Wants Street Vacated.

A petition from H. M. Sloan asking that the city vacate the small portion of Alta street abutting his blacksmith shop between Cottonwood and the Episcopal church was referred to the street committee.' The street at this place is wider for a distance of about fifty feet than it is on east and favorable action on the petition would make it the same width. In his petition Mr Sloan stated that his business required more room, but it is understood that the reduction in the cost of paving in front of his property which the vacation would ne cure is also a factor in his request.
