ALEXANDER'S DEPARTMENT STORE

SETTLERS MAY HAVE TO ACCEPT SCALE

PROPOSED AMENDMENT TOO LATE FOR ACTION

May However Be Taken Up Later and Reclamation Service Proposition Be in Force Only Temporarily—Election Last of Month.

(Special Correspondence.)
Hermiston, Ore., March 13.—The following letter will be of interest to the settlers on the Umatilla irrigation project. This letter was received by George H. Uptegrove, secretary of the Umatilla River Water Users' association at Hermiston:
"Replying to your telegram of the 4th inst., you are advised that on March 2nd, 1912, the Acting Secretary of the Interior issued a public notice for the Umatilla project, allowing delinquent water right users until two months from the date of the public notice to make payment of overdue charges and continue under the provisions of prior public notices. Copies of this public notice have been mailed to you under separate cover and you are directed to await the expiration of the period of two months from the date of said notice before making any report to this office of cases where payment of overdue charges has not been made, and you will then report separately the action

on each case as to the payment of charges of the acceptance of the proposed provisions of the new public notice."
(Signed.) S. V. PROFIT, Assistant Commissioner.

As this notice was issued on March 4th and the meeting of the stockholders was held on March 4th, it may be that the settlers will have to accept the scale as proposed by the government, until the same can be amended. This scale will make the delinquent payment \$2 per acre instead of \$6 per acre. The report of the stockholders' meeting was reported at once but not in time to stop this public notice, and it is taken for granted that the scale as proposed by the government for the graduation of the water right payments will be included in this public notice. This, however, the stockholders can have amended before the next water right payment is due. At an adjourned meeting of the board of directors of the association, the board extended all payments of assessment until after April 1, 1912. This will allow every stockholder to vote at the annual meeting which will be held March 30th at the Skinner hall at 2 o'clock p. m. At this meeting will occur the election of the board of directors for the ensuing year.

AT THE PICTURE SHOWS

Orpheum.
An exceptionally good program for Tuesday's change. Four full reels of the best pictures.
"Where the Money Went." Vitagraph. To surprise his wife on her birthday, a young husband draws their savings from the bank to purchase a home and in the course of the business transaction becomes friendly with the family of a real estate man who gives him a family photo, which with the withdrawal of the money, when learned by the wife, arouses her jealousy and starts interesting complications.
"For Mass's Sake." Pathé. The faithful negro, who with eight other slaves are freed by their master on his deathbed, sells himself back into slavery to pay off the debts of his master's son who has squandered the fortune left him by his father. Going west the young man makes another fortune, returns and again buys the freedom of the negro.
"Alias Billy Sargeant." Essanay. The wife through forgetfulness saves her husband, a jeweler, from the clutches of a robber who represents himself to be a jewel broker and makes a date with the husband, through the wife.
"Love vs. Strategy." Rival in business as well as love, a clerk in one construction firm plots to have a clerk in another similar company kidnapped, and beating him in business and also for the hand of the daughter of the head of the firm employing his intended victim. The young lady, herself frustrates the plot, in a clever manner.

The Pastime.
The home of good pictures. Tuesday's change of program.
"Fad in His Own Coin." Lubin. This is a very strong story. Marguerite Moreland, a young society girl, meets with a sad accident by a railroad train striking her automobile. The gate to the track being open it is clearly a case of fault on the part of the railroad company. A suit is brought and the railroad attorney wins out against the young lady by a cruel trick. Marguerite is sent abroad for permanent cure. On her return she is a gorgeous creature and the lawyer falls desperately in love with her. She encourages him only to break his heart. She gets her revenge and marries her fiancé, Herbert Hammersley.

"Widow Jenkins' Admirers." Essanay. A big Snakeville comedy with the always funny "Alkali Ike," "Mustang Pete" and the other Essanay laugh producers.
"By Way of Mrs. Browning." Vitagraph. Read and learn how a young lady made up with her sweetheart, by quoting apt words from Mrs. Browning's poem. She sets herself right after she had wrongfully suspected him of being false to her and learns he was only doing his duty as a physician.
"The Russian Peasant." Kalem. This artistic presentation of life in the land of the czar is founded on personal observation of an incident that occurred recently near Warsaw.

Wednesday and Thursday a strong sociological drama that grips. The rest of the bill is comedy.
"The Blood of the Poor." Champion. This story depicts a harrowing phase of human life, a result of our present economic conditions and struggle of the very poor to live. The contrast between the rich and poor is seen.
"Love and Lemons." American. Western story that introduces the audience to some things they never saw before, the picking and shipping of lemons which is cleverly worked into a clever story of a brand new way of winning a girl.
"Faming a Husband." Majestic. A delightful comedy of what happened to a fault-finding hubby, who thought he could cook. He got his stenographer to get dinner while wife and mother-in-law were out, claiming he was the one who cooked it. He was found out and got nicely tamed when he came out of the kitchen.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, announced it incurable. Science has proven Catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by E. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: E. J. GRANDMOTHERS USED SAGE TEA

It is easier to preserve the color of the hair than to restore it, although it is possible to do both. Our grandmothers understood the secret. They made a "sage tea," and their dark, glossy hair long after middle life was due to this fact. Our mothers have gray hairs before they are fifty, but they are beginning to appreciate the wisdom of our grandmothers in using "sage tea" for their hair and are fast following suit.
The present generation has the advantage of the past in that it can get a ready-to-use preparation called Wyeth's Sage and Sulphur Hair Remedy. As a scalp tonic and color restorer this preparation is vastly superior to the ordinary "sage tea" made by our grandmothers.
This remedy is sold under guarantee that the money will be refunded if it fails to do exactly as represented. If your hair is losing color or coming out, start using Wyeth's Sage and Sulphur today and see what a change it will make in a few days' time.
This preparation is offered to the public at fifty cents a bottle and is recommended and sold by special agent, Pendleton Drug Co.

Save Your Carpets Keep a Dustless Home

It is hard on your carpets to sweep them with a stiff broom or a carpet sweeper. They tear and injure the nap of the carpet more by one sweeping than walking over it a month would.
Beating a carpet on a line is ruinous too. It breaks the warp, takes the natural stiffness out and causes it to wear out much quicker than it should.
If you run over your carpets and rugs every day or two with a DOMESTIC VACUUM CLEANER (runs like a carpet sweeper) you will keep them as clean as your table linen every day and you will never have to take them up off the floor. Not only this, but you will add many months and years to their life. Think of the saving in money, time and hard work it will mean to you.
The DOMESTIC rolls over the floor and sucks up the dirt without the slightest wear to the carpet—no brushes—no bristles—just a strong blast of air rushing through your carpet up into the cleaner carrying all the dust, dirt, moths and microbes with it and not one particle of the dust escapes from the cleaner to settle again in the room as it does with the old fashioned methods.
It keeps the nap raised, making the carpet soft to walk upon and the original colors are kept bright and fresh as new.
Thousands of housewives who are now using DOMESTICS are enthusiastic in their praise of them and would not part with them at any cost. Call and see them. There is nothing to get out of order—nothing to wear out.
