

# HERMISTON TO HAVE A BASEBALL TEAM

(Special Correspondence.)  
Hermiston, Ore., Feb. 26.—Hermiston will have a baseball team this summer. It is the purpose of the fans to organize a league which will include Hermiston, Echo, Stanfield and Umatilla, similar to the league that was organized two years ago in which league Hermiston took the pennant.

Samuel R. Oldaker recently received patent to 80 acres of land issued under the Maxwell Land & Irrigation company's water right.

W. T. Lambert and family arrived here from Roanoke, Ind., last week. Mr. Lambert was here last fall and filed on a homestead in the third unit. He has now a crew of men at work on his place and has built a nice little house. He will commence at once to make a farm out of his homestead.

B. A. Chisholm is visiting in Ellensburg.

The Oregon Hardware and Implement company last week installed a gasoline engine and pump at the experiment station.

Joseph McNaught returned home last week and is very much improved in health.

Mrs. W. M. Shepard and children are visiting with friends in Heppner.

Miss Pearson, daughter of L. H. Pearson, is here from Tacoma to visit her father.

# STILL WANTS CLASS D. BASEBALL LEAGUE

La Grande is still crying for a Class D baseball league and the recent story in the East Oregonian to the effect that Pendleton and Walla Walla, Athena-Weston and Dayton, has moved the La Grande Observer to commend as follows:

Pendleton's baseball scribe may or may not be correct as to his hypothesis about expense. The feeling generally prevails that such a league would be a paying proposition and that everywhere there is a rule which sustains good baseball if good baseball is first provided. It is not to be expected that support will be forthcoming if there is no effort to produce the best available right off the reel. The above from Pendleton is probably started by some group of fans in Pendleton and Walla Walla who dare not venture out on bigger lines and will continue to stay with the town job brands of baseball not-

withstanding that towns have—or at least should have—grown rapidly in population and are all big enough to support a class D organization. La Grande, the Observer feels safe in saying, will support the class D project even if Walla Walla—which by the way failed to get into the Northwest league last spring—and the other towns supposedly larger than La Grande, do not.

# GHOST HAUNTS MILL YARD.

So Say Workmen, Who Think it Spirit Of Accident's Victim.

Sharon, Pa.—There is a ghost at the Sharon Steel Hoop Works.

American and foreign workmen vouch for the story that the apparition, in the shape of a man, has been seen in the yards of the works at times in the past few days. Fully garbed, he dramatically points a finger toward the big crane that caused the death of Evan Mhordin, November 19. Workmen say that the apparition is the ghost of Mhordin himself.

Samuel Douglass, a roll turner, and Joseph Oakes, a millwright, are the Americans who say they have seen the ghost.

# WATER DAMAGES STANFIELD LAND

## FEED CANAL BREAKS, TURNING WATER LOOSE

Sheep Shearing is Now Well Under Way—Watts Building Rapidly Nears Completion and Will be Finished Before May.

(Special Correspondence.)  
Stanfield, Ore., Feb. 26.—Quite a serious break occurred in the U. S. reclamation service feed canal where it passes through the Furnish project east of Stanfield and the escaping water did a considerable amount of damage. It required about two hours to repair the break and during that time a large volume of water poured out of the ditch onto the lower lands and about Stanfield and in addition to damaging the property by inundation several hundred dollars damage was caused to the work that had been done by the contractors on the drainage system.

Ruth Faucett celebrated her ninth birthday Saturday afternoon by entertaining a number of her little schoolmates. The afternoon was happily spent with games, after which they partook of dainty refreshments. The little hostess was presented by her guests with nine pretty handkerchiefs. Those present were Laura Wallace, Elizabeth Gray, Orpha Dunning, Margaret Bagan, Lusella Norton, Edna Odum, Thelma Odum, Mazie Rieling, Catherine Prignitz, Blanche Hurd, Rhea Reeves, Marvel Batchelder, Zelfth Martin, Minnie Hall and Ruth Faucett.

Frank Sloan was an Echo visitor Saturday.

O. D. Teal of Echo was in Stanfield yesterday.

Mr. Ward of the George & Miller Co., and Perry Whitworth of Echo, were Stanfield visitors Saturday.

Glady and Eva Ward who are attending school at Pendleton, spent Saturday and Sunday here as guests of their father, Geo. L. Ward.

Attorney A. W. Gray spent Saturday afternoon at Echo.

P. J. Eschbach of Eschbach, Bruce Co., North Yakima, Wash., was here yesterday on business connected with their contract for constructing the drainage system.

Sheep shearing is in progress at the sheep yards of R. N. Stanfield. Four thousand head are being clipped.

Rapid progress is being made toward completing the two story concrete Watts building and Contractor Allen says he expects to have it finished and ready to turn over to the owner before the time called for in the contract, May first. The lathing has been finished and the second story has been plastered. J. P. Law, than of Portland has the contract for the plumbing and this work is also well under way.

A party of sixteen Stanfield folks went to Echo Saturday night to attend a Demorest elocutionary and singing contest under the auspices of the W. C. T. U. The party went via hay wagon and had a very enjoyable time. The judges of the elocutionary contest were Mrs. Eva Dumas, Geo. Coe and G. L. Hurd, and those who decided on the winner of the singing contest were Prof. Sidney Archer, Mrs. Ivan W. Dunning and Mrs. E. N. Wheeler, all from Stanfield.

# TONIC MAKER SENTENCED TO GROW HAIR ON POLICEMAN

Chicago, Ill.—E. F. Gonzales, a hair tonic manufacturer at 4225 Indiana avenue, was sentenced by Municipal Judge Thomas F. Scully to grow a luxuriant crop of hair on the bald pate of Policeman Burns within a year as a punishment for annoying Miss Kate C. Hollihan by selling several times at her "beauty shop."

No reason was assigned by the court for subjecting Officer Burns to such unusual treatment.

Miss Hollihan testified she had been annoyed by Gonzales and had lost money by investing in the hair growing preparation which, she claimed, was worthless. Gonzales, on the other hand, brought a counter charge that he had been annoyed by Miss Hollihan, and produced post cards in support of his assertion.

"There is nothing wrong with my tonic," he declared. "It will grow hair if properly used. It not only cleanses the scalp, removes dandruff, strengthens and nourishes the follicles, loosens the scalp, stops falling hair, but—"

"Enough," interrupted the court pausing to pass judgment on the weighty question.

"I am going to place you under a peace bond for one year," said Judge Scully addressing Gonzales, "and during that time I want you to test out your tonic on Policeman Burns' head. Be sure that you grow a good crop of hair and report to me at the expiration of the peace bond."

Gonzales looked hopelessly at the policeman's hairless pate and with an air of despair left the room. The punishment was more than he could bear. As for Burns, he is trembling between expectancy and fear.

# AGED MAN TAKES HIS OWN SON FOR SHARPER

St. Louis, Mo.—C. F. Stahl of Upper Alton met his father in the Union station and spent the rest of the afternoon and evening trying to persuade the elder that he was not a confidence man.

The father, A. G. Stahl, came from Lawrence, Kan., to make his home with his son. He is 86 years old, nearly blind and hard of hearing.

The son came from Upper Alton to see him safely through the dangers of St. Louis. He feared the father, in his old age and country innocence, would fall an easy victim of sharpers.

"How do you do, father? Glad to see you," said the son when his relative arrived.

"You are some kind of a confidence man," said the senior Stahl.

# AWAY GOES ALL STOMACH MISERY

## NO INDIGESTION, DYSPEPSIA OR GAS IN FIVE MINUTES

A Little Diapepsin Now Will Make Your Out of Order Stomach Feel Fine—Digests All Your Food, Leaving Nothing to Ferment and Sour.

If you had some Diapepsin handy and would take a little now your stomach distress or indigestion would vanish in five minutes and you would feel fine.

This harmless preparation will digest anything you eat and overcome a sour, out of order stomach before you realize it.

If your meals don't tempt you, or what little you do eat seems to fill you, or lays like a lump of lead in your stomach, or if you have heartburn, that is a sign of indigestion. Ask your pharmacist for a 50-cent case of Pape's Diapepsin and take a little just as soon as you can. There will be no sour risings, no belching of undigested food mixed with acid, no stomach gas or heartburn, fullness or heavy feeling in the stomach, nausea, debilitating headaches, dizziness or intestinal griping. This will all go, and, besides, there will be no undigested food left over in the stomach to poison your breath with nauseous odors.

Pape's Diapepsin is a certain cure for out of order stomachs, because it prevents fermentation and takes hold of your food and digests it just the same as if your stomach wasn't there.

Relief in five minutes from all stomach misery is at any drug store waiting for you.

These large 50-cent cases of Pape's Diapepsin contain more than sufficient to thoroughly cure almost any case of Dyspepsia, indigestion or any other stomach disturbance.

The son protested; the father persisted in his opinion. They dined together in the station, but the elder would not trust the Upper Alton man.

He was not convinced until they arrived at the home and the daughter-in-law gave her word.

The two had not met in three years and the son had changed considerably.

Watch carefully, particularly the children, and for the racking stubborn coughs give Foley's Honey and Tar Compound. It soothes the inflamed membranes and heals the cough quickly. Mrs. A. A. # AUTO THEFTS IN SPOKANE TOTAL \$150,000 IN YEAR

Spokane, Wash.—Thefts of more than \$150,000 worth of high-power touring cars during the last year has prompted the Spokane Retail Dealers' association to offer a reward of \$100 for information leading to the capture and conviction of the culprits.

L. W. Hodgins, president of the association, thinks it is the work of an organized band that has worked in various large cities in the Pacific Northwest. "If \$100 is not sufficient," he said, "the dealers can well afford to increase the reward to \$1,000, in an effort to stop this evil, which is now more widespread than was horsestealing in the rainy days of the rustlers. Formal action will be taken at a meeting called for March 4." Chief Dost admits that the local police have not been able to follow a single clue and is of the opinion that the stolen machines are disposed of elsewhere. The railroad companies declare they have no record of the transporting of cars to points out of Spokane, hence it is thought the thieves drive them under their own power to remote points.

# OLD-TIME REMEDY DARKENS THE HAIR

From time immemorial, sage and sulphur have been used for the hair and scalp. Almost everyone knows of the value of such a combination for darkening the hair, for curing dandruff and falling hair, and for making the hair grow.

In olden times the only way to get a hair tonic of this sort was to brew it in the home fireplace, a method which was troublesome and not always satisfactory. Nowadays almost every up to date druggist can supply his patrons with a ready-to-use product, skillfully compounded in perfectly equipped laboratories. The Wyeth Chemical Company of New York put up an ideal remedy of this sort, called Wyeth's Sage and Sulphur Hair Remedy, and authorize druggists to sell it under guarantee that the money will be refunded if it fails to do exactly as represented.

If you have dandruff, or if your hair is turning gray or coming out, don't delay, but get a bottle of this remedy today, and see what a few days treatment will do for you.

This preparation is offered to the public at fifty cents a bottle and is recommended and sold by special agent, Pendleton Drug Co.
