# BRYAN GOES THROUGH PENDLETON TOMORROW

## IS ENROUTE TO PORTLAND TO DELIVER ADDRESS

Large Party of Umatilla County Democrats Leave Today to Assist in Program for Entertaining Great Commuter.

William J. Bryan, thrice candidate for the presidency and still the leader of progressive democracy will pass through Pendleton early tomorrow morning enroute for Portland where he is to speak and be entertained tomorrow afternoon and evening. Bryan is to be a passenger on train No. 5, which if on time will pass through the city about 5 o'clock in the morning. That train, if on time, will reach Portland close to 1 o'clock.

Local democrats who are going to Portland for the Bryan meeting leave here this afternoon on train 17. Among those who are known for sure to be going are County Judge J. W. Maloney and Will M. Peterson, county chairman. Governor Oswald West will also be aboard that train returning to Portland.

Mayor W. F. Matlock and Col. J. H. Raley, both old time war horses of democracy, had also expected to go down for the Bryan meeting, but it is now understood neither will be able to make the trip. A. B. McEwen, former mayor of Athena, may go.

Judge Maloney, who is going down to greet the famous Nebraskan, is a candidate for delegate to the national democratic convention which meets in Baltimore and which will select the democratic presidential candidate. Judge Maloney is a progressive democrat and an advocate of the nomination of Governor Woodrow Wilson for president. While in the metropolis he will look over the field and see what he can learn regarding the situation with reference to race for delegates.

A teacher wishing a change of work for a year will take two children into her own home to board and care for, for a reasonable remuneration. For further information address "O," this office.

# TO PROSECUTE LAWRENCE CZAR

(Continued from page 1)

sidered possible that the presence in the city of a special government agent had something to do with the slightly smaller showing of brutality on the part of the local authorities.

It is reported that Governor Foss has issued an order to Colonel Sweezer, commanding the militia, to be prepared to withdraw the militia from Lawrence, before next Monday, evidently deciding that state troops will not longer be allowed to be used as tools by the mill owners in forcing the working people back into starvation conditions.

The mill owners are raising a loud wail of protest to this, declaring that the withdrawal of the troops would mean more rioting on the part of the strikers.

## Wickersham Promises Prosecution.

Washington, D. C., Feb. 28.—Denouncing the action of the authorities of Lawrence, Mass., in preventing the departure from the town of starving children of the Textile mill strikers, as a stupid blunder, Attorney General Wickersham today, in a statement issued specially for the United Press association, promised that summary action against the Lawrence officials would be taken by his office, if an investigation revealed the violation of federal laws.

Attorney General Wickersham stated that he had ordered the United States district attorney of Massachusetts, to thoroughly investigate the incidents of the last few days. He also stated that President Taft is much interested in the reports that the federal laws are being broken.

who know what they want and they usually get it, too."

## Temple Eulogizes T. R.

The meeting was called to order by Dr. Temple, who opened the discussion by a short eulogy of the man whom all present are eager to see made the standard bearer of the republican party. The doctor summed up the achievements of Roosevelt since he first came into public notice, enumerating among other things the great service he rendered the west by starting work on the Panama canal and in rathering the reclamation work. "We heard more of Roosevelt when he was in darkest Africa with no communication with the outside world except by a native and a jackass than we have of Taft sitting in the presidential chair," he said among other things. "Roosevelt is a man who does things and we need another dose of him."

A number of the others present took part in the talking and the tenor of all remarks was that Taft had made a failure of his term by turning against the principles and policies of Roosevelt to which he had pledged himself four years ago.

## Will Fight Taft Organization.

The new organization will have pitted against it a similar organization which is working for Taft and of which E. W. McComas, Dr. E. J. Somerville and other old republican leaders are the head. At the meeting last night there was a notable absence of politicians and this feature was pointed out by the chairman. On the other hand, membership of the new club is representative inasmuch as the men present last night were from nearly every walk of life, farmers, lawyers, physicians, laborers and business men.
