POISONED, SHE WARNS HUSBAND AGAINST PIE

Shamokin, Pa.--Despite the fact that she was almost dead from ptomaine poisoning after eating canned rhenubarb that she had put in a pie Mrs. William Conway went to the telephone and saved her husband from a similar illness, warning him not to eat the piece of pie she had put in his lunch box.

Conway is employed in a store and could not go home for lunch. His wife baked a pie and included it in the luncheon for Conway. She sent her son to the store with it and then ate some of the pie herself. She was soon seized with terrible pains and suspected the cause of it. Staggering to the telephone she called up her husband and cried.

"Will, don't eat the pie, it's poisoned!"

She thereupon sank senseless to the floor. Conway, who was about to taste the pie when he received the startling message, hurriedly went home and found his wife almost dead. Doctors, after hard work resuscitated her.

Repels Attack of Death.

"Five years ago two doctors told me I had only two years to live." This startling statement was made by Silliman Green, Malachite, Col. "They told me I would die of consumption. It was up to me to try the best lung medicine and I began to use Dr. King's New Discovery. It was well I did, for today I am working and believe I owe my life to this great throat and lung cure that has cheated the grave of another victim." It's folly to suffer with coughs, colds or other throat troubles now. Take the cure that's safest. Price 50 cents and \$1. Trial bottle free at Koeppe's.

BUST OF T. R. BUSTED.

Insult to Former President's Likeness Simmers Down to Accident.

Washington--An accident to a pedestal bearing the bust of Theodore Roosevelt in the senate corridor spread a story about the corridor that the former president had been the target of vandalism.

It developed, however, that the janitor had accidentally chipped a piece out of it.

The piece bore the letters "E O" of Theodore. The piece will be replaced.

A good treatment for a cold settled in the lungs is a HERRICK'S RED PEPPER POROUS PLASTER applied to the chest to draw out inflammation, and BALLARD'S HOREHOUND SYRUP to relax tightness. Visalia County Clerk Trying to Boost Leap Year.

BABY PLEADS FATHER'S CAUSE; FINE IS REDUCED

Six-Months-Old Infant Reaches Out Arms to Parent About to Be Sentenced and Judge Cuts Down Penalty.

Chicago, Ill.--A baby pleaded its father's case in Municipal Judge Maxwell's court. So effective was its

argument that the father's fine was reduced from \$100 to \$1.

The baby is not an orator. It is only six months old. Its argument consisted of a "coo." One babyish gurgle, and two baby arms extended toward its father, softened the judge's heart.

Joseph Richards, 1922 North Robey street, is the baby's father. He was accused in the court of larceny of \$50 worth of tools from the Booth Fisheries plant at North Clark and West Kedzie streets. Fred M. Putman, manager of the company, accused Richards.

Richards' wife, Anna, was in court with the infant in her arms.

"The evidence in this case appears to be conclusive that the defendant is guilty of an offense that demands a heavy penalty," said the court.

Mrs. Richards sighed. The baby cooed and reached out its arms to its father. Judge Maxwell heard the coo.

"Whose baby is that?" he asked. "It's my child, judge, and I'm Mrs. Richards," the mother said.

"Richards," said the court sternly. "I would fine you \$100 if it were not for that baby. The child would suffer more than you. I'll let you off

with a fine of \$1 and three days in the county jail."

5 DEMO ELECTORAL CANDIDATES NAMED

WILL M. PETERSON OF PENDLETON IS ENLISTED

None of Men Named Care for Honor and Other Candidates Are Sought By Chairman of State Central Committee.

Portland, Ore., March 8.--After waiting in vain for candidates for presidential elector to declare themselves, the democratic state central committee has persuaded five representative democrats to announce themselves for this office, which is devoid of salary and has no duties except to officially register the choice of the voters for president and vice president.

D. M. Watson and F. C. Whitten of Portland, Will M. Peterson of Pendleton, Hugh McLain of Marshfield and John M. Wall of Hillsboro are the men selected for the electoral ticket, all of them well known in the councils of the democratic party.

"None of these men cared to run," said Bert E. Hanev, chairman of the state central committee, "and they will be pleased if someone who really wants to become a candidate will come out. It is a considerable job to get the signatures required for democratic candidates, for each man must have 756 good registered names distributed in seven counties of the state. The petition must be filed by March 29 and it is time to get busy, so there will be no danger of the party lacking its quota of presidential electors."

The five candidates for elector will sign identical "platforms," in which they promise to perform their duties according to law and further promise the democratic voters of the state that if elected they will vote for the candidates for president and vice president nominated by the democratic convention at Baltimore.

Democratic petition circulators have found difficulty in getting names to the petitions of candidates because such large numbers of democrats are unregistered. At this date about 3700 names are on the list in Multnomah county, and the figures are being increased at the rate of about 100 per day.

U. OF O. SECURES MASTER OF MUSIC

University of Oregon, Eugene, Ore.--David Campbell, a half brother to President Campbell, is one of the additions to the faculty of the college of music at the University of Oregon. David Campbell, although a young

man, has already made a notable record for himself along musical lines. In his town of Monmouth he played the piano at public recitals when only eight years of age. His reputation as a musical prodigy won him a scholarship at the Whitman Conservatory of Music when he was sixteen years old. Graduating from there his teachers advised him to complete his musical training in Germany. At Berlin he spent two years under the best piano artists of the world and returned from there to take up his work at the University of Oregon.

There is more catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, announced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J. CHENEY & CO., Toledo, Ohio.
