

WEATHER REPORT.

Fair tonight with heavy frost; Tuesday fair.

COUNTY OFFICIAL PAPER.

VOL. 24.

PENDLETON, OREGON, MONDAY, MARCH 11, 1912.

CITY OFFICIAL PAPER.

NO. 7369

TO ADVERTISERS. The East Oregonian has the largest paid circulation of any paper in Oregon, east of Portland and nearly twice the circulation in Pendleton of any other newspaper.

GERMAN, FRENCH MINERS STRIKE

All Europe May Soon Be Paralyzed Unless Demands Are Met.

COAL SUPPLY NOW SHORT

Seventy-Five Thousand Subjects of the Kaiser Lay Down Their Picks and Sixty Per Cent of French Diggers Quit.

London, March 11.—With coal strikes in full swing today in the United Kingdom, Germany and France it is believed here that the whole coal industry of Europe will be paralyzed quickly.

The twenty-four hour strike in France is thought to be a forerunner of a general strike there.

75,000 Out in Germany. Berlin, Germany, March 11.—Carrying out their threat to strike unless their employers granted their demands for increased wages, thousands of coal miners quit work today in various sections of Germany.

Fully 75,000 miners struck in the Ruhr region and their number will be doubled within the next few hours.

French Quit. Paris, France, March 11.—Announcement was made by the mining federation that 60 per cent of the coal miners in France today obeyed an order to participate in a 24 hour strike.

England Hopes for End. London, March 11.—Premier Asquith today is hopeful that success will attend the efforts tomorrow to settle the coal strike.

HEAVY RAINS STOP LOS ANGELES RODEO

Owing to incessant rain Saturday, the rodeo performance at Los Angeles was not held according to schedule and from reports in circulation here today it seems apparent that Messrs. Riley and Gwin, Managers of the Los Angeles show, have to combat with the weather man as well as with other serious obstacles in pulling off their performance.

WAGON PLANT IS LATEST NEW INDUSTRY SUGGESTED TO COMMERCIAL CLUB WORKERS

At a meeting of the trade extension committee of the Commercial club held at the St. George grill room at noon today Laren Meacham of Walla Walla, submitted a tentative manufacturing proposition that was received with interest by the committee and other members of the local club who were present.

C. CLARK BEFORE MOVIES

Speaker Has Self Photographed in Action to Further Candidacy.

Washington, March 11.—Mounting the rostrum in the house today, Speaker Champ Clark addressed that body of congress for the benefit of moving pictures to be used in boosting the speaker for the democratic presidential nomination.

MEXICO'S FATE TO SOON BE DECIDED

Two Battles Will Tell; Outlaws Take Advantage of War

Washington, March 11.—Believing that the next two battles will decide Mexico's fate, state department officials are waiting for news from American agents.

Refugees Reach Border. Nogales, Ariz., March 11.—Two special trains from the west coast of Mexico arrived here today bearing more than one hundred Americans and Mexican refugees, who reported many acts of violence and stated that organized bands of outlaws are taking advantage of the turbulent conditions throughout northern Mexico, to pillage.

LEADER OF WINDOW SMASHERS ILL IN ENGLISH PRISON

London, March 11.—As a result of her experiences in Holloway prison, Mrs. Emeline Pankhurst, the leader of the militant suffragettes, serving a sentence for window smashing, is in the prison hospital, seriously ill with bronchitis.

Dynamite Case Continued. San Francisco, Cal., March 11.—On request of the defendants, proceedings in the fight to prevent extradition to Indianapolis of Tivietnoe and Clancy, leaders charged with conspiracy in the dynamiting cases, were continued until April 2 by U. S. Commissioner Krull.

INSANE MAN IS FATALLY INJURED.

Portland, Ore., March 11.—A young man, registering as King Solomon, while temporarily unbalanced, fought off Belvedere hotel employes this morning and dove through the second story window. He was taken to a hospital in a dying condition.

FIEND CLIPS GIRL'S BRAID

'Jack the Snipper' Shears High School Student While in Picture Show.

MAKES GOOD HIS ESCAPE

Miss Mildred Fimmel is Victim of First Hair Thief to Appear in Pendleton and Secures Description of Mischief.

No sooner is Pendleton rid of her "Jack the Grabber" than a "Jack the Snipper" makes his appearance in this city and at least one young lady has been made a victim of his mania. It became known this morning that Miss Mildred Fimmel, daughter of Mr. William A. Fimmel, 211 Johnson street and a popular high school girl, lost a portion of one of her thick braids of hair Saturday night when some mischief maker sitting behind her in a moving picture theater, cut off several inches. Had she not pulled the braid just as he cut she would have lost the greater portion of the braid.

The man immediately rose and hurriedly left the building and, although Miss Fimmel and her companion followed him, he succeeded in disappearing. However, Miss Fimmel was able to see his face as he left his chair and is positive she can identify him if she encounters him.

100 UMATILLA MEN EXPECTED AT SHOW

Pendleton and vicinity should send at least 100 representatives to the livestock show which is to be held in Portland from the 17th to the 20th of this month, according to the way of thinking of D. O. Lively and W. H. Dauntrey, prominent stockyard men of Portland. A telegram to T. F. O'Brien, local O.-W. R. & N. agent, from William McMurray, general passenger agent, this morning conveyed the opinion of the two men mentioned and goes on to state that inasmuch as the stockyards people have been great boosters for the Round-Up, they feel that Pendleton should reciprocate by sending a big delegation to their show.

Although many of the big stockmen of the county will be unable to attend on account of their attention being demanded by their business, which has been held back by the recent storm, Secretary J. E. Keefe of the Commercial association will endeavor to enlist as many men as possible in a party which will be organized to attend the show.

MEMBERSHIP RAID BECOMES KNOWN AFAR

That the local Commercial club revival is creating excitement abroad as well as at home is evidenced by the following editorial comment in the Walla Walla Union this morning, under the heading "Pendleton is Alive."

LI SUSPICIOUS OF PRES. YUAN

Republican Troops of Southern China Sent to Watch Northern Provinces.

CONSTITUTION APPROVED

National Assembly Reserves Practically all Power for its Own Members and Will Elect President and Vice President.

Chefoo, March 11.—Republican troops from the south continue to arrive here at an average rate of 1000 weekly and for the most part to proceed up the country or around Peking.

A new question that republicans are nervous over, is concerning the attitude of the northern provinces. Troops there have been devoted more to President Yuan than either the imperialists or republicans.

PILOT ROCK I. O. O. F. PLAN \$15,000 HOME

More evidence that Pilot Rock has entered upon an era of growth and progress was had last Friday evening when Alta Lodge No. 165, I. O. O. F. decided to erect a \$15,000 building in the town and let the contract to Tom & Swanson of this city.

According to the information secured, the building will be a brick structure, 85x50, fronting on Willow street and will contain three store rooms on the first floor and a lodge room on the second. The store rooms have already been engaged and will be occupied by the First Bank of Pilot Rock, a gent's furnishing store and a general merchandise store.

SAYS CHEAP PAVING DOES NOT WEAR WELL

Declaring that their anxiety to secure a cheap paving the north side property owners are in danger of sacrificing durability Engineer Lonergan, with the Warren Construction company, is now endeavoring to show those people that the so-called just as good but cheaper classes of paving are not what they are represented to be.

Bearing upon the merits of Tarvia pavement, Lonergan has several letters from officials and others living in towns where Tarvia has been used. The following typical letter was written by a Vancouver man to the Warren company and may throw light on the satisfaction that sort of paving has given in Vancouver.

"I am a property owner on East E street, Vancouver, Wash., on which Tarvia pavement was laid last year. This pavement has disintegrated and is full of chuck holes, showing that there is absolutely no bond, and in my opinion is inferior to a first class water bond macadam street.

"As a pavement this street is an absolute failure, has not been accepted by the city and the majority of the property holders have refused to pay for same, those having paid assessments having in nearly every instance done so under protest.

Chicago, Ill., March 11.—With a great hole in her side, caused by being rammed by ice, the passenger and freight steamer Flora Hill, plying between Chicago and Kenosha, is sinking two miles off this harbor. Thirty one passengers and the crew walked across the ice for a mile and were then rescued by tugs.

SEE END OF STRIKE

Textile Workers and Mill Owners Predict Settlement Wednesday.

Lawrence, Mass., March 11.—Both representatives of the striking textile mill workers and mill owners believe that the strike will come to an end Wednesday. A sub-committee of strikers left today for Boston to hold a conference with President Wood of the American Woolen company and other officials.

President Wood has announced that he will offer increases to the lowest paid workers of twelve per cent and that the wages of the others will be increased on an average of seven per cent.

146 ADDED TO ROLLS OF COMMERCIAL CLUB

Whirlwind Membership Workers Pass Goal Started For.

Continuing their whirlwind membership campaign, the officers and membership committee of the Commercial association Saturday afternoon and this morning brought the number of applicants up to 146, thus increasing the club membership to more than 350, the goal for which they started. Now they will continue their labors until the 400 mark has been reached.

The large number of names being secured and the ease with which they are being secured indicates a renewed interest in the Commercial association and the new administration is jubilant. As President Robinson put it this morning, "A membership of 400 means that we will secure enough money from dues alone to pay all current expenses and have \$200 a month with which to meet the constant demands being made for money."

The new members added to the roster up until noon today follow: S. C. Jordan, John Siebert, F. W. Bond, Frank Griggs, Peter Peterson, Dr. C. J. Whitaker, H. B. Reese, D. A. May, D. S. Rowan, Kyle Long, H. H. Corby, J. R. Adams, Geo. L. Horseman, S. M. Richardson, Fred Book, E. Z. McBroon, Chas. Morrison, Geo. Haw, F. M. Downey, Morn Lee, G. E. Marsh, Wah Ying Chung, Ed R. Strahorn, Ung D. Goey, H. J. Taylor, Aubrey Graham, Wm. Roesch, Jr., J. R. Childreth, John Kearney.

(Continued on Page 8)

Earthquake Recorded.

Washington, March 11.—An unusually heavy earthquake shock was recorded today by the seismograph at Georgetown University. The shock occurred at 5:35 a. m. and lasted twenty five minutes. It was approximately 2,000 miles away.

HOMESTEADERS MUST PERSONALLY INSPECT

Washington, March 11.—The supreme court today decided that homesteaders under the timber and stone act cannot file by proxy, without first personally examining the land. The decision was handed down in the case of Mary Ness, who filed on land near Roseburg, Ore. after having a timber cruiser examine the land and make certification that it was not agricultural land.

MENS RELIGIOUS FORWARD MOVEMENT MEANS CLEANER AND MORE UPRIGHT MANHOOD

For the purpose of completing plans for the Men and Religion Forward Movement convention which will be held here during the latter part of the week, the workers will meet tonight in the city hall. Since the announcement of the spreading of the movement to this city, many questions have been asked regarding its nature and in order to supply the answers to these questions, Supl. J. S. Landers has prepared the following explanation:

T. R. DODGES RECIPROCITY

Explains Attitude In Letter to Leader of Foes of Canadian Treaty.

SAYS IT IS NOW DEAD

Says Discussion Cannot be For Useful Purpose and That Interest of American Farmer Should be Guarded in Future Tariff Changes.

Minneapolis, Minn., March 11.—Colonel Roosevelt has explained his attitude, in regard to Canadian reciprocity, in the current issue of the North Western Agriculturist, whose editor led the protesting farmers of this state against the treaty.

Colonel Roosevelt's letter says: "Dear Mr. Collins (the editor)—You are welcome to make this letter public. The reciprocity treaty is now dead. No useful purpose can be served by discussing it.

"In any future attempts by a reciprocity treaty or otherwise, to bring about a rearrangement of the tariff, there must be no discrimination against the farmer and no effort to make him pay the entire burden of reduction should be made.

"His interests must be given consideration and the same care as the interests of other American citizens. "The welfare of the farmer, like the wage worker, is vital to our general welfare and no tariff system is proper that does not recognize, as a fundamental necessity, the need of caring for the welfare of both the wage worker and the farmer."

U. S. CHIEF JUSTICE CENSURES ASSOCIATES

Washington, March 11.—What Chief Justice White of the United States supreme court today branded as a "far reaching and dangerous doctrine" was delivered today by the United States supreme court when it dealt a severe blow to "cut rate" stores by holding that the sale or use of patented articles, contrary to license restrictions prescribed by the patentee, is an infringement of the patent.

Justice Lamar as well as Chief Justice White dissented to the majority opinion, which was delivered by Justice Lurton. The court ruled that "patents are statutory monopoly and congress alone is empowered to change the law limiting the patentee's rights.

Chief Justice White said: "The majority opinion curtails the right of society."

Wilson First in California. San Francisco, March 11.—Supporters of Woodrow Wilson were first in the field in California to complete their petition which will place Wilson delegates on the presidential preference primary ticket. The petitions will soon be filed at Sacramento.

With all denominations and all orders of men working together wonderful results can be obtained. The movement advocates the religion of helping one's brother. It is the religion of social service. There is no room in the movement for the discussion of dogma or creed, but it does not take away any man's faith and belief. The largeness of the movement appeals to men of red blood. It is not a work for weaklings. It enlists men, real men, who are not afraid of odds and who are in the habit of winning in what they attempt.
