TIME FOR KNOODLES TO HUNT TALL UNCUT

WORST ENEMY OF CANINITY IS SOON DUE TO ARRIVE

Harry Hart, Famous Dog Catcher of Northwest Renown, Invited to Come to Pendleton and Deplete Population of Moagrels.

Oh, you pampered poodle, you pet-sive pup, you lapped lapdog and all other specimens of caninity who exist within the boundaries of the Round-Up City, by virtue of the inexplicable order of things which makes a dumb brute a privileged member of many households, beware, for the hour approaches when the spectre of your dreams will stalk forth once again to snatch you in your innocent gambols and, unmindful of the qualities which have endeared you to individual parts of humanity, administer to you the ictal dose which will transport you into the spiritual domain where juicy beststake abounds, where the fiendish flea is never known and where the visage of the dogcatcher is forever strange. Salvation from this impending fate of transitory pain and bliss eternal depends wholly and solely upon whether or not your conduct of the past year toward your master or mistress has been such that it has aroused a sentimental attachment which in monetary terms is equivalent to three or six dollars.

The above edict is but another way the police have of warning owners of dogs that March 1 is drawing nigh and that upon that date the annual license fee of three dollars on male canines and six dollars on females of the same species will become due. Chief of Police Kearney this morning indited an invitation to one Harry Hart of Spokane, renowned dog catcher who collected so much revenue for the city during the past two years and sent so many faithful quadrupeds to the dog's paradise. Either he or some other of the same vocation will be called in again next month and all dogs who become delinquent through the negligence or indifference of their owners will be caught up, impounded and if their reprieve be not secured by means of good, cold cash, they will be ushered out of mortal existence by the quiet and painless route for which chloroform is noted.

Eight in Police Court.

From the number of drunks registered in police court this morning it would appear that Washington's Birthday was celebrated by some in a manner of which the Father of His Country would not approve were he alive today. John Allen, James Allen, Frank Harris, Al Turner, James Griffin, Stella Williams and Henry McGeorge all imbibed too freely of the joycup and in consequence fell into the clutches of the guardians of the law. All except the last named appeared in answer to the roll this morning and accepted the usual three day sentence. McGeorge, however, had put up ball of five dollars which he forfeited by non-appearance. The only other person to appear in police court was Mike Ober, the hospital employee who was arrested on a d. and d. charge. He was fined ten dollars which he paid.

CREATION OF LIEUT. GOVERNOR IS URGED

Salem, Ore., Feb. 23.—The committee appointed by the last legislature to prepare arguments in favor of the constitutional amendment creating the office of lieutenant governor, has filed seven reasons. The gist of the first three is the prevention of the secretary of state holding two offices at one time and having two votes out of three on the state land board. The provision for continuing the work of the governor's office without demoralizing the work of the secretary of state's office, preventing one man drawing two large salaries, are other reasons for the change. These arguments apply, of course, upon the governorship being vacated.

Other arguments are the elimination of the biennial struggle for the presidency of the state senate with its political trades, secret deals and combinations, as the lieutenant governor would be presiding officer, and the cost to taxpayers would be only the salary now paid to the presiding officer of the senate.

The members of the committee prepared the arguments are Senator W. W. Calkins of Lane county, Representative Ira C. Powell of Polk and Representative F. M. Gill of Hood River and Wasco.

(Special Correspondence.)

Echo, Ore., Feb. 23.—Julius McCoy, who owns a Meadow farm west of town, met with an accident on Wednesday which may prove quite serious. While repairing fence he had the misfortune to run a nail in his knee. It is feared that it pierced the knee cap and if so he may be injured for life.

The firemen's ball given here last evening was quite a success. A number of out of town attendants were present. Music was furnished by the United Orchestra of Pendleton. An enjoyable time was had by all. Another copious rain fell yesterday, which added to the abundant moisture already in the ground and caused the smiles on the faces of the dry farmers to still expand.
