GRADUATION NOW SEEMS CERTAIN

ACTING SECRETARY OF INTERIOR ENCOURAGES

Says Department is Considering Plan for Immediate Change for Umatilla Project—Wrestlers Sign Agreement for Contest.

(Special Correspondence.) Hermiston, Ore., Feb. 24.—That the settlers on the Umatilla government project will receive a proposition for the graduation of the water right payments is an assured fact, but just what the scale will be is not as yet known. It is thought that in the first unit the 1910 payment will be the only payment that will receive the graduated scale; that no credits will be given to any units on the amount of payments that have already been made in each unit. The Umatilla River Water Users' will hold a meeting on March 4, at which time the stockholders will be given a change of contract and also the by-laws which will enable settlers to obtain the payments on the graduated scale. They can have the graduation or they can keep to their old contract, there has been much speculation among the settlers in regard to the payment which is delinquent March 1, 1912, the following telegram has been received by G. H. Uthegrove of the association which will explain: "G. H. Uthegrove, Hermiston, Oregon. "Department considering plan for graduated payments will provide opportunity for making payments required hereunder after March 4th. Signed, "SAMUEL ADAMS," Acting Secretary. Therefore the payments will not have to be made until after the people have decided whether to change the contract and by-laws or not. In case the graduated payments are expected by the people each one wishing to avail themselves of same will be required to make a new water right application to the government making the change in the building change. Mrs. E. W. Croup and Mrs. H. A. Loundagin of Pomeroy, Wash., are the guests of Mrs. G. H. Uthegrove. E. P. Dodd, president of the Commercial club and C. S. McNaught of the Maxwell Land and Irrigation company, have returned from Portland where they had been to attend the irrigation congress. Dr. M. V. Turley will leave in a few days for a trip in the Deschutes country to superintend the work on his ranch. Harry B. Giese has purchased the land interest of his brother. Mr. Giese recently sold his homestead right to Edward J. Krosler. William H. Skinner and J. K. Shotwell, who have been in Spokane for several weeks, are expected home this evening. Wrestlers Sign Agreement. The agreement for the wrestling match between O'Connell and Kennedy has been signed and the bout will take place on March 2. This will be the best two out of three falls and to a finish. Mr. Kennedy is his own manager for this match. It is expected that there will be quite a delegation of people from out of town. Seats are now on sale at Henry Hitt's and are going rapidly. R. W. Fletcher, of the East Oregonian, and G. Spence of the Journal, were in the city yesterday.

REALISM FOR THE MOVIES.

Paris.—While tourists were visiting the historic forest of Fontainebleau they became wildly excited when they heard the bleating of a sheep which was quickly followed by the roar of a lion. The tourists fled in a panicky state and soldiers were hastily summoned.

The found the lion devouring the sheep and at the command of the officer fired and killed the king of beasts.

It was learned that a moving picture man had bought the lion and sheep and had let the lion loose on the sheep to get a good picture. The thing failed because when the cinematograph operator heard the roars of the lion he fled.

The man who engineered the scheme has been requested to appear before the courts. He stands a good chance of going to jail. Diaz prevented the Mexicans from revolting so long that they now want to start a new revolution every day.

AT THE PICTURE SHOWS

Orpheum. Where pictures are shown under the most favorable and delightful conditions, Sunday's program a good one. Don't miss it.

1. "Willie's Sister." Vitagraph. A Beauty. Willie doesn't make a hit, but "Willie's Sister" does and puts her brother "in right" with the boys. Then Willie gets back at them. He laughs last and everybody laughs all the way through. Jolly good comedy. Bright and sprightly.

2. "A Child of the West." Essanay. A remarkable western drama with a remarkable child actress. The story is a crackerjack.

3. "Love Moulds Labor." American. Pathe drama. In the works of the Fuller foundry, Margaret Fuller is saved from a terrible burn by the foreman. This leads to a close friendship between the two, which is looked on with decided disfavor by Kirk Stanley, a partner of Mr. Fuller and a suitor for Margaret's hand. Stanley causes dissatisfaction among the laborers and a strike is narrowly averted and an altercation occurs, enough of which is seen by the head of the firm to cause him to turn Stanley out, while the loyal foreman gets the girl.

4. "Pottery Making in Thoenne, Switzerland." Eclipse. The products of these potteries are known all over the world for their originality.

5. "Lazy Bill and the Strikers." Eclipse comedy. Bill leads the office force on a strike and then back to work again.

The Pastime. The home of good pictures. A classy program. Sunday's change: "The Voice of a Child." Glograph. A picture in which a child's call to her mother who is on the point of eloping with her husband's false friend, averted a tragedy. One of the most pleasing players of the Biograph Co. takes the leading role as the wife.

"The Wager." Vitagraph. Nothing so good as a laugh. It's a cure for the darkest ills and it lightens the doctor's bills. This picture will win grateful and everlasting appreciation.

"Love Will Find a Way." Eclipse. An interesting and unique story of love that never fades.

"Freezing Auntie." Edison. A face full of comedy situations in which Mrs. Hempel effectively turns the tables on her husband and his scapegoat nephew.

"Codfish Industry, Newfoundland." Edison.

Musical program of Bohemian music: No. 1—Cupr Chase. Polka Two-step. No. 2—Kydz Jon Nasl Piravall. Sediak Songs. No. 3—Mladenol. Two-step. No. 4—Bozenka. Waltz. No. 5—Adulko Safarova. Two-step.

Cosy. Friday and Saturday, one of the most extraordinary and exciting western pictures ever produced.

"Getting his Man." Bison. A most sensational western picture in which a horse and man tumble down a steep mountain side. Entirely different from the usual western and is very speedy and interesting.

"Their Burglar." Thanouser. In which a burglar becomes an unwilling messenger and makes possible an elopement and got the presents he had come to steal.

"Baby's Choice." Solax. A bright little kiddie tries to pick out a suitor for her sister and is finally successful after many amusing and exciting events.

"The accusing Dog." Ambrosia. A man is brought to justice by means of a clever dog.

"Paper Making Industry." Solax. The history of a sheet of paper from the log to the finished product.

"Tweedledum in High Life." Ambrosia. The popular comedian in some good laughable stunts.

At the Grand. Chase, McCloy and Geraldine in the highest class vaudeville acts on the road, featuring "The Racing Lady," a racy comedy, different from any you have seen. A sketch of laughable misunderstandings. Not a quiet moment in it.

The Bells. The strongest dramatic act on the road. The McCloy's have played this act over Geth, Orpheum and Pantages circuits. Read what others say about it: "The best we have seen in vaudeville."—Cleveland World.

MOST CERTAIN WAY TO END A BAD COLD

It is a positive fact that a dose of Pape's Cold Compound taken every two hours until three consecutive doses are taken will cure gripe or break up the most severe cold, either in the head, chest, back, stomach or limbs.

You distinctly feel the cold breaking and all the disagreeable gripe symptoms leaving after the very first dose. It promptly ends the most miserable headache, dullness, head and nose stuffed up, feverishness, sneezing, sore throat, running of the nose, mucous catarrhal discharges, soreness, stiffness and rheumatic twinges.

Pape's cold Compound is the result of three years' research at a cost of more than fifty thousand dollars and contains no quinine, which we have conclusively demonstrated is not effective in the treatment of colds or gripe.

Take this harmless compound as directed, with the knowledge that there is no other medicine made anywhere else in the world, which will cure your cold or end gripe misery as promptly and without any other assistance or bad after-effects as a 25-cent package of Pape's Cold Compound, which any druggist in the world can supply.

SHEEPMEN DISKING SNOW.

North Dakota Ranchers Cut Crust So Herds Can Forage. Earl, N. D.—Disking snow is the latest employment on the extensive sheep ranches in western North Dakota.

For a time sheepmen in this vicinity feared that thousands of sheep would perish because of unusually heavy snows followed by rains and thaws that crusted the snow so hard the sheep could not break through for forage.

R. J. McAllister, owner of a vast ranching outfit in this vicinity, though of the disk he uses on his fields in the summer. He tried it on the crusted snow with such success that many ranchers are at work disking the snow.

PREMIER'S WIFE IN TROUSERS AT BALL

Murren, Switzerland.—There was a lively fancy dress ball here the other night, which Mrs. Asquith played a large part in organizing. Some of the dresses were striking, but none more so than her own gold-brocaded Turkish trouser costume. When the fun became furious, she danced a

Deafness Cannot Be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever. Nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surface. We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free. F. J. CHENEY & CO., Toledo, O.
