

TO FIND ALASKA CANADA BOUNDARY

Seattle, Wash., March 11.—Captain Amundsen in his dash to the south pole was not more carefully equipped for his undertaking than a party of seven United States surveyors which is about to leave Seattle to mark the Alaska-Canada boundary through the Natsahat mountains, between Skolai pass and Mount St. Elias, 80 miles.

Amundsen could choose his route, but the boundary surveyors must proceed due south along the 141st meridian of longitude, regardless of glaciers and mountain summits. If the line leads over a peak 14,000 feet high they must climb the peak.

Asa C. W. Baldwin, leader of the Alaska expedition said: "From Cordova we shall take the Copper River railroad to its terminus at Kennecott, and then with horse sledges cover the 150 miles to the summit of Skolai pass, which is filled with glacier ice. The summit is 5000 feet high and is the international boundary.

"In 1905 we completed the work to the south as far as we could go.

GRAY HAIR MAKES YOU LOOK OLD

Gray hair is a mark of age, and nothing that can be said as to its beauty will offset the disadvantages of this mark of age set upon your brow.

Wyeth's Sage and Sulphur Hair Remedy darkens the hair and restores it to its youthful beauty. Our grandmothers and their grandmothers before them used sage and sulphur for darkening their hair. Nothing has ever been found more effective for this purpose than these two time honored remedies, but Wyeth, a modern chemist, has combined the two with other ingredients, which makes a delightful dressing for the hair, and which not only removes every trace of dandruff but promotes the growth of the hair. It also stops the hair from falling out, and makes it beautiful.

All druggists are authorized to refund the money if it fails to do exactly as represented.

Don't neglect your hair and don't resort to old-time hair dyes. Get a bottle of Wyeth's Sage and Sulphur from your druggist today and notice the difference in your hair after a few days' use.

This preparation is offered to the public at fifty cents a bottle and is recommended and sold by special agent, Pendleton Drug Co.

The Natsahat range of mountains, 14,000 feet high, completely blocked further work in that direction. From the Natsahat range south to Mount St. Elias are the ice and snow fields we shall now attempt to conquer. "Every ounce of superfluous weight has been eliminated. Our alpenstocks are so constructed that at night they can be joined together for tent poles. We have mosquito-proof tents, sleeping bags and low-heat cookers. We carry evaporated fruits and vegetables, dried meats and desiccated eggs. The glaciers over which we shall travel have never been trodden by the foot of man."

NEW PRESBYTERIAN CHURCH, STANFIELD

MEMBERS VOLUNTARILY SUBSCRIBE TO FUND

Orchardists Take Another Step Toward Taking Up Dairying in Connection With Fruit Raising—Swings Installed at School.

(Special Correspondence.)

Stanfield, March 11.—On Friday evening the members of Hope Presbyterian church gave a free entertainment and social which was well attended. During the evening the question of building a new church was informally discussed and as an expression of feeling a large proportion of those present voluntarily subscribed to the building fund. The amount subscribed was so liberal that it was decided to go ahead with the enterprise as quickly as possible. The following numbers made up a very enjoyable program: Music, Prof. Carruth's Stanfield orchestra; readings, Mr. J. H. Norton and Miss Alice Pratt; piano solos, Prof. Sidney Archer; vocal solo, Mrs. E. N. Wheeler; address, Rev. James Faucett.

Women's Club Meets. The Woman's Study club held its regular semi-monthly meeting at the home of Mrs. Wheeler Thursday afternoon. Mrs. G. L. Dunning read a paper on the subject of "Fishes," and Mrs. J. E. Faucett also read a paper, taking as her topic "Our Public School Question."

Dairying Interests Orchardists. There was a meeting here Thursday evening of the committee recently appointed by the Stanfield Fruit Growers' association and the subject of organizing a dairymen's association was discussed. It was decided to form an organization separate from the Fruit Growers' association. As there is a good deal of interest in dairying in this vicinity it is expected that there will be quite a large number of cows brought in shortly and with the unsurpassed conditions prevailing here there is no doubt that in the not very distant future the dairying industry will grow to a considerable magnitude. There will be another meeting soon for the purpose of

deciding upon the breed of cows to be used, it being the intention to unite upon one kind.

Swings for School.

Under the direction of Prof. F. D. Carruth, swings are being erected on the school grounds which will be greatly enjoyed by the children.

The school board has recently made an allowance for material to be used in the primary grades in a variety of manual work, consisting of drawing, paper folding, weaving and modeling. Mrs. H. A. Townsend and two children, have arrived from Fargo, N. D., and will remain here during the summer looking after the development of her orchard tract in the Furnish project.

Mrs. A. E. Kessler has arrived from Portland and joined her husband, who has recently taken charge of the Stanfield barber shop. They are moving into the cottage which Glen Richards has just completed.

Rev. F. Butler was here yesterday in the interest of the Catholic church and held morning services in the home of John F. Bagan.

Contractor H. E. Allen went to Portland Wednesday to attend to business for a few days.

Mrs. Mary L. Appleby, who has been visiting her daughter, Mrs. Schiesser at Sunnyside, Wash., has returned and joined her daughter, Mrs. J. H. Norton.

W. J. Furnish and E. P. Marshall were here yesterday looking after business matters of the Inland Irrigation company.

Mrs. Anna Young of Echo, has been visiting her daughter, Mrs. Frank Sloan.

Engineer E. Severance was in Pendleton Wednesday on business connected with the preliminary work now in progress, surveying the new Hoskins irrigation project east of Stanfield.

Mr. and Mrs. G. L. Hurd and daughter Blanche, were Pendleton visitors Wednesday.

W. T. Reeves and Rev. James E. Faucett were at Hermiston Thursday attending the Sunday school convention.

Frank Sloan and daughter Rachael returned yesterday from Portland, where they were visiting for a few days.

W. H. Shure, an attorney of Fargo, N. D., is here visiting P. H. Buchholz.

Chas. W. Connor, the contractor,

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, announced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J. CHENEY & Co., Toledo, Ohio. Sold by Druggists, 75c. Take Hall's Family Pills for constipation.

has been in Pendleton the past few days putting the finishing touches on the sewer contract which he is just completing there.

R. N. Stanfield returned yesterday from a business trip to Portland.

Frank Roberts of Portland has been visiting here the past few days.

Mrs. F. R. Stuart and Mrs. C. W. Carmen were enjoying themselves at Pendleton Saturday.

J. R. Ewing of Portland was transacting business here Thursday.

E. N. Wheeler returned yesterday from a business trip to Portland.

Assist Nature. There are times when you should assist nature. It is now undertaking to cleanse your system—if you will take Hood's Sarsaparilla the undertaking will be successful. This great medicine purifies and builds up as nothing else does.

Wanted—Performers for wild west show, both male and female, consisting of bucking and fancy horse riders, ropers, etc. Answer quick, to Cooper Bros., 457 State street, Salem, Oregon.

WOMAN THWARTS JAIL PLOT.

With Rifle She Prevents Escape of Men Who Overpowered Jailor.

Dawson, Ga.—After her husband, the jailer of Terrill county, had been beaten and robbed of his keys by prisoners, Mrs. Slade, a bride of a few months, prevented a general escape. Alone in the jail with a score

of desperate men, she seized a rifle and dared the men to walk out. Her cries for aid attracted citizens, who drove the prisoners into cells after

shooting two of them. One man, however, escaped.
