

S.S.S. CURES CHRONIC ULCERS

Any chronic ulcer shows an unhealthy and impure condition of the blood. It is a diseased condition of the flesh at that particular spot, caused and kept inflamed and irritated by a continual discharge into it of unhealthy matter from the circulation. No treatment can have any curative effect except a medicine which will renovate the blood and entirely remove the cause. Salves, washes, lotions, etc., are sometimes helpful in reducing inflammation, cleansing the ulcer, or perhaps lessening the discharge, but such applications do not reach the blood where the disease germs are located and can never effect a cure. S. S. S. goes down into the circulation, drives out all impurities and morbid matter, and by nourishing the flesh with rich pure blood causes the place to heal naturally and permanently. S. S. S. does not make a surface cure, but by beginning at the bottom, and rebuilding broken-down tissue, and supplying healthful, healing qualities to the blood, causes the place to fill in with new, firm flesh, while it steadily but surely effects a permanent cure. The ulcer can not exist when the blood is pure, and S. S. S. will thoroughly purify the blood. Book on Sores and Ulcers and any medical advice free to all who write.

FIRST EFFORT MAKES MAN A CANDIDATE

UNDER LAW IS IN RACE BEFORE FILING DECLARATION

Oregon Corrupt Practices Act Covers All Funds That May Be Expended to Secure a Nomination, Says Attorney General

Salem, Ore., March 8.—Jay Bowman of Portland has raised the question of when a person becomes a candidate for office within the meaning of the corrupt practices act. The Portland attorney has written to Attorney General Crawford on the subject, and the latter has given an opinion that a person is a candidate, just as soon as he files a nomination, and that the act applies to the filing of a nomination, and not to the filing of a declaration of candidacy.

The opinion of the attorney general says: "While the direct primary law is a distinct act from the corrupt practices act, the two were intended to be used together, and the word 'candidate' as defined in the corrupt practices act, is supposed to apply to those persons seeking office through the direct primary, as well as any other form of candidate, and as the authority to print the person's name who is an

applicant to be a candidate for some office, on the ballot arises when a certain number of legal voters so request, and of the opinion a true construction of said section 3195, as to the definition of the word 'candidate,' is:

When a Man is a Candidate.

"First—A person is a candidate whose name is printed on an official ballot for public office, regardless of in what manner such person is qualified to have his name so printed.

"Second—Anyone who has been presented for public office with his consent for nomination or election in any manner, that is by any number or association of people, under the statutes.

"Third—Any person whose name is expected to be presented for public office, and the words 'expected to be presented' must be taken, in my opinion, in a legal sense. In other words, there must be some conditions existing from which it could be reasonably expected that the name would be printed on the ballot, and such a condition can only exist when a person has qualified to the extent that he has the legal right to have his name so printed.

Time of Expenditure Immaterial.

"However, in considering who is a candidate, as applicable to the corrupt practices act, and as applicable to the proposition of filing an itemized sworn statement of all moneys contributed, expended or permitted by him to aid or promote his nomination or election, section 3196 of Lord's Oregon Laws provides that 'the can-

"SPANISH PRISONER" SWINDLERS NABBED

FAMOUS GANG OF BILKERS ARE BELIEVED BROKEN UP

Many Pendleton and Umatilla County Citizens Were Prospective Victims of Notorious Crooks and Were Frequently Amoyed.

Umatilla county citizens generally will welcome the news that the Spanish swindlers who have been working their "Spanish Prisoner" game in this country have at last been broken up. In Bilbao, Spain, according to reports, a gang of bilkers has been captured and the police believe them to be the perpetrators of the famous fraud which has become known all over the United States.

During the past few years a number of prominent citizens of Pendleton and Umatilla county have received letters from this organization and some of them have fallen for the game.

The method of operation employed with Americans was the same in nearly all cases. Usually the letter declared that a certain personage, pursued and persecuted on account of his political or religious ideas, has buried in bonds or specie, and that in order to redeem them, a sum of \$500 or \$5000 must be sent—the amount demanded curiously fitted in with the known circumstances of the addresses.

As the writer usually and apparently wrote from some Spanish prison, he became known to the American press as "The Spanish Prisoner."

More recently his agents have been operating in The Hague and San Francisco. Recently a tenor in the Madrid opera received a newspaper clipping stating that his long-lost uncle had just died in California, possessed of millions, while a law firm had actually been engaged to look for him, who was the sole heir to the property.

The agency at The Hague caused to be published in the English press notices of the demise of certain persons whose ancestors had fled to Holland during the religious persecution of the middle part of the sixteenth century and had died wealthy without any Dutch heirs.

In these cases certain London solicitors became the unconscious agents of "The Spanish Prisoner," and actually transmitted the money necessary to present the claim to The Hague, where it was never heard of again.

In the house raided by the police in Bilbao were found a collection of photographs, letters and other documents and long lists of Spanish, American and English names, with biological notes attached, showing how it had been possible to conduct the business with so much plausibility.

Inquiry among the police shows that several foreigners had from time to time arrived who had, fortunately, inquired of the police before looking up "The Spanish Prisoner" and had therefore been rescued from his machinations.

LAZIEST MAN SENTENCED TO LEARN WORK HABIT

Chicago, Ill.—"You are the most monumental example of a lazy man I has ever been my privilege to meet. You are one of those fellows that was born tired and never got rested."

Municipal Judge Goodnow addressed these remarks to Gustav Schillinger, 1466 Uerth Paulina street, as he sentenced him to six months in the Bridewell.

The following in Schillinger's career was brought out in the evidence: He has done no work for five years except when he was in the bridewell. During this period he has lived with his wife and eight children in a house owned by his mother, for which he has paid no rent whatsoever.

He makes late and if there is no money for a meal he sends one of his children with a note to his mother asking for 25 or 50 cents.

If his mother is out of funds he secures work for his children stringing beads, for which they receive 50 cents a day. He bosses the job.

The clapping on his house are falling off. When asked why he did not nail them up, he replied: "When it's cold I can't fix 'em, and when it's warm there's no necessity."

Part of the plumbing in his house froze during the cold spell because he was too lazy to take preventive measures. His mother paid the bill, amounting to \$10, for having it fixed.

On October 18, 1911, Schillinger was sent to the bridewell for six months on a charge of contributing to the delinquency of his children, but was brought back into court on November 15, when he agreed to pay his wife \$5 a week. The agreement was not fulfilled.

"Have you got anything to say," asked Judge Goodnow.

"No, I guess not," Schillinger replied languidly.

"Very well," said the judge, "I am going to teach you the work habit six months."

"Oh, judge," exclaimed Schillinger, suddenly waking up. "It's too much, I haven't done anything."

"That's just the trouble," commented the court.

JERRY RUSK GREET'S HERMISTON VOTERS

(Special Correspondence.)

Hermiston, Ore., March 8.—Among the prospective candidates for different offices that have been visiting Hermiston and getting acquainted one of the most prominent is Jerry Rusk, who made a two-day whirlwind visit to Hermiston in his race for congress. He has been getting acquainted with the voters and seems to be well pleased with the reception that he has been given at this place.

Mrs. H. A. Loundagin and daughter of Pomeroy, who have been visiting with her sister, Mrs. G. H. Uphregrave, returned to her home.

Invitations are being sent out for a St. Patrick jollification to be given by Miss Gladys Scroggs and Mrs. G. H. Uphregrave on the evening of March 13th, at the home of Mrs. Uphregrave. About 40 young people of Hermiston have received invitations.

The sixth annual convention of the Umatilla county Sunday school association has closed here. Over sixty delegates were present from the different Sunday schools in the county. Services were held Tuesday and Wednesday. The Baptist church was filled at every service. Musical programs were rendered.

How to be Certain of Curing Constipation

Prejudice is a hard thing to overcome, but where health is at stake and the opinion of thousands of reliable people differs from your prejudice then becomes your sense and you ought to lay it aside. This is said in the interest of people suffering from chronic constipation, and it is worthy of their attention.

In the opinion of legions of reliable American people the most stubborn constipation imaginable can be cured by a brief use of Dr. Caldwell's Syrup Pepsin. You may not have heard of it before, but do not doubt its merits on that account, or because it has not been blatantly advertised. It is sold very successfully on word of mouth recommendation. Parents are giving it to their children today who were given it by their parents, and it has been truthfully said that more druggists use it personally in their families than any other laxative.

Letters recently received from Mr. Wm. Delin, 924 Cour. D'Alene St., Cour. D'Alene, Idaho, and Miss Lina Hens, Sebastopol, Calif., are but a few of thousands showing the esteem in which Dr. Caldwell's Syrup Pepsin is held. It is mild, gentle, non-irritating—not violent, like salts or cathartics. It cures gradually and pleasantly so that in time nature again does its own work without outside aid. Constipated people owe it to themselves to use this grand bowel specific.

Anyone wishing to make a trial of this remedy before buying it in the regular way of a druggist at fifty cents or one dollar a large bottle (family size) can have a sample bottle sent to the home free of charge by simply addressing Dr. W. B. Caldwell, 405 Washington St., Monticello, Ill. Your name and address on a postal card will do.
