## STANFIELD STUDENTS MAY TRY GARDENING

O. A. C. PROFESSOR LECTURES AND CREATES INTEREST

If Merchants Will Offer Prizes, Children Will Grow Vegetables to Exhibit at District and State Fairs—Committee Is Busy.

(Special Correspondence.)  
Stanfield, March 13.—A lecture was given in Stanfield Monday evening by N. C. Maris, field assistant of the extension department of Oregon agricultural college on the subject of gardening in connection with the public schools. The talk was listened to with great attention by the large number present and including many school children, among whom a good deal of enthusiasm was aroused which will no doubt result in much interest being taken in the subject. The plan is to have the pupils of public schools grow vegetables, etc., to exhibit for competition at the district fair and also at the state fair at Salem. There is also likely to be several local displays brought together to compete for prizes provided that sufficient interest in the plan is evinced by the merchants and others in the matter of contributing prizes. This feature is now being investigated by a committee that has been appointed at the suggestion of Mr. Maris, whose lecture was supplemented by a very interesting talk from Prof. F. K. Welles, county superintendent of schools. Prof. Welles called particular attention to the prizes to be offered for products grown by the school children.

Geo. E. Tonkin, district school supervisor of Pilot Rock, was a Stanfield visitor Monday.

E. E. Lewis of Echo was transacting business here Monday.

Ralph A. Holte, cashier of the Bank or Stanfield, was looking after business interests at Pendleton Monday.

Frank K. Welles, county school superintendent, was a visitor in the Stanfield schools Monday.

Mrs. E. S. Severance and her father, Mr. Rippey, were Echo visitors Monday.

Contractor Chas. W. Connor returned from a business trip to Pendleton.

### To Break Up Cold

Some Advice That Will Save Time and Money.

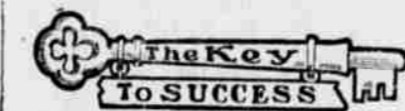

Strong drink and quinine may relieve a cold, but it usually does more harm than good.

To break up a hard cold in either head or chest thousands are using this sensible treatment.

First of all look after your bowels; if they need attention use any reliable cathartic. Then pour a scant teaspoonful of HYOMEI into a bowl of boiling water, cover head and bowl with a towel and breathe for 5 or 10 minutes the pleasant, soothing, healing vapor.

Do this just before going to bed; your head will feel fine and clear and you will awake from a refreshing sleep minus a cold in the morning.

For colds, coughs, catarrh, asthma and croup HYOMEI is guaranteed. A fifty cent bottle is all you need to break up a cold and this can be obtained at Tallman & Co. and druggists everywhere.
