What the New Trimmings Are Like

In this small space we will attempt to give you an idea of the beautiful new trimmings that will be used this season.

Dame Fashion is a fickle mistress, and this season her imagination has run riot—for we see the heaviest of heavy trimmings as well as the sheerest and softest laces and nets—both of which are equally fashionable.

—Deliciously soft, fine shadow laces in all widths and deep flouncings, white.

—Real princess laces that defy description in many handsome patterns. Bands and edgings.

—Flat Venise laces, exact duplicate of the real, 2 and 10 inches wide. Deep ecru and white.

—Colored head bands that shine and glisten in a wonderful manner when used on a colored fabric.

—Crochet ball trimmings, both large and small.

—Fringed Venise laces that are very novel.

—Macrame trimmings in ecru and white—unlimited assortment.

—As a rule trimmings as elegant as these are beyond the average woman's purse—not so this season, for the very finest can be had at a reasonable price.

WOODROW WILSON'S PETITION FILED

Salem, Ore., March 11.—Woodrow Wilson's petition as a candidate for president at the Democratic primaries, was filed by Paul S. Seeley of Portland, who has taken an active interest in placing the name of the New Jersey governor before the democratic voters. The completed petition contains approximately 1475 names, drawn from 16 counties in Oregon. The circulators were in the field about 10 days, and the result is regarded as gratifying, considering the small democratic registration and the corresponding effect required in obtaining signatures. Wilson is the first of the democratic candidates to be officially placed in the race and by filing today his supporters will be able to take space in the state's official pamphlet, Record as Governor. They will take a page in that document, setting forth Wilson's record as governor of New Jersey, and a re-

view of the principles for which he stands in national affairs. Among those who assisted in circulating the Wilson petition in different parts of the state were L. M. Travis of Eugene, James E. Godfrey of Salem, Mark Holmes of Rickreall, Robert G. Smith of Grants Pass, Claude C. McCulloch of Baker City, Victor P. Moses of Corvallis, Gilbert Hedges of Oregon City, George D. Culbertson of Hood River, W. H. Cannon of Medford, Will M. Peterson of Pendleton, John M. Wall of Hillsboro, H. B. Rummell of McMinnville, W. B. Dillard of St. Helens, O. W. Peterson of Newport, T. W. Todd of Tillamook and Will R. King, R. W. Montague, H. M. Esterly, Alfred A. Hampson, Samuel White, R. B. White and others of Portland. 700 Names from Multnomah. Over 700 signatures were secured in Multnomah county. From Baker there are 42, Benton 67, Clackamas 33, Columbia 33, Hood River 22, Jackson 64, Josephine 7, Lane 62, Lincoln 28, Marion 59, Polk 68, Tillamook 22, Umatilla 193, Washington 41 and Yamhill 46. Circulators of the Wilson petitions report they received much encouragement, and felt confident that a large majority of their signers will vote

for the Jerseyman at the primaries. Petitions for Champ Clark and Judson Harmon are still in circulation and will be filed later. Thomas McCusker went to Salem to file the La Follette nomination, so that he will be in time to take space in the state pamphlet for the Wisconsin candidate. He had over 1200 names on his petition, representing 10 counties. The Taft and Roosevelt petitions had previously been filed. EXPLOSION KILLS J. MARTIN AT TROY Big Eight Mine Employee Is Crushed and Mangled by Dynamite Blast. Troy, Mont.—Judson Martin was fatally injured at the Big Eight mine while lighting a series of powder charges. One of the charges exploded before the man could escape. He was discovered by his employer, J. C. McCaffery, an hour after the accident, with both of his legs mangled and his body crushed, but still conscious. Mr. McCaffery secured assistance from town, eight miles distant, but when he returned with men and a stretcher Martin was dying and expired shortly afterward.

UNITED STATES GOVERNMENT BACKING A SKIN GAME

Washington.—Uncle Sam is backing a "skin game," the department of agriculture announced today. Raising skunk skins on exclusive "farms" is suggested by the government in a bulletin boosting the "back to the farm" movement. It says there is a profit in black skunk skins.

"Skunk" is the official name given by the department. It eschews "polecat" and "striped kitty" in telling how to be a boss skunk farmer. How to make a most odorless success in skunk farming is explained in detail in the official bulletin. It says "antipathy of neighbors" has caused failure in raising skunks in the past.

The department only neglects to tell what uniform a skunk farmer should wear and what he should do with his clothes after raising his crop of skunks.

Skunks are natural cannibals, the department experts say. So skunk farmers are advised to feed the animals meat, and also green corn, clover, bread and tomatoes. Salt should not be given the skunks.

Every 50 skunks should have an acre of ground, the department bulletin avers. The farm should also be isolated far from neighbors. Wire netting should fence the farm and be buried underground several feet, with a "hang over" of wire on top to prevent the animals escaping by digging out or crawling over.

ORATORICAL CONTEST WON BY U. OF O. MAN

Pacific University, Forest Grove, Ore., March 11.—In the annual contest of the Oregon intercollegiate association of the colleges of the state, David C. Pickett, of the University of Oregon won first place. For second place Harry G. McCain of Willamette and R. B. Culver of McMinnville were a very close race, McCain winning by a small margin. Miss Lorraine Johnson of the Oregon state normal at Monmouth displayed good thought and choice in subject matter, and good spirit in her oration, entitled "The Cry of the Children." The next speaker, Miss Lucile Davis of Pacific college, Newberg, although weak in her composition, showed enthusiasm in her speech, "Mission of America."

Pickett, although not so strong in delivery, was picked for first place in composition, thus giving him the coveted honor by several points. His subject, "A Modern Paradox," was almost perfect in arrangement and thought, and his delivery was persuasive and full of ease. He also showed exceptional spirit over the other contestant, Leslie Lacey of Albany college, followed with "The Mormon Menace." Raymond Culver of McMinnville college, perhaps ran the best race for first place, because of his excellent delivery, at all times having his audience with him. Had his composition not been slightly undervalued, he would probably have secured first place. His oration was entitled "New Statesmen." Marion Taylor of Pacific university followed with "Our Nation That is to Be." H. C. Hetzel of Oregon agricultural college gave an oration entitled "Duty of the Industrial College Student." Harry G. McCain of Willamette, the last speaker, received a good place, due to his experience in oratory, both in pleasing address and well chosen composition. His oration was entitled "Ideals of Citizenship."

After the contest, the annual banquet tendered to delegates was held in the Methodist church, 125 guests being present. Professor Lester B. Shippee of Pacific university, was toastmaster. The following toasts were given: "Statesmen No. One," Claude Lewis, Pacific college; "The Referendum," Chester Moores, University of Oregon; "An Initiative Petition," Miss Amy Olmstead, Albany; "Redress of Grievances," E. S. Hurkett, McMinnville; "Hy Policies," A. F. Eschricht, Oregon Agricultural college; "A Recall," Miss Michelson, Monmouth; "A Bill of Appropriations," I. G. McDaniel, Willamette; "Adjustment," L. L. Hope, Pacific.

At the business meeting of delegates O. C. Hadley of Pacific college was elected president of the association for next year. A. R. Hodge of Albany, treasurer, and Holman B. Ferrin of Pacific university, secretary. The next contest is to be at Newberg, under the auspices of Pacific college.

Can there be any stronger proof offered than the evidence of Pendleton residents. After you have read the following, quietly answer the question.

Mrs. E. J. Meiners, 501 Lewis street, Pendleton, Oregon, says: "About two years ago a cold settled on my kidneys and caused backache and pains through my loins. I felt lame and sore and any movement such as stooping or lifting was accompanied by sharp twinges. While I was suffering in this way, Doan's Kidney Pills were brought to my attention and I procured a box at the Pendleton Drug Co. They gave me relief at once and I had not used them long before my trouble was entirely removed. I know that this remedy is one of great merit and consequently I do not hesitate to recommend it." (Statement on October 19, 1905.)

Time Is the Test. Mrs. Meiners was interviewed on May 17, 1910, and she said: "I still hold Doan's Kidney Pills in high esteem and I am pleased to again say a good word for them. I have taken this preparation recently and it has done good work." For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Boston.—The state should assist poor young men to marry between the ages of 21 and 25, in the opinion of Professor William F. Boos of the Massachusetts General Hospital. Speaking before the Twentieth Century Club, he said: "Early marriages are calculated to raise the standard of morality. Young men should be aided financially in marrying early if they cannot without aid undertake the responsibility."
