

# Pretty Mothers

Health is the foundation of all good looks. The wise woman realizes this and takes precautions to preserve her health and strength through the period of child bearing. She remains a pretty mother by avoiding as far as possible the suffering and dangers of such occasions. This every woman may do through the use of Mother's Friend, a remedy that has been so long in use, and accomplished so much good, that it is in no sense an experiment, but a preparation which always produces the best results. It is for external application and so penetrating in its nature as to thoroughly lubricate every muscle, nerve and tendon involved during the period before baby comes. It aids nature by expanding the skin and tissues, relieves tenderness and soreness, and perfectly prepares the system for natural and safe motherhood. Mother's Friend has been used and endorsed by thousands of mothers, and its use will prove a comfort and benefit to any woman in need of such a remedy. Mother's Friend is sold at drug stores. Write for free book for expectant mothers, which contains much valuable information.

## CATTLE TRADE IS SLOW AT PORTLAND

**KILLERS HAVE MORE ON HAND THAN THEY NEED**

Contract Staff Only Brings Good Prices—Hog Market Remains Very Good With Limited Receipts—Sheep Good—Wheat Losses.

(From Monday's Journal.)

Most of the cattle that came forward at North Portland showed a neglected demand. Killers were very slow in coming forward to clean up the yards because all of them had more stuff than they needed for immediate requirements.

By the trade in general no real business in the cattle division is expected until after the stock show next Monday and even then it is a question whether the requirements of killers will be any greater than they are today.

The Portland market has been a stumbling mark for cattle during the entire season. Stock has been neglected here a good portion of the time, although at intervals strength has predominated.

Some Montana cattle were offering to the trade today, shipment being in this direction instead of toward the east, owing to the unseasonable weather there.

**Contract Cattle Come Forward.**

Quite a bunch of contract cattle came forward to the North Portland yards today. Two loads were purchased some time ago at \$6.55. This stock came from Pomeroy and was shipped forward by W. I. Dishman, the well known local handler. The cattle have been fed since October and were in excellent condition.

Some stock that was not contracted brought \$6.45 for tops, but only one load went at this figure. Generally speaking, the market for tops was no higher than \$6.40 today, anything bringing more than this being simply the result of that much better quality and for which a premium over the regular market is available.

The market for the stuff was in better shape than for steers, tops bringing \$5.65 this morning. One load sold at this figure during the day's trading.

**Small Butchers Take Hold.**

Most of the sales of cattle at North Portland today were for the account of smaller operators. With the big killers well fortified with high priced stock they did not care to enter the market. If they did only lower prices would have resulted—and this is not what these interests want at present.

**North Portland cattle prices:**  
Heavy fancy steers ..... \$6.35@6.45  
Choice steers ..... 6.25

### Hog Market Remains Good.

There remains a very good tone in the hog market at North Portland for the day. Run was limited and consisted of but 215 head, compared with 1127 last Monday. The smaller showing today would seem to signify that little stuff is now in marketable condition. As the demands of the trade are good and have been in such condition for some time, ranchers are selling whenever opportunity presents. Sales were made at an advance of 5c for best.

### Sheep Market Very Good.

While practically the only arrivals in the mutton division consisted of contract sheep and lambs which sold at \$5.25 for wool wethers and \$4.60 for ewes, the market continues in very good shape. The stock that arrived this morning went direct to a local meat company, and therefore prices were not given a test.

### SEE ILLEGAL MEDICAL PRACTICE

Baker, Ore.—A warrant was sworn out for the arrest of Dr. E. D. Standard for the alleged practice of medicine without a license at Eagle Valley. The complaint was made by Dr. F. G. Hewitt and Frederick Wilson of that place. It is claimed by them that Standard has been practicing medicine since last November without a license and had stated that if he did not pass the state examination before the Oregon board he would quit and they allege that he failed to do this, but continues practicing. Numerous letters have been received by the district attorney in regard to the matter, some of them lauding Dr. Standard, while others hold that he is incompetent. Some assert that professional jealousy is at the bottom of the complaint.
