STANFIELD FARMERS ARE SPREADING

GO IN FOR DAIRYING AND POTATO GROWING

Fruitgrowers Will Extend Their Activities to Other Matters—Newlyweds of Irrigated District Honored at Happy Entertainment.

Stanfield, Mar. 5.—At the meeting of the Stanfield Fruit Growers' association Saturday evening there was a grand discussion of the subject of dairying, there being a large attendance of those who are already engaged at least a limited degree, in that line, or are contemplating the purchase of a few cows which will enable the small farmer to obtain an income while his orchard is coming into bearing. It seems likely that the farmers of this community will unite upon one breed of cows, either Jersey or Holstein. On Saturday evening, March 16, the members of the association will entertain their friends with a supper prepared entirely by the men, which promises to be a very novel and interesting affair.

The Fruit Growers' association has ordered a carload of seed potatoes for those of this section who are interested in growing this vegetable, which it has been demonstrated can be profitably grown here. This shipment which will soon arrive in addition to seed that is already here will plant a considerable acreage of the popular tubers.

On Friday evening a farewell party was tendered Floyd Brumfield on the eve of his departure for Park Place, Ore. at the home of Wm. Haagman, the evening being most enjoyably spent with music and games, dainty refreshments being served by Misses Julia and Jennie Haagman. Those present were Misses Mary Connelly, Myrtle Anderson, Muriel Dunning, Helen Wheeler, Julia Haagman and Jennie Haagman and Messrs. Floyd Brumfield, Harold Wheeler, John Reavert, Wm. Haagman and Glen Wallace.

The Stanfield newlyweds were entertained on Friday evening at the home of Mr. and Mrs. Ivan W. Dunning on Dunning's Heights. Those present were: Mr. and Mrs. E. Lindwall, Mr. and Mrs. Chas. R. Hazen, Mr. and Mrs. Geo. C. Coe, Mr. and Mrs. Dunning. The guests were delightfully entertained with music and refreshments.

Several Stanfield citizens journeyed to Hermiston Saturday evening and witnessed the wrestling match between Eddie O'Connell and Jack Kennedy. Mrs. Sarah E. Brumfield and son Floyd, left this morning for Park Place where they will remain for some time. County Commissioner Horace Walker was attending to county business in this vicinity Saturday, including the construction of a bridge southeast of town to cross the irrigation feed canal.

R. N. Stanfield returned Saturday from a business trip to Baker county. A. B. Thompson of Echo, manager of the E. O. Independent Telephone Co., was transacting business in Stanfield Saturday.

E. N. Wheeler went to Portland this morning to remain a few days attending to business matters.

Lew D. Smith of Los Angeles has been visiting here the past few days, the guest of R. H. Irwin.

GRANGE TO INITIATE OWN HIGHWAY BILL

Portland, Ore., Mar. 5.—Despite the efforts toward harmony in the "good roads" movement, the interests included have failed to come to a satisfactory understanding on the question, and the Oregon State Grange has decided to initiate the bills it has prepared irrespective of the attitude of the "harmony" committee.

The following communication addressed to Governor West by C. E. Spence, master of the Oregon State Grange, sets forth the position of the grange on the "good roads" question:

"I met with the 'good roads' harmony committee and endeavored to eliminate the objectionable features in the proposed good roads bills. Four of the bills proposed by the so-called highway committee were materially changed and the grange highway engineer bill was adopted. As stated in the letter sent you yesterday by the harmony committee, we could not agree on the state aid bill of the committee and the grange county bonding act. The majority of the 'harmony' committee agreed to accept the grange county bonding bill on conditions that the grange endorse the four bills proposed by the state highway committee as amended by the 'harmony committee' and it was further agreed that the proposition be submitted to the next session of the state grange which will meet in May next. We are informed today by the chairman of the 'harmony committee' that the agreement made with us had been reconsidered and it was decided by three members of the committee that no county bonding act was necessary to put into effect the amendment to the constitution permitting counties to incur indebtedness for road building, and they had decided not to endorse the grange county bonding bill and that they would accept the grange highway engineer bill if drawn satisfactory to them.

"Therefore we seem to be as far apart as ever upon the questions at issue, namely, in whom the power to select the roads to be improved shall be vested and under whose supervision the funds shall be expended. Under these conditions we feel justified in proceeding to initiate the grange good roads bills as now prepared."

SELLING WILL NOT DEBATE WITH LOWELL

CHALLENGE OF LOCAL MAN WILL NOT BE ACCEPTED

Portland's Senatorial Candidate Says He Cannot Spare the Time Necessary for Joint Discussion of Issues.

Portland, Ore., Mar. 5.—Challenge to joint debate is made by Stephen A. Lowell of Pendleton to Ben Selling. Both are candidates for the United States senate. There will be no joint debate, however, as Mr. Selling yesterday stated that while he has not received the challenge of his eastern Oregon rival, he cannot spare the time to debate from the demands made upon him at his headquarters in this city.

Lowell's challenge is contained in an open letter addressed to Selling, in which he says in part:

"Permit me to extend to you an invitation to join me in a campaign of the state, to the end that the republican voters may know and consider our respective views upon the issues of the day, and may choose between us with full knowledge of the capacity of each. Mr. Bourne long since declined like invitation, but I hope you will not follow his lead. We will invite Mr. Morton of Salem, who is likewise desirous of succeeding Bourne at Washington, and the several candidates for state and district offices as well. By pooling funds all can keep within the limitation of the corrupt practices act, and each will have an opportunity to meet and address the people upon public issues.

Would Debate Issues.

"I would be pleased to discuss with you in the larger centers of population the serious national problems which demand solution, and upon seeking that honor, must have decided views, in accord alike with sound judgment and public sentiment. I assume that you have thought these questions out, and are ready to proclaim your opinions and to defend them. It is best thus; otherwise I think your candidacy a mistake both for you and the state.

"You are reputed to have expended on the eve of the formal announcement of your candidacy, from \$5000 to \$7000 in circularizing the state, postage, stationery, printing and clerical work, while the corrupt practices act, a law which every good citizen is bound to obey in spirit as well as letter, provides a limit of 15 per cent of the first year's salary, which in your case would amount to \$1125 only. If your expenditure of \$5000 is within the law, what is there to prevent some man whose wealth happens to be ten times as great as yours, from spending under like circumstances \$50,000, and is not the law by your procedure deliberately assasinated?"

Capital and Labor.

"The people, too, would like to have I think, a complete explanation of the basic reasons for your change of front in the last legislature, upon the Dimick bill looking toward improved conditions in the Oregon City paper mills. Men are now thinking of Lawrence, Mass. If you found justice in placing the interests of capital above labor then, is it not fair to conclude that you will do the same thing in the federal senate?"

"The land owners of the state would like to listen to your eloquence upon the very vital subject of the single tax; and upon the moral responsibility of the People's Power league, of which you have long been president, for the adoption of that mistaken constitutional amendment, which makes the danger of the single tax in our counties a very imminent one.

"Never do I permit political differences to interfere with my personal relations with men, and I guarantee you courteous treatment. Let us not take ourselves too seriously. There is no monumental demand for the services of either you, or me, or Morton, or Bourne. We are all candidates, however, and we have a right to be candidates, the Oregonian to the contrary, notwithstanding as to Bourne, Morton and myself. We are all asking support for an exalted position. Let us play the game in the open, honestly and without deceit."

HE RAN SCHOOL OF CRIME.

Man Taught Son to Steal and Prison Holds Both.

San Quentin, Cal.—A father and son are in prison here to serve fifteen years each for burglary, and it is believed to be the first time in the history of the state prison records in California that a father and son figured in such a unique episode. The father, and Edwin Primrose, his son, both pleaded guilty to committing a series of robberies. The elder Primrose apparently conducted a school of crime for his twin sons and their associates, who are still in their early twenties. The case is one of the most unique in the criminal records of this country.

MADE QUEEN OF BEAUTY.

Viscountess Curzon to Give Prizes at Shakespearean Tournament.

London.—Viscountess Curzon, daughter in law of Lord Howe, has been chosen Queen of Beauty for the Eglinton tournament, the chief feature of the Shakespearean English festival which is to be produced by Mrs. Cornwallis West at Earls Court next summer for the benefit of the Shakespeare memorial fund. There are to be jousts, tilts and other competitions, and the victors will receive their laurels from the Queen of Beauty.

THE PLACE TO BUY WHAT YOU EAT

The grocery department in many stores is run on a very narrow basis, some dealers seemingly think that any old thing is good enough to eat, and that low prices are the chief consideration in grocery selling. True, low prices are important—they have helped us to win a big grocery trade, but we consider quality first. Therefore you can rely on it that all groceries sold here are pure and wholesome.

the synopsis theme of the opera, "The Girl of the Golden West." "There is the same dithym, the same notation, only the key is different," he maintains. "This is a very odd coincidence, and yet the history of music is full of such coincidences. One composer writes something he believes to be original and discovers that another part of the world has produced the selfsame melody at about the same time."

Why Salves Can't Cure Eczema

Since the old-fashioned theory of curing eczema through the blood has been given up by scientists, many different salves have been tried for skin diseases. But it has been found that these salves only clog the pores and cannot penetrate to the inner skin below the epidermis where the eczema germs are lodged. This—the quality of penetrating—probably explains the tremendous success of the well known liquid eczema remedy, all of wintergreen, thymol, glycerine, etc., as compounded in D.D.D. Prescription. We have sold other remedies for skin

troubles but none that we can recommend as highly as this for we know that D.D.D. stops the itch at once. We can give you a trial size bottle for 25 cents that will be enough to prove it. Of course all other druggists have D.D.D. Prescription—go to them if you can't come to us—but don't accept some big profit substitute. But if you come to our store, we are so certain of what D.D.D. will do for you that we offer you a full size bottle on this guarantee—If you do not find that it takes away the itch AT ONCE, it costs you not a cent.

TWO BIG MEN NOT DEAD.

Augusta, Ga.—Robert T. Lincoln, former secretary of war, was greatly surprised to learn that a report was current in Chicago that he had died in the afternoon. "I am not dead," said Lincoln, "and I hope the event is still far off." Lincoln played golf all the afternoon and seemed in good health. On the links he met John D. Rockefeller, a report of whose death caused excitement in New York.
