At a French banquet Pouchan charges that Godeau said to him as he entered: "Thieves are not allowed in here."

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable.

HANDS WOULD BURN LIKE FIRE

Could Lay Pin in Cracks. Four Long Years of Eczema. Only Relief in Scratching. Used One Set of Cuticura Remedies. Hands Entirely Well.

"I can truthfully say Cuticura Remedies have cured me of four long years of eczema. About four years ago I noticed some little pimples coming on my little finger, and not giving it any attention, it soon became worse and spread all over my hands. If I would have them in water for a long time, they would burn like fire and large cracks would come. I could lay a pin in them. After using all the salves I could think of, I went to three different doctors, but all did me no good. The only relief I got was scratching.

"So after hearing so much about the wonderful Cuticura Remedies, I purchased one complete set, and after using them three days my hands were much better. To-day my hands are entirely well, one set being all I used." (Signed) Miss Etta Narber, R. F. D. 2, Spring Lake, Mich., Sept. 26, 1910.

No stronger evidence than this could be given of the success and economy of the Cuticura Remedies in the treatment of torturing, disfiguring humors of the skin. A single hot bath with Cuticura Soap and a gentle anointing with Cuticura Ointment are often sufficient to afford immediate relief in the most distressing cases and permit rest and sleep when all else fails. Cuticura Soap and Ointment are equally effective in preserving, purifying and beautifying the skin, scalp, hair and hands.

Although Cuticura Soap (25c.) and Cuticura Ointment (50c.) are sold throughout the world, a liberal sample of each, with 32-p. book on the skin and scalp, will be mailed free on application to Potter Drug & Chem. Corp., Dept. 2B, Boston, Mass.

An Evening in Wonderland of Science With the Mystery of Mysteries

RADIUM

LIQUID AIR and WIRELESS TELEGRAPHY

RADIUM is worth over 25,000 times its weight in pure gold, costing over \$5,000,000 per pound. LIQUID AIR is common air in an uncommon state. It is a liquid entirely dry that looks, and flows like water. It registers 312 below zero, yet produces heat 3500 above zero. WIRELESS TELEGRAPHY, the greatest discovery in the history of electricity. It rings bells, starts motors, fires cannon, operates signals, carries messages and lights lamps—all without wires.

These greatest marvels of science clearly demonstrated by Prof. Wm. B. Patty in an entertainment replete with experiments

The Best Breeds of Jacks!

Before buying it may interest you to know that the best producers are bred and raised right here in Eastern Oregon—it will pay you to investigate.

I have at the Commercial Barn in Pendleton a fine lot of Jacks, acclimated, bred and raised in Eastern Oregon, on the "Eastern Oregon Jack Farm" in Morrow county. These Jacks are of the best breeds and best producers in the United States. Jacks that stand undefeated in the show ring in both Oregon and Washington. They have produced mules that have taken all first and second premiums, with one exception, for the past 13 years. I have been breeding and selling for many years, and can say what no other seller or breeder can truthfully say, that I have never yet sold a Jack that has failed to give satisfaction.

B. F. SWAGGART Eastern Oregon Jack Farm

I have with these Jacks the largest yearling mule in the United States. I will pay \$500.00 for his equal regardless of color, that will make a mate. This mule was sired by Black Night, Jr., that heads my herd of Jennets, and is also the sire of all my young Jacks under 5 years of age. All prices are right, and all Jacks guaranteed and registered in the Standard Jack Register of America.

CASCARETS WORK WHILE YOU SLEEP

Salts, Calomel and Cathartic Pills Are Violent—They Act on Bowels as Pepper in Nostrils.

Take a Cascaret tonight and thoroughly cleanse your liver, stomach and bowels, and you will surely feel great by morning. You men and women who have headache, coated tongue can't sleep, are bilious, nervous and upset, bothered with a sick, gassy, disordered stomach, or have backache and feel all worn out.

Are you keeping clean inside with Cascarets—or merely forcing a passageway every few days with salts, cathartic pills or castor oil? This is important.

Cascarets immediately cleanse and regulate the stomach, remove the sour, undigested and fermenting food and foul gases; take the excess bile from the liver and carry off the decomposed waste matter from the intestines and bowels.

Remember, a Cascaret tonight will straighten you out by morning. A 10-cent box from your druggist means a clear head and cheerfulness for months. Don't forget the children.

As Burglar Shot at Constable Fellow Prisoner Jerked Manacles. Trenton.—As Frank Tillie, convicted burglar, and William Griffith, who were handcuffed to each other, were within the shadow of the state prison here, where Tillie was to begin a term of three to five years, the burglar suddenly drew a revolver and began firing at Constable James Watson of Passaic, who was in charge of the men.

With the first shot Griffith began jerking at the handcuffs, almost lifting Tillie off the ground. But the burglar continued to fire at Watson, who was only a few feet away. Tillie emptied the revolver, but all the bullets went wild owing to the swaying of Griffith.

Finally Watson closed in and knocked Tillie down. Then he and Griffith dragged the struggling burglar to the prison.

Tillie said his brother James had smuggled the gun to him at the Passaic county jail. James was arrested at Patterson.

CONVICT "SISTER CANDID" OF EMBEZZLING JEWELRY Sentence of Eighteen Months Is Suspended on Payment of Fine.

Paris.—The woman known as Sister Candid, who formerly was superior of the Order of St. Ann, and who was engaged for many years in an elaborate scheme of charitable work, was sentenced on a charge of embezzlement and abuse of confidence to eighteen months' imprisonment. Her sentence was suspended and she was fined \$200, on payment of which she will be relieved from serving her term in prison.

She was arrested May 20, 1910, at the instance of a jewelry firm from whom she had borrowed great quantities of jewelry ostensibly to sell on commission. Much of this jewelry was found later in the pawnshops of Paris and London. One of the woman's associates, Dr. Pettit, hanged himself on the day she was arrested, leaving a note saying he could not face the exposure and charging her with responsibility. She is alleged to have embezzled \$300,000.
