## LOCAL ROAD MEN FAVOR COUNTY PLAN

### VOTE AGAINST STATE AID AT MEETING SATURDAY

#### Recommendations Mailed to Chairman of Get Together Committee—C. A. Barrett Charged Bad Motives to Governor West.

By action of the county good roads association taken at a meeting held at the Commercial club rooms Saturday that organization went on record as opposing any good roads bill containing a state aid clause and favoring the county bonding proposition.

The above action was taken after considerable discussion during which it was made apparent that the majority of those present were opposed to state aid and favorable to independent action by this county.

At the outset of the meeting which was presided over by H. J. Taylor, president, with Sam R. Thompson as secretary a letter from Governor West was presented by E. B. Aldrich.

It contained the request that such recommendations as the association had to offer be sent at once to W. B. Ayer of Portland, chairman of the get together committee which the governor appointed to bring the conflicting elements into harmony.

In the discussion of the subject of road legislation the state aid plan was opposed by Joint Senator C. A. Barrett of Athena, Dr. F. W. Vincent and by Dr. C. J. Smith. Dr. Vincent made a motion that the association go on record as opposed to state aid and later he amended his motion so as to include a resolution proposed by Mr. Barrett endorsing the county bonding plan. The motion was carried.

### Barrett Aired Grief.

In the course of an extended talk C. A. Barrett cast reflections upon the motives of Governor West by asserting that in his advocacy of the good roads bill the governor is inspired by a desire to build up a political machine. He also sought to cast aspersions upon C. E. Jackson, owner of the Portland Journal, who has been a powerful advocate of good roads legislation.

Following the session which adjourned as soon as action was taken Barrett was the subject of severe criticism by members present who charged his hostility to Governor West up to the fact the governor removed Dr. Plamondon, Barrett's son-in-law, from the superintendency of the eastern Oregon asylum, to which position Plamondon was appointed by Acting Governor Bowerman at a time when the branch asylum was still in a more or less mythical shape.

### FLOOD WATERS FOR 60,000 ACRES, ECHO

(Continued from page 1)

tilla river at a point above Barnhart and brought to the summit of the hills some three miles southeast of Echo.

Mr. Severance and a crew will then begin work on the permanent location.

So confident was the committee of the success of the undertaking that they agreed to furnish \$500 to finance the project until the district can be bonded, when this money will be returned. But to guarantee the committee against any loss a subscription paper will be circulated later but no money collected unless the bonds fail to carry. This, however, is improbable, it is thought.

Government officials have agreed to release sufficient flood waters to irrigate the canal, provided action to utilize the water is taken within a reasonable time. The land proposed to be irrigated is the lower portion of the old Sturgis plan and lying below the 1000 foot contour. Much of the land has been farmed to wheat for many years.

### Many Attend Indian Meetings.

The interest in the Indian revival grows and on Sunday the church was filled with chairs in every space. Among those present from other reservations are Rev. Mark Arthur, James, Kash Kash, Mrs. James Stewart, Silas Cornett and wife, Mat Whitfield, James Moore, Harry Corbett, James Thomas, Charles Little, Wm. Frank and wife, Milton George, Mrs. Hatty Ames, Miss Mary Ames, Josiah Red Wolf and wife, Mrs. Hiwamakmalats, Elizabeth Green, Lena Johnson from Idaho, also Perry Kukup and wife and Elijah Miller and wife from Warm Springs, Or. On Sabbath evening a temperance rally was held with several speakers and two of the visitors addressed the children at the government school. In the afternoon when Chief Peo was brought into the congregation much interest was shown by all by a hearty hand shake—while many wept at seeing him who had been away so long.

## ECHO PUPILS IN CONTEST FOR MEDALS

(Special Correspondence.)

Echo, Ore., Feb. 26.—A very pleasant program was given here on Saturday evening at the I. O. O. F. hall, the occasion being a silver medal contest under the auspices of the local W. C. T. U. Two medals were given, one for oratory and one for singing.

A large number of girls between the ages of thirteen and sixteen participated in the speaking, and four little girls all under ten years of age sang.

The judges for the oratory were Editor Hurd, George Coe and Mrs. Dumas, all of Stanfield, and they awarded the medal to Miss Clara Ripper, Miss Lily Wattenburger was a class second.

For the singing, Mrs. E. N. Wheeler, Mrs. Ivan Dunning and Professor Acker, all of Stanfield, were the judges and decided in favor of little Miss Effie Norman. Miss Neva Gillett was second.

A large number were present, the hall being crowded. Both the W. C. T. U. and the public school is doing a good work here in encouraging and training the young folks for public speaking and self possession in addressing audience.

Among the many present from outside points to attend the irrigation meeting held here last Saturday were D. C. Brownell, the sage of Umatilla; Mayor James Kyle, Attorney A. W. Gray and Frank Sloan of Stanfield; also Attorney Stelwer and Jack Keefe of Pendleton.

O. D. Teel returned Friday evening from Portland, where he has been attending the irrigation congress.

Wm. Hogard of Stanfield, was a business visitor here Friday and returned to his home on the evening motor.

A. B. Thompson and wife and Mayor R. Stanfield returned last evening from Portland.

Mr. and Mrs. F. T. George left Sunday morning for Arlington on a short business and pleasure trip combined.

Tom Surgison of Sprague, Wash., is here buying beef cattle.

Mrs. Bert Mullins left last evening for Clarkston, Wash., on a visit to her mother's home.

Miss Ina Wattenburger, who is teaching school at Hermiston, spent Sunday with her parents at this place.

Five more carloads of choice beef cattle reached the Portland markets today from this place. The following alfalfa raisers making the shipments: Frank Correa, two carloads; Waldon Bhea, one car and Jimmy McCoy, two cars.

J. B. Arnold came down this morning from Freewater to look after his farm interests here.

Jesse Arnold returned Friday from a business trip to Portland.

### ALL COUNTY OFFICERS CANDIDATES FOR RE-ELECTION

(Continued from page 1)

reason for his retention. Mann has been representing the county for several terms and has always been aligned with the old republican guard but this year for the first time he has signed "Statement No. 1" after his name. Hinkle is appealing to the west end voters by making the proposition of irrigation his principal pledge while Oliver has adopted "Fewer laws and less taxes" as his battle cry.

### Sailing Will Run.

Frank Salling, county clerk for several terms, is not yet tired of serving the people and, while he has not yet made a formal announcement, he has declared to friends that his petitions will be in circulation shortly after March 1. The only other candidate whose name has been connected with the office as a possible candidate is Roy W. Ritter, well known young farmer and calendar clerk of the state senate during several sessions. However, since Salling's candidacy has become more or less of a certainty, it is understood that he has declined all talk of this nature.

Tim Taylor, democrat, who has served Umatilla county efficiently as sheriff for the past twelve years, will

without doubt enter office again without opposition. So popular has he proved as a vote getter in the past that all who cover his office fear to challenge him. However, in the event he should decline to run again, which is unlikely, former Chief of police Tom B. Gurdane would probably apply for the position as a republican candidate.

C. P. Strain, a democrat also, is looked upon to succeed himself as assessor. He takes the position that, inasmuch as he must work for somebody he is willing to continue his service to the public providing there is a demand for the same.

### Bradley and Welles.

G. W. Bradley, treasurer, and Frank K. Welles, school superintendent, are two other republicans who have been in office for a number of years and who will probably go before the voters again. No opposition to either has yet developed although for awhile both Principal Nordhoff of the Fernside schools and Principal A. C. Hampton of the local high school were being discussed as men eligible to succeed Welles. Both have, however, positively declined to enter politics.

Ben S. Burroughs has only been in the recorder's office a part of one term and he will be a candidate for re-election. No rival has yet entered the field and politicians believe it is unlikely that any will.

### Commissioner Battle Hot One.

Because of the great interest in the good roads movement now, it is probable that one of the hottest fights of the coming election will be waged over the office of commissioner. Horace Walker, old republican warhorse, who has been a member of the county court for several terms, is already an announced candidate for re-election, but opposition has developed in both parties. Mayor Waterman of Hermiston has filed his declaration and will combat with the present incumbent at the April primaries, while Manuel Friedley, well known Juniper farmer, is being groomed as the democratic candidate.

### Tramp 30 Miles to Wed.

Whitesburg, Ky.—Thirty miles through a blinding snowstorm, with mountains to cross and angry parents behind them, came James Coombs Jr. and Miss Virgie Coombs, his cousin, to be married. They routed the clerk of court from his bed early to give them a license and then persuaded the Rev. James E. Bradford to unite them.

Later in the day they left Whitesburg on the trip back to the Perry county line, where they have both spent their lives.

The bridegroom is twenty and his wife has just passed her twelfth birthday. The bride wore dresses which came jus below her knees.

### Recognizing Some Words.

"By dear" called a wife to her husband, who was in the next room. "What are you opening that can with?"

"Why," he said, "with a can opener. What did you suppose I was opening it with?"

"Well," replied his wife, "I thought from your remarks you were opening it with prayer."

bloody work in charging the women and men in the line of parade, secured automobiles, went to the homes of the strikers and beat many of them unmercifully. Others returning to their homes were met and knocked down by the officers.

An order had been issued to the police to beat the women only on certain parts of their bodies, and to club men on the most convenient part of his body, offered by circumstances.

The order was not adhered to and women were beaten on every part of their bodies and a number of the more seriously injured women were taken to hospitals.

### Limit of Endurance.

Lawrence, Mass., Feb. 26.—A crisis is due in the strike of the 25,000 men, women and children of the textile mills. Following Saturday's savage attack by the police and militia upon the children, who, to escape the wolves of want, were to have left the city to be cared for by citizens of Philadelphia and Providence, the strikers feel that the last straw of oppression has been laid on their backs and that now something from the outside, probably the federal government, must come to rescue them from state and civil outlawry.

Those who saw the action of the police and the militia in the Boston and Maine station declare that such highhanded, law defying un-American practices are intolerable in this country and that it is inconceivable

### To Check Flour Shipments.

Major E. S. Swartzlander, agent upon the Umatilla reservation, left this afternoon for Lind, Wash., where he is to continue the task of checking out shipments of flour that go to the various Indian stations throughout the United States. The flour has been purchased by the government of the Portland milling company.

### Rusk at Weston Today.

Jerry Rusk, speaker of the last house of representatives and Progressive-Roosevelt candidate for the republican nomination for congressman from eastern Oregon was here yesterday for a short time and today he met voters at Athena and Weston. He was at Freewater and Milton Saturday. Rusk is making an aggressive campaign and is confident of success at the primary election in April. He bases his fight mainly upon his record as a progressive legislator and his consistent advocacy of the Oregon system.

### New Machines Arrive.

The new 40 horsepower, five passenger Cadillac automobiles recently purchased by Mayor W. F. Matlock and F. E. Judd were received by Ben F. Trembley yesterday and attracted considerable attention because of the modern improvements included in their machines. An electric starting apparatus, electric lights and a tire pumping attachment are among the features embodied in the new Cadillac.

### Ex-Governor of Kansas Here.

E. W. Hoch, ex-governor of the state of Kansas, spent Sunday in Pendleton en route to La Grande. The distinguished visitor is now touring the west as a lecturer on the Priest-Lyceum bureau and is one of the list of features secured for the entertainment course here during next winter.
