heifers 5.85 Ordinary heifers 5.00 Ordinary cows 5.00 Fancy cows 5.00 Poor cows 3.50@3.75 Fancy light calves 8.00@8.25 Medium light calves 7.75 Fancy bulls 4.50 Medium bulls 4.25 Ordinary bulls 4.00 Stags 4.00

Hog Prices Intact. There was no change in the price of hogs at North Portland during the day. Packers here are holding their bids unchanged at 67.75 for tops and several lots were disposed of at the high mark.

Nominal North Portland swine prices: Fancy mixed \$ 6.75 Good heavy 6.50 Good light 6.65@6.75 Medium light 6.50 Rough and heavy 6.25 Poor and heavy 5.50@6.50

Sheep Advance Maintained. The advance quoted in the prices of sheep yesterday was finally maintained at North Portland today. The run was 948 head, compared with 1,789 a week ago.

A Wireless Telegraph Station Will Soon Be Established and Running in Pendleton.

Our city will soon have a modern wireless telegraph station in full operation! Contracts have been closed with eastern managers to have complete apparatus, transmitting and receiving stations, batteries, etc., brought here and put in working order by an expert, Wm. B. Parker.

He will come the 4th day of March and on that night at the Christian church will send and receive wireless messages in full view of the audience, ring bells at a distance, start motors, manipulate signals and electric lights, and give a comprehensive demonstration of the present uses of this much talked of discovery, as well as explaining its future possibilities in warfare, training despatching, etc.

On the grounds of the Bank and Liquid Air, he bringing a supply of those materials and apparatus for actual experiments. A large house is already assured for the occasion and it is expected that hundreds will improve this rare opportunity to form a delightful acquaintance with these scientific marvels.
