

# HOW ONE WOMAN WON

### Her Health and Strength Back Again by the Use of Cardui.

Tampa, Fla.—In a letter from this city, Mrs. E. G. Corum writes: "I was all weakened and worn out with womanly troubles. My husband brought me some Cardui as a tonic, and, from the first day, it seemed to help. I had almost lost my reason, but, thanks to Cardui, I did not. Soon, I felt and looked like a new woman. I think the remedy is wonderful. I recommend it to my friends, for I have received great benefit from it."

Cardui acts specifically on the weakened womanly organs, strengthening the muscles and nerves, and building them up to health.

It helps to refresh the worn-out nervous system and relieves the effects of overwork, both mental and physical. Fifty years' successful use fully prove the merit of this purely vegetable, tonic remedy for women.

In every community, there live some who have been benefited by Cardui. The beneficial effects of this time tested woman's remedy, soon show themselves in many different ways. Try it.

M. B.—Write for Ladies' Advisory Dept., Chattanooga Medicine Co., Chattanooga, Tenn., for Special Instructions, and 64-page book, "Home Treatment for Women," sent in plain wrapper on request.

### Central Meat Market

Phone Main 33. 108 E. Alta St.

FREE—Until March 23 we will give 15 "S. & H." green stamps with every 50c cash purchase to all who present this ad.

## CATTLE PRICES SHOW A DECLINE

### PRICES FALL FROM FIVE TO FIFTEEN CENTS

All Buyers Are Stocked Up and Demand is Very Light—Hogs Continue to Hold-up—No Sheep Received—Wheat Advances.

(From Friday's Journal.) The cattle market at North Portland suddenly developed weakness and prices are from 10c to 15c lower. Practically all of the buyers are filled up and stuff that would have readily brought \$6.40 a few days ago, sold this morning at \$6.25. It is stated that one concern has 2000 surplus cattle on feed here and others are equally situated. At this time there is no demand for cattle, except a forced one.

Outside of a few hogs there was nothing available in the stockyards today except cattle and a handful of sheep. The trade is quite well supplied with stock and for that reason early purchases were not heavy. The trade is practically as previously reported.

A typographical error was made in the cattle sales yesterday when several lots of steers were reported sold at \$6.80. Nothing has been sold here above \$6.60 recently and the lots in question did not bring above \$6.50.

North Portland cattle prices:

Heavy fancy steers	.....	\$6.50@6.60
Choice steers	.....	6.25
Select steers	.....	6.50@6.50
Common steers	.....	4.75@5.00
Feeder steers	.....	4.75
Speyed heifers	.....	5.90
Ordinary heifers	.....	5.50
Ordinary cows	.....	5.00@5.25
Fancy cows	.....	5.50@5.60
Poor cows	.....	3.50@3.75
Fancy light calves	.....	8.00
Medium light calves	.....	7.75
Medium bulls	.....	4.75@5.00
Ordinary bulls	.....	4.25
Stags	.....	5.00

**Hogs Continue at Top.** The price of hogs continues at the top market here, and the limited receipts were quickly disposed of. Only one load arrived that was available for the market, \$7.75 being received for 64 head and \$6.50 for another lot. The rest of the stock came direct to killers.

North Portland swine prices:

Fancy mixed	.....	6.75
Good heavy	.....	6.65
Medium light	.....	6.65@6.75
Rough and heavy	.....	6.25

**No Sheep for Market.** No sheep arrived for the North Portland market today. The 43 head that came forward were brought in by the private buyers of a packing concern. Today's run compares with 489 last Friday.

Sheep market at North Portland:

Select lambs	.....	\$6.00@6.05
Choice lambs	.....	5.75@5.85
Common lambs	.....	5.05
Yearling wethers	.....	5.25@5.35
Old wethers	.....	4.50
Fancy ewes	.....	4.10@4.15
Ordinary	.....	3.75

July—Open, 97; high, 97 7/8; low, 96 7/8; close, 97 5/8 B.  
Sept.—Open, 95 1/4; high, 95 3/4; low, 95; close, 95 3/4-A.

### NEW ELECTRIC BATTERY ASTONISHING SCIENTISTS

Santa Fe Railroad Trying One Invention That May Revolutionize Lighting Business.

Topeka, Kan.—A new means of providing electricity—a composition that costs several hundred per cent less than the present system—is starting the officers of the Santa Fe railroad in Topeka. The invention has been under consideration in the office of C. W. Kouons, general manager, and L. M. Jones, superintendent of telegraph, for some time. The batteries are now on exhibition in the office of Mr. Jones.

The invention calls for cells only—cells that can be replenished by salt water.

The Santa Fe will make a complete test of the batteries. If they are a success it means that the entire battery system of the road and on railroads all over the country will be revolutionized. The batteries will make a radical change in all battery work in the world and will ruin the sale of dry batteries, Edison and storage batteries, if the indications are carried out to a practical end.

J. W. Bryce is inventor of this new electrical process. Bryce is a graduate of the University of Heidelberg, Germany, and has studied electricity all his life. It was in Tulsa that his invention was witnessed by officers of the Santa Fe. This was developed until the superintendent of telegraph and his assistant made experiments with the batteries and have made a thorough examination of its working power.

"It is a wonder," said L. M. Jones. "Of course, we do not know the chemical parts—we cannot understand how electricity can be furnished so cheaply. We have looked over the batteries carefully and failed to find any 'blue sky' in it. It may revolutionize battery work in the electrical world."

### SPIRIT WORLD HAD BECKONED TO DEATH

Kansas Girl Believed to Have Killed Herself for Man Who Had Died Recently.

Hutchinson, Kan.—Investigation of the mysterious death of Miss Edna Melson, ward of the late Dr. E. E. Richardson, took a new color when the fact that the woman was a spiritualist was advanced in pursuit of the theory that she was a suicide. Miss Melson's body, shot through the head was found in the home of her wealthy guardian last Saturday.

## WOMEN, AVOID OPERATIONS

### Many Unsuccessful — And Worse Suffering Often Follows. Mrs. Rock's Case A Warning.

The following letter from Mrs. Orville Rock will show how unwise it is for women to submit to the dangers of a surgical operation when often it may be avoided by taking Lydia E. Pinkham's Vegetable Compound. She was four weeks in the hospital and came home suffering worse than before.

Here is her own statement.

Paw Paw, Mich.—"Two years ago I suffered very severely with a displacement. I could not be on my feet for a long time. My physician treated me for several months without much relief and at last sent me to Ann Arbor for an operation. I was there four weeks and came home suffering worse than before. My mother advised me to try Lydia E. Pinkham's Vegetable Compound, and I did. Today I am well and strong and do all my own housework. I owe my health to Lydia E. Pinkham's Vegetable Compound and advise my friends who are afflicted with any female complaint to try it."—Mrs. ORVILLE ROCK, R. R. No. 5, Paw Paw, Michigan.

If you are ill do not drag along until an operation is necessary, but at once take Lydia E. Pinkham's Vegetable Compound.

For thirty years it has been the standard remedy for women's ills, and has restored the health of thousands of suffering women. Why don't you try it?

McSorley & Eleonore at the Grand Theatre.

It was a strange infatuation, the police say, that bound the 25-year-old woman to Dr. Richardson, a white haired man of 73. When he died of heart disease three weeks ago, Miss Meison threw herself upon the body, crying, "Oh, my darling, speak to me," and never ceased to mourn him until her own death.

"Ours were twin spirits," she told a friend. "If mine is so lonely without his, what must be the sorrow of his spirit wandering in that strange other world, calling me to come over?"

To another neighbor she said: "He is calling me; I want to go to him. His spirit is beckoning mine."

Of her sister, who found her body and called the police, she requested that she be buried by the side of her guardian. The wish was carried out. The day before her death she made her will.

Against the theory of suicide, which he rejects, Coroner Williams has advanced the fact that the bullet entered the left side of the head above the ear. The girl was right-handed. The coroner said she could not have fired the bullet. There were no powder burns.

### MOVEMENT IS UNDER WAY TO CUT COST OF DYING

Boston Company Has Been Formed to Argue With the Frock-Coated Undertakers.

Boston—Efforts which have been made to decrease the high cost of living have now reached the next stage, which is to decrease the higher cost of dying. This is to be accomplished by the organization of the United Undertaking company, an association of Boston business men, who will not attempt to compete with undertakers but to reason with them.

The company, which is semi-benevolent in its purpose and nation-wide in its scope, is the outcome of a discussion recently held at a conference of clergymen. At that time municipal control was urged. Since then public control has been substituted as the remedy. The public control, it is hoped, will be exerted through the United Undertaking company.

Ex-Representative George W. Long of Cambridge, is president of the company, and several Boston clergymen and physicians, among them the Rev. George A. Gordon of the Old South Church; the Rev. Herbert A. Johnson and the Rev. Dr. Ellsworth Shumaker, are lending moral support. The aim of the company is to have at least one undertaker in every city and town in New England, and eventually in the United States, cooperate in what is characterized as "the movement for a substantial reduction in the cost of the last service to the dead."

Do you know that of all the minor ailments colds are by far the most dangerous? It is not the cold itself that you need fear, but the serious diseases that it often leads to. Most of them are known as germ diseases. Pneumonia and consumption are among them. Why not take Chamberlain's Cough Remedy and cure your cold while you can. For sale by all dealers.
